GROVER & BAKER'S CELEBRATED PREMIUM SEWING MACHINES.

IN calling attention to Sewing Machines be sure to combine the ornamental with the useful. A machine which will both sew and embroider is a perpetual delight. The Grover & Baker Machine, Is perfect in both these respects. This is the only machine which both sews and embroiders.

A Sewing Machine which will not embroider as well as stitch may answer well for making shirts, but is not fitto be called a family sewing machine. Mothers delight in ornamenting the garments of their little ones. A leaf, flower, vine, or wreath, wrought there is the sweetest language of the heart. A sewing machine which can only stitch, and leaves the embroidery to be wrought tediously by hand, is not *the one* for *home use*. Grover & Baker's celebrated machines, are the only complete ones for family use. For sale at

A NOTHER GREAT CURE

IN THE CITY OF NEW YORK.

Of a highly respectable citizen, well known to the Mercantile community, by

DR. J. H. SCHENCK,
THE GREAT LUNG DOCTOR OF PHILADELPHIA

OFFICE N. Y. AND GALENA LEAD CO.,
No. 28 Nassau St., New York, June 1, 1865

DR J. H. SCHENCK—Dear Sir:—For over fifteen years I have been troubled with a severe cough, and usually two or three times a year with more or less hemorrhage, which together for the last few years, has kept me thin in flesh and too weak to do business of any kind without suffering. In August last I had a very severe hemorrhage, and, according to the judgment of a good New York physician, I was classed as beyond the reach of medicine, and was advised to be prepared, so far as property matters were concerned, to leave this world at short notice. The physician (and my good friends) said that the first col-d I took must prove fatal. Early in January I took a severe cold, and fortunately was occupying rooms at No 32 BOND STREET, directly over your office. I think about the 16th of January I procured a bottle of your pulmonic Syrup and commenced taking it freely—My feet and limbs were very much swollen, and all the symptoms of a speedy death seemed to accompany my cold I sent for my former physician, and stated to him that I was taking your medicines, and after showing them to him, and having tasted of them, &c., he replied: "You can take them if you like, they will do you no harm." He said:—"You know what I told you last summer and I say the same now if you have any business to close up, do not put it off." He said to other friends that he "could see no hope for me," and my friends and relations concluded my time had come. At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me (much to his surprise, he said,) improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed sad doubts of my ever being helped out of my then seeming difficulties. The second time that you called, finding me still gaining, you gave me encouragement, saying, "my symptoms were improving; the Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first rate, and you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I followed your advice, and to the surprise of my old physician and friends, I seem much better than I have been for several years, and breathe better than I ever expected a person could with one lung, the left being completely dried up. I feel very grateful to you, and consider your advice and medicines invaluable.

Yours, truly, T. S. SHELDON.

DR. SCHENCK—Dear Sir:—About two years ago I was taken with a very troublesome cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without rendering me any service.—I also obtained the advice and treatment of a physician in one of our hospitals, and also had the advice and treatment of two other physicians, but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and witness my exit into the spirit-world.—I was confined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question. And to think this day I am well and hearty! I was advised by some of my friends to try Dr. SCHENCK'S Medicines. I accordingly bought bottle after bottle, until I reached the ninth; then I found a decided change in my songs for the better. I suffered severely from palpitation of the heart, and two weeks after I commenced taking your medicine this difficulty ceased.

When I first went to Dr. Schenck's office it was with difficulty that I could get up into his reception room. I was so weak and so swelled; my skin was as sallow as though I had the jaundice; I felt dull, heavy and sleepless. Dr. Schenck, after examining me said both my lungs were effected, and gave me but little hope; but his medicines, in about two weeks, took right hold of me; it seemed to go right through my whole system The Pulmonic Syrup, Sea Weed Tonic and Mandrake Pills, all took right hold in the right place. The Pills brought away great quantities of bile and slime; the Syrup loosened the matter in my lungs which came off very free; the Sea-Weed Tonic gave me an appetite and everything seemed to taste good.

To show what great power the medicines have in purifying my system, and to show how bad I was diseased, beside all the bile that passed my bowels, and the great quantities of phlegm and matter I expectorated, I broke out all over in large boils, that would continue together and run for about six weeks, and I had at one time over twenty-five boils. I have nothing of the kind now, and feel like another person altogether. I can safely say that I have not enjoyed such health for five years as I do now and cannot praise you and your medicines enough. May God abundantly bless and preserve you! is the sincere desire of one who has been so wonderfully relieved through your agency; and if any one desires to know with regard to the truthfulness of this report, if they will call upon any of my friends or upon me, No. 4. Dryden Place, near Thomson street, below Cadwalader, Philadelphia, they will be perfectly satisfied with the validity of the case.

Yours, with much respect,
MARY SCHNAIDT.
