ROCK HALL FERRY STARTS

Initial Trip Wednesday Morning—Prominent Officials, Municipal And State, Manifest Interest In Beginning Of New Service—Gov. Ritchie Sends Letter Predicting Success Of Project.

Formal exercises were held Tuesday by the officials of the Baltimore and Eastern Shore Ferry Line, Inc., marking the inauguration of the new service which practically bridges the Chesapeake Bay between the Bay Shore terminal and Rock Hall.

A large crowd, which included a group of notable guests, attended. The first trip of the ferry was made Wednesday morning from the Bay Shore terminal at 7.30 o'clock.

Governor Ritchie was unable to be present, but sent an encouraging letter which was read by General Felix Agnes, who was the presiding officer of the meeting. When the General was about to read the letter from Governor Ritchie, he turned to the number of ladies who were seated on his left and said: "Ladies, this is what your handsome Governor has to say, and what he thinks of the establishment of this new ferry line." The entire audience applauded generously. The speakers were Howard Bryant, acting mayor; Clarence M. Lehman, one of the vice presidents of the company; Michael Schloss, treasurer; J. Cookman Boyd, chairman of the Board of Park Commissioners, and Attorney Harry Wolf. Music for the occasion was furnished by Lieder's Maryland State Band, and a buffet luncheon was served.

The exercises were held in the wharf building at the end of the company's pier which is 1,000 feet long and is located about a half mile north of the Bay Shore Park. It so happened that the storm broke just as General Agnus had introduced Mr. Bryant and the latter was compelled to desist for about 15 minutes. However, in that space of time he lost none of his "steam" as he made an appeal to the people of Baltimore and of the Eastern Shore to patronize the new enterprise in order to insure its permanent success. Mr. Bryant said there was no enterprise of recent years established in this city that would prove of more real value to Baltimore than the opening of the new ferry line. He said the crops of the Eastern Shore amounted to $90,000,000 annually and that Baltimore had not in the past gotten its share of this business, but that the new ferry line opened up practically every avenue of opportunity for the retrieving of this long-neglected trade and he felt certain the business people of the two sections would co-operate for the mutual benefit of all concerned.

The letter from Governor Ritchie expressed his sympathy with the new project, and he extended congratulations to the officers of the company with good wishes for their prosperity and success. He was certain the new line would advance materially the business interests of the State. Other letters received were from William P. Ryan, Collector of the Port; William H. Maltbie and Frank A. Furst.

FARM HAND IS LUCKY

Does the farm laborer realize just what he is getting now? If not, he should read the following and keep himself posted:

Wages for 12 months at $25 per month	$300.00
Meat per month, 25 pounds at 20 cents	60.00
Flour per month, 75 pounds	72.00
1 gallon milk per day, at 40 cents	146.00
10 cords of wood, at $10	100.00
House, per month, $5	60.00
Keep of horse at $1 per day; hay, 50 cts.; corn, 50 cts.	365.00
Raising chickens they want (out of corn house)	50.00
Raising two hogs out of corn house	100.00
All the garden they want out of farmer's time	50.00

As I figure it, the laborer gets more than $1,300 a year, and practically three months he has little to do, but is paid just the same as when he is busy.—Easton-Star Democrat.

The Church News Association of New York quotes "a man well informed in church and political matters" as saying:

"One hundred and eighty-two ministers' conferences, meeting on Monday in as many cities and towns, voted within the year in favor of the League of Nations, and most of them denounced the United States Senate for its refusal to ratify the covenant. Some would tolerate reservations, but nothing that would kill the covenant. All the great bodies, meeting in national assemblies, took the same position, either actively or privately, most of them the former. Not to favor the League of President Wilson is for Christians to reverse positions held by them all their lives. In this stand Catholics and Jews are one with Protestants."

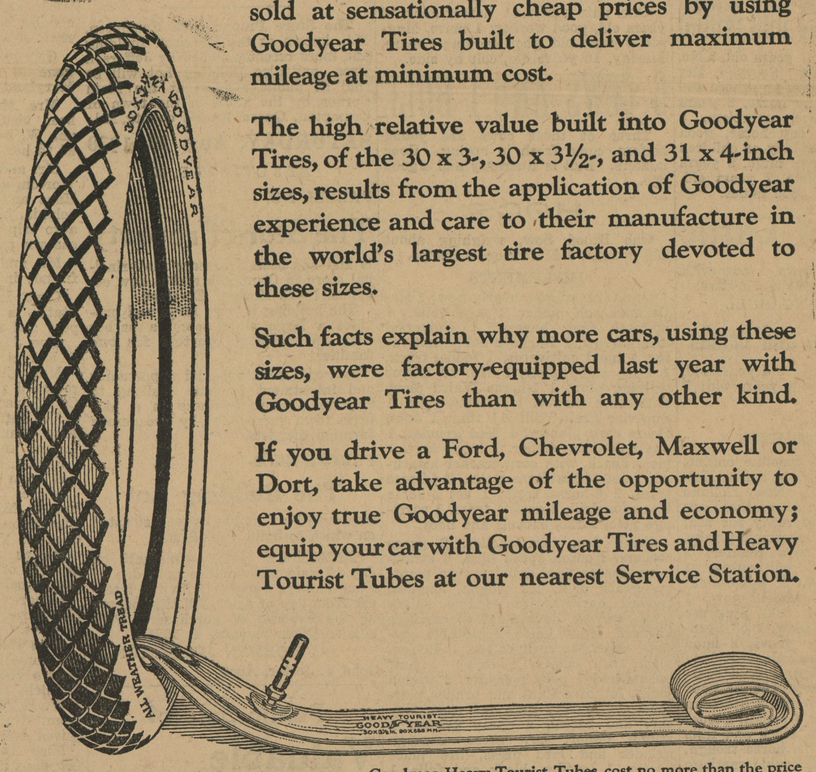
Save Money—Put Goodyear Tires on Your Small Car



Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires built to deliver maximum mileage at minimum cost.

The high relative value built into Goodyear Tires, of the 30 x 3-, 30 x 3½-, and 31 x 4-inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dort, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available?

30 x 3½ size *in waterproof bag* $4.50

Money! Money! Money!

MONEY attains its greatest size now—at least here. Money has had its shrinking spell of late years. It has been buying less and less, until it has often been quite discouraging. But it has grown bigger, recently, when buying merchandise in this store, and hundreds of people have been quite delighted to find how much money would buy here. Now, when we're finishing up our stock cleaning, your money will buy more than it has for years in all kinds of goods in our store. That's a good time to spend it, isn't it? Just when it is at its topmost value.
