IN choosing a sewing machine be sure to combine the ornamental with the useful. A machine which will both sew and embroider is a perpetual delight. The Grover & Baker Machine, is perfect in both these respects. This is the only machine which both sews and embroiders.

A Sewing Machine which will not embroider as well as stitch may answer well for making shirts; but is not fit to be called a family sewing machine. Mothers delight in ornamenting the garments of their little ones. A leaf, flower, vine, or wreath, wrought there is the sweetest language of the heart. A sewing machine which can only stitch, and leaves the embroidery to be wrought tediously by hand, is not *the one for homeuse.* Grover & Baker's celebrated machines, are the only complete ones for family use. For sale at

Bonnet and Fancy Store.

"FLOUR OF BONE."

WE will give a money guarantee of the purity of this article. It is pure unsteamed, unburnt bone, reduced to the fineness of flour, which adds 100 per ct. to its value. It is as *quick* and *active,* as acid *dissolved bone,* hence its value is vastly greater, because it contains neither acid nor water, which necessarily add weight, and reduce the quantity of valuable elements. We recommend 250 lbs. to be used in place of 300 lbs. Super Phosphate or dissolved bone.
