Gov. Albert Ritchie is much improved and hopes to be able to attend to business next week.

Senator Wm. F. Russell, of Kent, besides being named on a number of important committees, has been selected as Chairman of the Fish and Game and Supervision of Employes.

The re-election of John M. Dennis as State Treasurer took place Wednesday. He is one of Maryland's best citizens and deserved the honor.

The expenditure by the State of thousands of dollars for armies looks like folly in face of the fact that a disarmament conference is now in session discussing the question of Peece. The needs for money in other ways is so vital that such war-like expenditures should be postponed.

Maryland's legislative hopper began gridning Tuesday night and its first grist was probably the toughest it will be called on to mill during the entire session. State prohibition enforcement legislation; a "wet" resolution for beer and light wines; anti-racetrack betting measures; a Sunday baseball bill and similar proposed legislation were among the first to get to the desk of the House reading clerk when Speaker John L. G. Lee announced that the House was ready for introduction of bills.

One thousand grangers of Frederick county have "declared war" on peddlers of stock, pretty, but worthless. Pomona Grange, the mother organization of all grange chapters of the county, estimates that over a million dollars was sunk last year in "wildcat stocks," and its directors have begun an educational campaign against the "pedlar of uncertified stock."

Truman H. Newberry was declared by the Senate Thursday to be entitled to the seat which he now holds and which was made the basis of a contest by Henry Ford, his Democratic opponent in the 1918 Michigan Senatorial election. The vote was 46 to 41. The Senate acted on a resolution sponsored by Republican leaders asserting that Mr. Newberry was entitled to his seat, but amended in last minute conferences so as to condemn excess expenditure of funds in Senatorial campaigns.

ROAD MEETING TODAY

There will be a county road meeting held in the Court House today at 1.30 p. m., Capt. Gault Applegarth presiding. Better direction and more intelligent labor on the public highways are subjects now occupying public consideration in every county in State. The farmer and villages are coming everywhere to feel that something is lacking in the scheme which supplies them with ditches of mud or ridges of sand to lighten their loads and lengthen their journey.

The News has advocated over and over again a system whereby some part of the $24,000 allowed for roads shall go toward a permanent gravel road. Kent connty should build at least five miles of gravel road each year. For fifty years Kent county has been wasting thousands of dollars in working roads and each year the same process is followed. One of the worst systems is that of tearing up a good solid road in October and then all the winter have a hog wollow instead of a passable road.

The State is ready with skilled engineers to render us every assistance and it is high time the intelligent farmers are being aroused to this important matter.

New Dormitory.

With informal exercises, including a procession of more than 350 students, and an address by the Rev. Dr. A. Norman Ward, president of Western Maryland College, ground was broken for the new dormitory building, which will be erected at a cost of about $130,000, and will be known as McDaniel Hall, in honor of Dr. W. R. McDaniel, for many years vice-president of the college.

The shovel breaking the ground was used by Dr. McDaniel, Mrs. McDaniel, their daughter, Miss Dorothy McDaniel, and Dr. Ward.

FOR SALE.

A nearly new $60 bicycle with all equipments. Price $35.

THOMAS WATSON,
n19-2t. Maple Avenue.

Co-operative buying and selling must be practiced by Maryland farmers before they can hope to get the best possible results from their farms speakers at the Maryland Farmers' Week in Baltimore told more than 500 farmers gathered there Tuesday. They were from all parts of the State, to attend the annual convention of the Maryland Agricultural Society and its seven affiliated organizations. The convention was held at the Southern Hotel, opened with an address of welcome by Mayor Broening, after separate meetings of the affiliated organizations had been held in the morning. In an address delivered before the general meeting Dr. A. F. Woods, president of the University of Maryland, declared the great problem confronting the farmers of Maryland today is agricultural organization and marketing.

One of the real "snappy" talks of the Wednesday session was delivered by Mrs. Harry Williams of Kent county, who, after giving several remedies for the low prices of wheat, corn, potatoes, etc., said:

"It must not be forgotten that, although we farmers and farmers' wives live in the country districts, we are compelled to take a bath just as much so as the city man or woman, and we cannot do it on 40-cent corn and on $1 wheat, at least not more than once a week."

Mrs. Evelyn Harris, another delegate from Kent county, spoke along the same lines.

MILLINGTON

The congregation of Asbury M. E. Church was both surprised and pleased on Tuesday evening of last week when their former pastor, Rev. D. J. Moore, walked in unexpectedly and also preached, when requested after arriving. We are always glad to see any of our old pastors. So come again Brother Moore, whenever you can.

Rev. C. E. Kirby, pastor of Trinity M. E. Church, South, preached quite an interesting and helpful sermon in Asbury Church last Tuesday evening, which was much enjoyed by the large number present. The evangelistic services which are in progress are meeting with great success, about 25 having taken the step for Christ at this writing. We hope the good work will continue.

Mr. and Mrs. Clyde Reed, of near Clayton, were guests this week of his sister, Mrs. John Anthony.

Mrs. Walter Myers, of near town, visited her sister last Saturday, who is quite sick in the hospital at Milford, Del.

Miss Willie Moffett is spending sometime with her sister, Mrs. Kate Tonkin, of Wilmington.

The regular monthly meeting of the Woman's Foreign Missionary Society of Asbury M. E. Church was held on Thursday afternoon at the home of Mrs. John E. Woodall.

Mrs. Robt. M. Logan was the guest last week of relatives in Baltimore.

Mrs. Sallie Taylor, of Philadelphia, spent last week with relatives in and near town.

Mr. and Mrs. Walker Lamb, of near Chestertown, have moved on the Welsh farm near town. Wm. Moffett having moved to the Lamb farm near Morgnec.

The Woman's Home Missionary Society of Asbury M. E. Church was entertained last Tuesday afternoon by Mrs. O. H. Connelly, Mrs. W. H. Burrris, Mrs. John Anthony and Mrs. Charles Dixon at the parsonage.

HARRY D. MASSEY
CHURCH HILL, MD.
THIS IS A STUDEBAKER YEAR

1922 RESOLUTION

To succeed in any business or profession we must concentrate our efforts and thoughts in the "right way." When we buy merchandise we go to the particular dealer who is a specialist in his particular line. For Hosiery we buy mostly from the manufacturer direct. For Shoes, we select the best and most representative make of the different service shoes desired, viz.: we don't go to a jobber or manufacturer of "men's Dress Shoes" to buy a good work shoe and expect to get that work shoe at the right price. To get the best children's Shoes for all purposes we buy direct from manufacturer whose capacity is 50,000 pair daily in all five specialty factories. In this way we can give you the best merchandise obtainable at the lowest price. The cheapest priced article isn't always the cheapest because you don't get quality or service—meaning dissatisfaction.

Start the year 1922 with a resolution to buy good dependable merchandise at a fair price from the dealer who specializes in your requirements.

MR. MAN—We invite your special attention this week to our heavy work "Wolverine Shoe" its a wonderful value at $5.00. We bought it direct from the maker.

Taking Down Four Million Words A Day

WHEN you dictate, you are careful to speak distinctly so that your stenographer will get her notes right.

When you telephone are you just as careful to speak distinctly so that the operator will understand correctly?

Four million times every day telephone numbers are dictated back and forth over the telephone in the territory served by the Chesapeake and Potomac Telephone Company. It's like taking down so many words of dictation.

Think how much depends upon careful enunciation. Care in giving telephone numbers means better service, just the same as care in giving dictation to your stenographer.
