SATURDAY, OCTOBER 9, 1920

The Democratic mass meeting for Kent county women and men will be held at the Lyceum Theatre, Chestertown, on Tuesday evening, October 26. Make your arrangements to be present.

The Democrats made a fine showing in the registration Tuesday—115 majority. Two more days remain on which to register—today and next Tuesday. If the Democrats will get busy another hundred may be added to this 115. See your neighbor and his wife and daughters.

The women voters are coming out nobly and are finding the first step towards this new life not half so difficult as they expected. The colored women without an exception are affiliating with the Republican party and the majority of white women with the Democratic party. This is to be regretted as it simply keeps up the race prejudice and robs our elections of issues which should be more seriously considered. Maybe the colored race will wake up to its possibilities in the future.

This election comes home to every voter. The issue "League of Nations" is one that appeals to the best in us. It touches, not the selfish spirit, but the humanity side of each one. The "Congregationalist and Advance" says, "We ought to have in and thru our national government—the immediate association of our nation with other nations of the world in earnest, continuous, definite, progressive efforts to check as far as possible existing wars, to forefend causes of warfare and to bring about as speedily as possible such international organization as shall tend to make peace universal and enduring." Such an organization is planned by the League of Nations.

MRS. FULLER TELLS COST OF PEACE PROGRAM DELAY

Woman Speaker At Rally Urges New Voters To Back The League With Their Ballots.

In her address at the Democratic massmeeting in the Lyric, last Friday night, Mrs. Gertrude Breslau Fuller said, in part:

"These are the times that test the souls of men and women. The acid test of patriotism is the patient, constructive, undramatic service of peace. No nation can develop a race of strong liberty loving men from weak, timid indifferent slacker women.

"We helped our men win the war and now we will help them win the peace. The League of Nations is a treasure vastly more precious than conquored territory or tribute money. What our boys won with their bayonets we will hold with our ballots. The woman who decides to withhold her ballot may by that act sentence her little son to death in another war.

Tells Cost Of Delay.

"The delay in ratifying the peace treaty has cost our merchants, our industries and our workers billions of dollars that would have come to them inevitably, could they have taken their rightful part in the reconstruction work in Europe. A separate peace would cost us untold billions more and force us to relinquish all indemnities for our losses and bring us countless lawsuits from German Nationals and payment of many millions more.

"We are not absolved of concern for civilization. We want to come into international affairs at the point of the ounce of prevention and not blindly, stupidly wait until dragged in for the pound of cure.

"We cannot save ourselves from the ravage and ruin of war unless we help to save all the world. For 2,000 years the nations have tried the war method and now the people want to try reason.

Justice and brotherhood.

"The blind arbitrament of steel,
The mailed fist and the iron heel,
have failed.

Fires Shot At Senate.

"The Senate has kept us from international peace because it doesn't like the President we elected; it refused to do anything for domestic peace because it spent its time instead of attending to its own legislative affairs.

"The League of Nations is the only alternative to the preservation of peace by intrigue and competitive armaments. The people know that 10 days of discussion at The Hague in 1914 would have prevented the horror of the last four years. Lodge and Borah, Penrose and Smoot have hurt this country more than they have hurt the League of Nations.

"If the Senate puts partisan politics above the lives of our people they will make Bolshevists enough to abolish the Senate. The policy of the Senate has been 'Rule or Ruin.'

"The Republican Congress spent millions of taxpayers' money trying to unearth something they could use political advantage. They proved that the war was won by the Democratic party without scandal, without fraud and with no taint of graft.

"Mr. Harding asks your ballot, but refuses to say just what for. He asks you to sign a blank check which the Senate ring will fill out at their leisure. He says, in effect, that he believes in a Government of the Senate by the Senate and for the Senate.

Urges Return Of Smith.

"It brings the blush of shame to any patriots cheek to see the Republican party so far dishonor our Government as, as to empty the penitentiary to fill their Senate. Nothing is of more supreme importance in this election that that you send your Senator John Walter Smith back. Had the other States measured up to the standard of Maryland, we would have had the League and the blessings of peace more than a year ago. Send him back and put the whole ticket in with him. This is the change we need.

May Almighty God through the wisdom and conscience of our people deliver this nation from the political Judases who are willing to betray the peace of the world for a little brief authority in office and a few pieces of silver."

WANTED.

We have inquiries for small farms from 30 to 100 acres. Will be glad to list them for you.
