The Claude F. Parks bankruptcy proceedings which were resumed on Monday were again adjourned to a date to be set by the referee pending a decision of Judge Rose on a point of law regarding the interrogation of the bankrupt. Three hours were spent over two questions.

The B. S. Ford on her trip over last Friday broke a piece of machinery which compelled a change of boat. The Tred Avon is now on this route.

The Ferry steamer ran aground last Monday during the extremely low tide and missed two trips.

Winter visited this section this week. Monday night the mercury got down to 14 degrees while Tuesday night it registered 6 degrees.

The Chestertown M. N. G. defeated Cambridge National Guard in a game of basket ball Monday night in College Gymnasium by score of 31 to 8. The local players were Rouse, Barnes, Bartley, Blyman, Brown and Newnam.

Last Thursday afternoon the High School basket ball team went to Cambridge where they defeated the team of that school with a score of 18 to 10. The following played at Cambridge: Armstrong, Chapman, G. Willis, Stafford and W. Willis.

Wilmington painters have consented to a reduction of 25 cents an hour in their wage schedule.

The Chestertown Grange No. 248 will meet at the High School Thursday, January 25th, at 7.30 o'clock. Appropriate music by music committee. A lecture on poultry will be by Brother Claude Truslow. Lime fertilizer and lime to use will be discussed by County Agent Derrick. Question: "What should be the attitude of the landlord if the tenant should he fail to plant the usual acreage allotted. What is the usual acreage allotted?"

That record-breaking catch of fish at Love Point noted in the News last week was reported correctly as to amount, but the price received was 17 cents per pound for fish shipped to Baltimore while the shipment to Philadelphia brought 26 cents. The whole shipment brought over $5,000. Capt. Jos. Antone, of Rock Hall, caught 800 pounds of fish Saturday week for which he received $240.

A large boar hog weighing about 300 pounds was killed on the public road near Chestertown recently by an automobile. A horse driven by Wm. Lewis, of Fairlee, came shortly afterward and took fright, causing damage to the carriage and harness. The owner of the hog has not been found.

Church Hill and Queenstown are among the eighteen fourth class Maryland postoffices that have been advanced to the Presidential appointment class, the change becoming effective this month. The advancement of each carries with it an increase of salary, Church Hill being raised to $1,300, and Queenstown to $1,200. More plums over which local Republicans may squabble.

Manager L. Bates Russell has installed a musical instrument at the Lyceum for the music-loving public. This instrument, which resembles a piano, is named a "Fotoplayer," being fashioned and built especially for moving picture theatres. It is run by electricity and at the instant touch of a key, any musical note can be brought into play. Mr. Russell always had considerable difficulty in getting a regular piano player and this new instrument will furnish a long-felt need at the theatre.

Kent Island continues to be the champion district of Queen Anne's county, and perhaps of the entire State, so far as raising geese is concerned. After careful survey, it is estimated that over two thousand geese have been shipped from Chester and Stevensville stations this season, bringing in the markets between seven and eight dollars each, and returning an income of about fifteen thousand dollars to Kent Island farmers.

The Pennsylvania Railroad Company are expending around ten thousand dollars in placing a new turn table at Centreville depot, and the work will be completed in a short time. Don't look much like connecting with the M. D. and V., does it?

Read Embert's advertisements on pages 3 and 5 of this issue. They have made a big reduction in the cost of shoe repairing, etc. It will pay you to look it up and see what they offer. They guarantee you satisfaction or will return you your money.

Chairman Howard Turner, of the Near East Relief Drive for Kent, says it has been suggested by Rev. Harold F. Pellegrin, State Director of the Near East Relief, that the merchants in the county in taking stock might find upon the shelves some shelf-worn clothing which could be sent to the children in the Near East. Such stock can be sent to the Near East Relief Committee at 14 West Franklin street, Baltimore, Md., from which point it will be sent abroad.

The Kennedyville office of the Chestertown Bank of Maryland has been placed in the new store of Robert C. Young, near the depot. This change was made on account of the inability of Miss Emma Shafer to continue to manage it as her many other duties took all her time. Mr. Young is a hustling business man and the bank and patrons are fortunate in getting him to take charge of their business.

The President has renamed Mrs. Katherine E. Brice as postmaster of Betterton.

The Havre de Grace City Council has fixed the value of the Walter L. Main Shows, which winter there at $40,000 for purposes of taxation. Considerable doubt exists as to how the board reached this arbitrary figure, and there is some fear the proprietor will seek other quarters because the assessment is too high.

The Kent County Savings Bank held its stockholders' meeting Wednesday and re-elected its present directors. After the meeting a sumptuous turkey dinner was served in the mezzanine dining room. Lower Court Reversed. — In an opinion filed Wednesday by Judge Thomas the Court of Appeals has reversed an order of the Orphans' Court for Queen Anne's county in the case of Sarah Wilson vs. Clifton L. Jarrell, executor of the last will and testament of Perry Wilson. This case had run a long course of litigation before the Orphans' Court, when finally an order was passed directing the executor to make distribution according to the terms of the will. Chief Judge W. Hopper Gibson refused to sign the order and filed in writing a dissenting opinion, in which he claimed the right of the widow to renounce the will and to share in the estate, as provided for in law. In the reversal of the order the Court of Appeals has upheld and confirmed the dissenting opinion as held by Chief Judge Gibson.
