The Public Service Commission by their visit to Chestertown won many friends.

This balmy weather is worthy of note. It feels more like May than March and its continuity is wonderful. The record made cannot be equalled in the memory of our oldest inhabitant.

The visit of the Public Service Commission to Chestertown Wednesday was a commendable act. Our people were made to realize that these gentlemen are their servants and their sole object is to deal justly with the people and the utilities. There was a condition which grew out of the meeting which should have the support of our law-makers in finding a remedy therefor. This defect in the law as we see it was this: Whenever a corporation sees fit to file a raise in rates, by giving 30 days notice they can make this raise and collect the money until the Public Service gives an opinion on same. Now it might be a month or three months before the Commission could give a decision. When they do and that decision is against any increase, the citizens have no chance for a refund of money and have had to pay their money this month or months. In other words, there is no come back. This is certainly an injustice and should be remedied so that no increase in rates shall go into effect until after a case has been heard and decision given. We understand that the Commission will recommend this change in the law, but the corporations do not want it. What do the people say.

A BIG PRICE FOR ROADS

Bids for the construction of 3 miles of State road, from St. Michaels to and through that town, were opened by the State Roads Commission on Tuesday. There were numerous bids, but the lowest was for $96,000. Mr. Shafer, who resided in Easton several years ago, was the low bidder.

Chairman Mackall called up County Treasurer Henry P. Turner and advised that the commission would accept this bid and order the work to proceed as soon as Talbot County paid over its lateral road fund for 1920 and 1921. This amounts to about $30,000 for the two years, and it will be taken from the proceeds of the $2000,000 road bonds.

Mr. Mackall said he hoped to be able to have the work started within thirty days, so the entire contract can be completed before the end of the summer. He was much gratified at the bids received, as they amply justified his prediction that the prices would be greatly reduced over last fall. It will be recalled that in September last this same stretch was advertised for and the price bid was $42,000 per mile. We doubt the wisdom of Kent building many miles of road at any such figure. The price of all material is fast falling so that the prospect is for road building at a very much cheaper rate than $32,000 per mile.

ENDS THIRTY YEARS OF PUBLIC SERVICE

With the passing of the Sixty-sixth Congress at noon last Friday. Senator John Walter Smith, of Maryland, the recognized leader of his party in the State for more than a generation and a potential force in the United States Senate for a decade, passed into the retirement of private life.

Defeated in the last campaign for re-election, he surrendered his seat to O. E. Weller, but while he will no longer sit in the highest legislative council of the nation, he reannounced his intention to remain in politics and to serve the friends who have helped him so long, as they may need his help.

Whether the Senator ever again will be a candidate for office is a matter for the future to determine. Many Republican leaders seem convinced that he will stand again for the Senate, against Senator France, two years hence. On this point Senator Smith has no comment to make but will allow matters to take their course. He is one of Maryland's great men.

Ford

THE UNIVERSAL CAR

The Ford Sedan

The Ford Sedan quite naturally is in larger demand every year, and now with the pre-war prices, without any sacrifice of the high quality of materials, and excellent reliability of workmanship, comforts and conveniences, the Sedan is the car of cars, and while a luxury in itself, at the same time is a necessity, costing less than the ordinary touring car (except the Ford) its value cannot be equalled.

Any of us will be pleased to take your order for the Ford Sedan, assuring you of as prompt delivery as possible, and the further guarantee of comfort and economy through the efficient after-service which is always at your command. We are all equipped with the latest up-to-date machinery; with skilled Ford mechanics; and with the genuine Ford-made parts, so that we can keep your car as good as gold, so far as service is concerned, every hour in the year.

We solicit your orders. If you are going to have a closed car this fall we believe the Ford Sedan is your best investment. Won't you call in and talk it over, or let us give you a demonstration?

FOR SALE.

I have about 50 to 75 bushels of the Bolgiano Prosperity Yellow Dent Corn for seed purposes. This is the greatest yielding corn I have ever used. I grew 75 bushels per acre on poor land while my other corn gave me about 20 bushels in the same field. Samples of this corn can be seen at Culp's Hardware Store, both in ear and shelled. This corn has no blank stalks and very little short corn. Price $2.50 shelled; $3.00 in ear. This corn has heavy fodder.
