THE M. MEGARY & SON CO.

Are YOU Going to Buy New Home Furnishings?

Consider well, then, the advantages offered by the Megary August Sale.

It offers first of all our immense stock with a wide range of style and prices to choose from.

It offers merchandise of the quality that has made the name of Megary equivalent to the mark "Sterling."

It offers this stock at prices less than usual—at discounts, the lowest of which is 10% and in some cases 50%.

But there is something else that makes the Megary sale different.

Away back, more than fifty years ago, the firm of Megary & Son was started, practically on its present site.

Steadily, year after year, it grew—grew in the size of its home and its stock and the number of its customers.

And, more important, it grew steadily in the CONFIDENCE of its customers.

That confidence, that faith that our friends have in us is an intangible, invisible thing, but it is our biggest and our most cherished asset.

It is this confidence that brings our customers back year after year.

It is this faith that leads them to send their children and their friends here.

It is this confidence that leads them to take advantage of the August Sale.

It is this confidence that has MADE the firm of Megary.

Therefore, if you need new furnishings, whether it be an odd chair or a rug or a pair of curtains or perhaps an entire outfit now—this month—is the time to get them.

And HERE is the place!

May we expect you SOON?

We deliver by auto to Chestertown, Md.

DODGE BROTHERS ROADSTER

Its economy is practically expressed in its low gasoline consumption, its high tire mileage, and the infrequency of repairs.

It is further expressed in the durability of its finish, which seldom requires more than a thorough cleaning to bring its original lustre.

It will pay to visit us and examine this car.

NEGROES THREATEN TO BOLT

Resolutions were passed by a conference of Negro churches and Sunday schools in Baltimore, recently, urging the voters of the race to solidly support the Republican national ticket, but to act independently in voting for United States Senators and Representatives in Congress in November. The latter section of the resolution, it is explained, is intended as a reprisal for the failure of the white voters to grant the colored men the recognition they have demanded and insist is due them.

It is apparent to everybody else but the Negroes themselves that so long as they vote solidly for the Republican party, or for any other party, they will never obtain any recognition worth mentioning. The action of this body of ministers, however, shows what a problem the Republicans have in the Negro vote. For years the G. O. P. leaders have been able to meet the expectations of the black voters with "glad hand" shakes, with generous and with a slight loosening of the purse strings before their ballots were cast.

In the last two or three years these conditions have changed, and the Negro is insistent that he be granted "recognition," as he puts it, which, translated, means public office. He is wearied with promises intended only to be broken or with jobs that called for menial manual labor, and he is becoming louder and morevehement in his demand for other than the crusts of the bread and the few small fishes.

The Republican leaders in Baltimore are a bit disconcerted over the situation. They can perceive that to give the Negroes nominations to the offices they seek would drive many white voters from the party ranks, when they would be worse off than they are at present.

It may be, though, the Maryland leaders are unduly disturbed, for unless the Negro voter in Maryland is different from his kind here, he will not desert his party standard under any provocation. To vote the Republican ticket has become a habit with the colored man and one that he is not likely to break from, despite the fact that he is ignored by his party friends and associates.—Every Evening.

BASE BALL NOTES

The Dover State News in noting base ball says, "Chestertown is supposed to have the fastest team on the peninsula, having defeated the fast Centreville team by the score of 6 to 0. They are composed of many Washington College players and it is said their infield plays just like clockwork."

Gordy, Davis, Kibler and Bounds played with White Haven against Salisbury, the score being 5 to 0 in favor of Salisbury.

Rising Sun was helpless before Wright Monday and Chestertown won 6 to 0. The locals scored all runs in the third frame on two errors, three hits, a pass and a double steal. Score:

MARYLAND BOYS LEAVE FARMS FOR THE CITY

Maryland boys and girls, like the boys and girls all over the rest of the country, are deserting the farm for the city. The census bureau gave out some statistics of Maryland that indicate only too clearly the urban drift. The population of five counties—Caroline, Dorchester, Queen Anne's, Howard and St. Mary's—all show a decrease. Washington county showed an increase, but that was due to the increase of the population of Hagerstown.

The population of three counties on the Eastern Shore were given as follows: Caroline, 18,652, as compared with 19,216 in 1910, or a decrease of 564; Dorchester, 27,895, as compared with 28,669 in 1910, or a decrease of 744, and Queen Anne's, 16,001, as compared with 16,839 in 1910, or a decrease of 838. Howard county showed a population of 15,826, as compared with 16,106 in 1920, or a decrease of 280 and St. Mary's, a population of 16,117, as compared with 17,030 in 1910 or a decrease of 918.

The population of Washington county this year is 59,694, as compared with 49,617, but this increase for the most part was in the city of Hagerstown, where the population was 28,066, as compared with 16,507 in 1910.
