New Firm

Warren & Townshend is the name of a new insurance firm in Chestertown. The senior member is R. Goldey Warren, who has been appointed district manager of the National Life Insurance Co., after a number of years spent with this company in this section, where he has been very successful. The junior member is W. Belt Townshend, son of S. P. Townshend, Esq., and a young man who should make good in the insurance business. We wish the new firm much success.

Announcement has been received by Postmaster Minnie B. Hadley, of Galena, Md, postoffice, that her name has been placed on the honor roll and sent to the Postmaster General at Washington as a mark of special distinction. The postmaster was an entrant in the postmaster contest which closed December 31st for the sale of Government Savings Securities. She competed with all other postmasters of the same class offices in the Fifth Federal Reserve District and was one of the winners in this State.

One of Chestertown's young men was treated rather roughly in Millington Sunday night. When he came to go home he found all four tires puntured and the spokes in one wheel broken.

KENT NEWS $1.50 PER YEAR

Superintendent At Tolchester.

C. Frank Wheatley, son of J. Frank Wheatley, has been made superintendent at Tolchester to succeed Capt. William J. Ashley said appointment to take effect March 1st. Mr. Wheatley had been an employe at Tolchester for a number of years up to within a few years ago when he removed to Baltimore and went to store-keeping. He has disposed of his store at an advance, and after considering the proposition, decided to come back to his old home in Kent. Mr. Wheatley is industrious, efficient, courteous and intelligent and will make a fine superintendent. President Hudson has picked a good man.

As a result of a collision Monday of the bicycle on which he was riding and an automobile driven by Harry Hayman, Joseph Graham, aged 13, son of Mrs. Paul Graham, of Salisbury, was thrown against the door of the automobile and received injuries which may prove to be of a serious nature. The youth was taken immediately to the Peninsula General Hospital where it was found that some bones in his cheek and his nose were broken. The accident occured on East Church street during the snow storm last Monday afternoon; the youth evidently becoming blinded by the falling snow and did not see the approaching car.

The sale of Dr. Selby's property at Rock Hall to Mr. Wallace, of Pittsburg, for $12,000 was consummated on Wednesday. It is reported that Dr. Selby may build a bungalow in Rock Hall and remain here.

STORM DAMAGE

The storm of Wednesday, January 11th, 1922, caused serious interference to telephone users in some parts of the Eastern Shore, though this section of the State was fortunate in comparison to the Western Shore. About 100 poles were blown down by the high winds, and more than 125 telephones put out of commission.

Before the storm was over, repairmen were out putting some of the lines back in condition, and have been working ever since to restore service to normal. None of the principal toll lines were damaged, and communication between the different towns was kept almost at normal.

In the State of Maryland as a whole nearly 5000 telephones were put out of commission, principally due to the high winds, sleet and snow that prevailed in more serious proportions than on the Shore.

The estimated property loss and damage to the plant in Maryland is approximately $125,000.

DR. ALDERSON URGES NEW MARRIAGE LAW

First indication of the character of the marriage laws likely to be sponsored at Annapolis during this session of the Legislature by the Methodist Episcopal Church was given Sunday night by Rev. George T. Alderson, pastor of the Elkton Methodist Episcopal Church. In a sermon before his congregation Dr. Alderson referred to the fact that the press was in the habit of referring to Elkton as a "marriage mill" and said that under the circumstances the comparison was by no means unfair.

The measures he proposed for legislative consideration were as follows:

1. A period of waiting between the issuing of the license and the performance of the ceremony. This, he said, would make it difficult for eloping couples to marry in Maryland and would put a stop to the flocking here from other states. Also, he said, it would give parents of those under age a chance to communicate with the authorities in case the bride and groom-elect misstated their ages.
