ROCK HALL FERRY

Elsewhere in the News is an account of a visit by Rock Hall residents to Baltimore in the interests of the Ferry. A State road to Gratitude is one of the first needs and in justice to lower Kent it should be the first road built.

Enterprising citizens of Baltimore and the Eastern Shore behind the ferry service between Bay Shore and Rock Hall, Kent county, are pushing the project and are determined to make it a success. The enterprise has been started at an outlay of $350,000. Piers have been acquired at Bay Shore and terminals at Rock Hall. Two ferry steamers have been bought by Harry Wolf and turned over to the company and renamed the Baltimore and the Eastern Shore. They are double-enders and of the same type as the ferry boats that ply between Jersey City and New York. The company is known as the Baltimore and Eastern Shore Ferry Line, Inc.

The route is partly that of the bridge across the Chesapeake, the construction of which has been urged from time to time. With the establishment of the ferry the needs of the bridge will be met to a large extent. By the ferry service Upper Eastern Shore truckers can haul their produce direct to Baltimore. The Middle man and the market stalls are thus avoided. Baltimore, on the other hand, will be greatly benefitted by the extension of the territory from which vegetables, poultry, eggs, milk, butter and other farm products will be drawn. By the service much of the produce of the Shore, which now goes to Philadelphia, will be diverted to Baltimore, while Baltimore merchants will find an enlarged zone for the commodities which in the past have been sold by Philadelphia houses.

Maryland has long recognized the need of closer trade and other relations between Baltimore and the peninsula, relations which can be established only by quick and adequate transportation facilities. Seventy years ago the Legislature appropriated $300,000 as a contribution to the cost of construction of a railroad down the Shore, to be exclusively within the State from Elkton. The war between the states delayed construction. Before work could be resumed a road was built through Delaware, finding its terminus at Philadelphia. The loss to Baltimore has been irreparable. The road as orginally projected was designed to have its main terminus in Baltimore.

Still recognizing the need of the closer relations between Baltimore and the Eastern Shore the State has granted an annual subsidy of $9,500.

Major Samuel A. Tubman, the vice president and general manager of the company, served in the capacity of rail transportation officer for Pennsylvania, Maryland and Virginia during the recent war. The United States government will attest to the success of the operation of his department and the character of the organization which handled the transportation of thousands of men and millions of dollars of war materials. Prior to his entrance in the Army, Major Tubman was the general freight agent for the Merchants and Miners' Transportation Company, having had 25 years' experience in steamship business.

The company will begin operation with a personal of tried and experienced ferryboat captains and engineers of recognized ability in their respective lines. The board of directors includes representatives of well-known local interests who have carefully studied the possibility of this project and have become financially interested therein.

GOV. COX WANTS BOOZE OMITTED FROM PLATFORM

Gov. Cox, of Ohio, and his managers have their way there will be no mention of prohibition in the Democratic platform.

The governor personally takes the stand that it would be his duty to enforce the law however he may find it, and that if the people as a whole realy desire liberalization of the prohibition law they would so express themselves in the election of a wet Congress, thus carrying their mandate to the Executive.

ORDER OF PUBLICATION

Hester Boyer vs. Charles Boyer.

In the Circuit Court for Kent County, In Equity. No. 2096.

The object of the Bill filed in the above entitled case is to procure a Divorce, "a vinculo Matrimonii" for the Plaintiff, a resident of Kent county, Maryland, from the Defendant.

The Bill States:

1st. That on or about the ——day of January, 1907, she was married to Chas. Boyer, at Still Pond, Kent county, Maryland, by the Rev. Johnson, a Minister of the Gospel, and she resided with her husband, the said Charles Boyer, until on or about May 5th, 1915.

2nd. That no children were born to the said Hester Boyer and Charles Boyer.

3rd. That although the conduct of your Oratrix towards her husband, the said Charles Boyer, has always been kind, affectionate and above reproach, the said Charles Boyer, abused, ill-treated, and failed to properly provide the necessities of life for your Oratrix, with the result that your Oratrix was compelled to leave the said Charles Boyer and earn her own livelihood, and that said enforced abandonment has continued uninterruptedly since May 5th, 1915, is deliberate and final and the separation of the parties beyond any reasonable expectation of reconciliation.

4th. That ever since their said marriage your Oratrix has behaved herself as a faithful and affectionate wife towards the said Charles Boyer.

5th. That the said Charles Boyer, at divers times and places has committed the crime of adultry in Kent county, Maryland, with persons unknown to your Oratrix and that your Oratrix has not lived or co-habited with him since she discovered the said adultries.

6th. That your Oratrix is a resident of Kent county, State of Maryland, and has been such for many years, but, in order to earn her livelihood, she has been compelled, at times, to seek service out of the State and she is now employed at service in the District of Columbia, although her home and actual residence is in Kent county, Maryland.

7th. Your Oratrix, avers that she has not seen the said Charles Boyer since the spring of 1915, and does not actually know where he is at present living, although she has made diligent search and inquiry among all of his relatives in the State of Maryland, but has not been able to locate him, she believes therefore that he is a non-resident of the State of Maryland, but is unable to state where he actually lives.

It is thereupon this 23rd day of June A. D. 1920, ordered by the Circuit Court of Kent County in Equity, that the plaintiff by causing a copy of this order to be inserted in some newspaper, published in said Kent County, once in each of four successive weeks before the 26th day of July next, giving notice to the said Chas. Boyer, non-resident Defendant, warning him to appear in this Court in person or by Solicitor on or before the 11th day of August next, to show cause, if any he has why a decree ought not to be passed as prayed.
