It has been learned that papers of applicants for the Galena postmastership have been returned with the statement that three of the four candidates are not eligible, the only successful candidate being the incumbent, Mrs. Hadley, It is believed, therefore, Mrs. Hadley will be permitted to keep the office. Why not? She is efficient, capable and faithful.

Muskrats made their first appearance in local markets last week, and found ready sale among individuals who are partial to the little "marsh rabbits." The trapping season officially opened on January 1st, and for the next couple of months county trappers will be kept busy. While furs are much lower than they were a few years ago, muskrat hides are in fair demand. Local buyers paid as high as $1.50 Saturday. W. J. He was arrested by Patrolmen Wagner and Clemence when he attempted to sell the machine to a dealer on Calvert street. When brought before the court he was recognized by Magistrate Stanford as having been before him several years ago for alleged robberies in the Forest Park section of the city.

Accidents Of Week

Albert Baxter, son of Mr. and Mrs. Frank Baxter, a tenant farmer near Chester bridge, had his ankle crushed Tuesday. He was riding a horse and leading two mules when his horse slipped and fell catching Albert's leg under the animal. Dr. Copeland attended to his fracture. The injured man is one of the most cheerful men in this section.

Owen Mullikin, the thirteen-year-old son of Mr. and Mrs. Owen Mullikin, of near Church Hill, was run over by an automobile driven by Alfred Merchant, Tuesday morning, in front of the Church Hill High School. Young Mullikin was struck with such force as to throw him up over the hood of the passing car and rolling off, both wheels passing over him; he was immediately rushed to the office of Dr. N. S. Dudley who administered first aid and rushed him to Easton Hospital.

While driving a big wagon loaded with six logs, drawn by five mules, belonging to Samuel P. Mogle & Son, Mr. Minner, an employe, fell off, two wheels of the wagon passing over both of his legs, but not a bone in the legs was broken. The flesh was terribly mashed, but he will recover in a short time.

New Partnership Formed.

Announcement was made this week that John D. Nelson, proprietor of the Electric Repair Shoe Service Shop, Centreville, and W. Harman Eaton, son of Mr. and Mrs. R. Bascom Eaton, of Centreville, had formed a partnership and would engage in the retail shoe business. Mr. Nelson will continue his former business, giving it his entire attention. The new firm will be known as Nelson & Eaton.

A Fine Run.

One of the best runs of the season was had at Eastern Neck Island on Saturday, January 7th. Harvey Brice and Frank A. Sappington's pack of hounds started a fox on Mrs. F. A. S. Wood's farm, running him for two hours and a half, and caught him. Mr. Brice states he never saw a fox as large before as it weighed about 35 pounds. After killing the first fox they rode about half mile succeeding in starting another fox. They run him for three hours without the hounds making a check. Mr. Brice's White Music, also Sappington's Black Dinner, and his six-months old puppies did some fine work. Those followed the hounds were Harvey Brice, Frank A. Savington, Franklin Sappington, Jr., Sam Stocks, Franklin Wood, Walter Stowman.

Faithful Hen Dead.

The recent death of an aged hen in the poultry yard of Mrs. Grant Bradley, Wicomico county, has stirred the local poultry circles, and no more four and five year old hens will be sold while the market coasts around the eighty cent standard. This hen was from actual record known to be 13 years old, having been given to Mrs. Bradley's boy by a woman long since dead. The hen layed eggs until two years before her death. Recording her to begin at the age of one year it would give her ten years of actual service; and she was faithful layer. If she had been hatched of recent years she would have been classed with the Rhode Island stock, but her age bars classification.

R. Oscar Roe Has Narrow Escape.

Inhaling gas fumes, which leaked from fixtures in a Wilmington hotel, for more than 17 hours, R. Oscar Roe, of Sudlersville, had a narrow escape from death last Sunday night. Only the fact that when Mr. Roe retired he left a window open probably prevented him from being a victim of asphyxiation. He was found unconscious Monday afternoon at 3.30 o'clock and a pulmoter was used to restore the use of his lungs.

Mr. Roe retired to his room in the hotel soon after 10 o'clock Sunday night. The hotel is equipped with both gas and electric fixtures and Mr. Roe used only the electric lights. It is supposed that in some way gas escaped from one of the jets, and sufficient fresh air was mingled with the fumes to prevent them from proving fatal.

He reached his home in Sudlersville on Tuesday, and has been quite sick as the result of his experience.

Chestertown Legion Wins.

Entering the second half of the basketball game with the score 20 to 12 against them, the American Legion five, of Chestertown defeated Company five, of Chestertowntaoi srdrh a pany C by a final score of 30 to 24 at Cambridge.

While the discrepancy in the scores for the two halves would seem to indicate a complete reversal in form on the part of the two teams, it is, in part, to be accounted for by the change of goals, the one nearer the stage being the easier to make.

Both teams played a fast, consistent game. The visiting team, apparently had somewhat the better wind, this being particularly noticeable in the last half.

Substitutes—Wolff for Henry, and Henry for Wolff. Goals from the court—Kibler, Collins 6, H. Usilton 6, Ford, C. Usilton, Hubbard 4, Ruark 5, Larmore 3.
