JOHNS & CROSLEY,
(Sole Manufacturers.)
78 WILLIAM STREET,
Corner of Liberty Street. NEW YORK.

Important to House Owners
Important to Builders.
Important to Railroad Companies.
Important to Farmers.

To all whom this may concern, and it concerns every body.

JOHNS & CROSLEY'S
IMPROVED GUTTA PERCHA
CEMENT ROOFING,

The Cheapest and most durable Roofing in use.

It is Fire and Water Proof.

It can be applied to new and old Roofs of all kinds, steep or flat, and to Shingle Roofs without removing the Shingles.

The Cost is only about One-Third that of Tin, and it is twice as durable.

This article has been thoroughly tested in New York City and all parts of the United States, Canada, West Indies and Central and South America, on buildings of all kinds, such as Factories, Foundries, Churches, Railroad Depots, Cars, and on Public Buildings generally, Government Buildings, &c., by the principal Builders, Architects and others, during the past four years, and has proved to be the CHEAPEST and MOST DURABLE ROOFING in use; it is in every respect A FIRE, WATER, WEATHER and TIME PROOF covering for ROOFS OF ALL KINDS.

This is the ONLY material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUTTA PERCHA AND INDIA RUBBER.

NO HEAT IS REQUIRED IN MAKING APPLICATION.

The expense of applying it is trifling, as an ordinary Roof can be covered and finished the same day.

IT CAN BE APPLIED BY ANY ONE,

and when finished forms a perfectly Fire Proof surface, with an elastic body, which cannot be injured by Heat, Cold or Storms, Shrinking of Roof Boards, nor any external action whatever.

LIQUID
GUTTA PERCHA CEMENT

For Coating Metals of all Kinds when exposed to the Action of the Weather, and
For Preserving and Repairing Metal Roofs of all kinds.

This is the only Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to three coats of ordinary paint, costs much less, and will last three times as long; and from its elasticity is not injured by the contraction and expansion of Tin and other Metal Roofs, consequent upon sudden changes of the weather.

It will not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF.

Leaky Tin and other Metal Roofs can be readily repaired with GUTTA PERCHA CEMENT and prevented from further corrosion and leaking, thereby ensuring a perfectly Water Tight Roof for many years.

This Cement is peculiarly adapted for the preservation of Iron Railings, Stoves, Ranges, Safes, Agricultural Implements, &c., also for general manufacturers use.

GUTTA PERCHA CEMENT

For preserving and repairing Tin and other Metal Roofs of every description, from its great elasticity, is not injured by the contraction and expansion of Metals, and will not crack in cold or run in warm weather.

These materials are adapted to all climates, and we are prepared to supply orders from any part of the country, at short notice, for GUTTA PERCHA ROOFING in rolls, ready prepared for use, and GUTTA PERCHA CEMENT in barrels, with full printed directions for application.

AGENTS WANTED.

We will make liberal and satisfactory arrangements with responsible parties who would like to establish themselves in a lucrative and permanent business.

Our Terms are Cash.

We can give abundant proof of all we claim in favor of our Improved Roofing Materials, having applied them to several thousand Roofs in New York City and vicinity.
