NOLAND

We seldom advertise prices, we leave that to our patrons who long ago found this fact, it doesn't matter what it is its always cheaper at Noland's than any other place. But just now we are overstocked in all departments and instead of waiting until January we start our JANUARY CLEARANCE SALE now.

New Year's Goods!

Our Nuts and Candies are new fresh goods—a fine French mixture at 12½c. Plain and Fancy Mixture, the best at 25c.

Walnuts, 29c and up. Paper Shell Almonds, the best at 35c. Splendid mixed Nuts at 20c.

TOYS—Almost everything you can think of at prices to suit the present time.

DOLLS—Have you seen our window? Nothing like it in town and they are going fast.

For the older ones our stock is composed of almost everthing needed. When in our store you will find for mother, father, sister and brother some useful article at a price much lower than you will expect to pay. It may be rubber boots at $2.60, or a boy's suit at $5.00, a nice woolen skirt at $3.50, a good all-wool blanket at $8.00, a bed comfort at $2.00 and up, a suit of Haines underwear at $1.50, and while we speak of underwear we want to tell you we still have a complete line of all-cotton and wool suits at the January prices.

Our Rubber Department is still complete in Artics, Rubber Boots and Shoes for men, women and children. Come in and share in this January Sale now. Just the thing we are cutting prices on you need now.

Children Cry for Fletcher's

CASTORIA

It was only after years of research in the fields of herbs and roots for a combination of purely vegetable matter that would have all the virtues of Castor Oil, without its disagreeable, nauseating properties, especially when used for infants or children, that the formula used in Fletcher's Castoria was found, and which for over 30 years has proven its worth. Try it.

BOVINE TUBERCULOSIS IN KENT COUNTY

One Farmer Near Chestertown Loses Twenty Fine Cows—He Paid $1,000 For Four Of Them.

Six months ago a farmer had his herd tested by Dr. A. H. Bryan, Veterinary Inspector U. S. Bureau of Animal Industry, and had the misfortune to have thirteen reactors, and three suspects out of his herd of nearly thirty animals. This loss at that time appeared so great to the owner of the tuberculosis cattle, that for various reasons he was permitted to hold on to some of his reactors for a few months on condition that he observe a very strict quarantine, and isolate the tuberculosis cattle from the healthy ones.

Ordinarily this quarantining of reactors is not allowed, as the Government and State Departments of Agriculture in its work of tuberculosis eradication insists upon "Immediate Slaughter" of tuberculosis cattle.

That this regulation is the only satisfactory one, is proved by this particular instance of the aforementioned Kent County farmer. Had he complied with the regulations and submitted to the original loss, and received his federal and state indemnity, he would still have had thirteen healthy animals and with his indemnity build up a healthy herd of dairy cattle.

A nearby neighbor lost his entire herd to the tuberculosis test, he however refused to have tubercular cattle on his premises, and immediately complied with the State regulations, shipped in his reactors, got a very fair indemnity, and with it has built up a fine healthy herd. He deserves hearty congratulations for his cooperation, and perserverance.

As it was, for various reasons he was not able to observe a strict quarantine, and the consequence was that when the inspector came around recently to retest his herd practically all the previously health cattle had infected the remaining healthy animals. Had he shipped in his reactors in the first place, his loss would have been eighteen instead of twenty-six tubercular cattle.

This case should serve as a warning as to the extreme infectiousness of tuberculosis, and show dairymen that while the methods of slaughter to eradicate bovine tuberculosis may seem very hard on the herd owner, it is the only sure method of freeing cattle from this terrible disease. By eradicating bovine tuberculosis, we automatically clean the disease from hogs, chickens and prevent children from becoming infected thru tubercular milk.

LOWER SHORE BELIEVED BACK OF GASOLINE TAX

The lower counties of the Eastern Shore of Maryland are thoroughly in accord with the proposed one-cent tax on gasoline, set forth by Governor Ritchie in his message to the Legislature Wednesday. From municipal and civic bodies, as well as from numerous individuals, have come indorsements to District Engineer P. E. Burroughs, of the State Roads Commission.

Farmers Talk Of Taxes.

Much sentiment also is being reflected from the farming element of the Shore, it being understood that the tax has been for some weeks the chief topic of conversation. Practically no opposition at all has developed.

Two chambers of commerce, Cambridge and Salisbury, as well as the Board of Trade at Pocomoke, have put their approval on the proposal. The first mentioned organization has a membership of 350, and is probably the strongest civic body on the Shore in point of numbers. In communicating the decision of the Pocomoke City Bank, Characterized it as a highly progressive move.

Town's Send Indorsements.

The municipal body at Salisbury, through Mayor W. Arthur Kennedy; that of Berlin, through Mayor Horace Davis; that of Pocomoke, through Mayor E. James Tull, and that of Ocean City, through Mayor E. E. Collins, have all sent letters of indorsement to the Engineer's office as well as the Mayor and Council o fPrincess Anne and the Salisbury Grange.

Statement of the Condition of the

KENT BUILDING & LOAN COMPANY

December 31st, 1921

Prize Is Awarded Salisbury District

Salisbury District of the C. & P. Telephone Company, in competition with all other districts of the same company in a safety contest, won first place, having had no lost time accidents during the entire year of 1921. Norfolk district came second with one accident. The prize, a bronze cup, is now in the office of the District Plant Supervisor, Frank F. Adams, Jr., but the official presentation has not yet been made.

Employing thousands of people as the telephone company does, a perfect record of no accidents is something of which to be justly proud. The officials of Salisbury District and the men and women who worked under them last year are to be congratulated.

ORDER NISI.

Ordered this 10th day of January, 1922, by the Orphans' Court for Kent County, Maryland, that the sale of real estate of Lydia Kiker, late of Kent County, Maryland, deceased, be ratified and confirmed unless cause to the contrary thereof be shown on or before the 18th day of March, 1922, provided, a copy of this order be inserted in some newspaper printed and published in Kent County, Maryland, once in each of four successive weeks before the 11th day of February next.

THE TIME TO TAKE PEPTO-MANGAN

When You Feel a Little "Off" It Will Bring Back To Health.

Some people never need any medicine at all. They are, as the saying goes, "strong as a bull." They are mighty lucky. Most people need a good tonic once in a while. They take cold, or through overwork or social activity do not get enough sleep; many eat improper food and thus hurt the digestion. It is mighty wise to take Gude's Pepto-Mangan with the meals for a few weeks and build up. One cannot have too much good health. Pepto-Mangan gives you plenty of red blood, and everybody knows that red blood means feeling good and looking good all the time. Sold by druggists in liquid and tablet form. Advertisement.

FOR SALE.
