LOCAL NOTES

On Thursday 16th, at 2 o'cock the Citizenship Class of The Maryland League of Women Voters will meet in the Business Men's Room at the Inn.

Reports of shooting for ducks are coming in from Quaker Neck. The season closed February 1st. An abundance of game is to be seen.

That man looking for a walking match can find one with a bank official who stepped to Massey one morning recently. ,

We are sorry to report that Arthur Legg had to have his leg amputated near the hip. He is in Wilmington Hospital.

Argus Robinson is the first person in the county to hatch a brood of early chicks. He expects to have broilers ready for the market in about eight weeks.

Another big fall of snow visited Kent Tuesday but did not remain long. During Tuesday night a big drift of snow piled up in the State road near Fairlee which delayed the Rock Hall mail several hours on Wednesday.

Postmaster Bowers has recently added a fine prize-winning Buff Rock cockerel to his flock of Buff Rocks which he will use for spring breeding. This bird recently won first prize at Trenton and also at Maryland State Fair and Easton, Pa.

Out of a total of 75 fine laying hens, some one has stolen all but 18 from Edward E. Armstrong. Mr. Armstrong heard some one in his henhouse and later found a hat, and he believes he knows who had been wearing it.

The News has received beautiful and serviceable calendars from The Adkins Lumber Co., W. S. & A. M. Culp, E. E. Leary, H. T. Jewell & Co., Jones & Satterfield, J. D. Bacchus, Kent County Savings Bank, Vansant & Newsome, Pippins Hotel, Goldey Warren, J. T. Hadaway, and others.

The merchant is doing his part in bringing down prices to normalcy if we may judge by local advertisements. For instance, French serge one year ago was $3.50 per yard, now $2; curtain scrim 60 cents, now 25 cents; Hill muslin 50 cents, now 18 cents; ladies' hose $1, now 50 cents. These prices are taken at random and represent the sharp reductions which have taken place in one year.

Sunday, February 12th, will mark another anniversary of the birth of Abraham Lincoln. Although this date is observed as a legal holiday in many of the states of the union, Maryland has not yet joined the ranks of those communities which annually pay homage to the president of Civil War Days. Wednesday, February 22, will be the birthday of George Washington. It will be observed as a legal holiday.

The farmers of Accomac and Notrhampton counties held a series of meetings about three weeks ago and decided to enter a pool in an effort to secure their fertilizer if possible cheaper than had been paid the previous year. Several firms of the larger cities were asked to offer sealed bids and these were opened January 21st, which resulted in the local Farmers and Planters Co., getting the contract. They offered their brand 7-6-5 for $37 per ton delivered at the station.

Mrs. W. J. Houston, wife of a farmer living between Federalsburg and Bridgeville, met with a peculiar accident Wednesday of last week when the car which her husband was driving over the extremely rough roads struck a deep rut just as she was about to speak, driving her teeth together with such violence that the end of her tongue was completely severed. In addition her head struck against the top of the car, and her nose was broken. She was rushed to Bridgeville, where medical aid was rendered as soon as possible, but she is unable to talk.

H. W. Rickey, the poultry expert, says, "The total cost of raising pullets, everything taken into account, would amount to $2.43 while the cost of raising capons forty-one weeks old would be $5.04; but nine-and-one half-pound capons, selling at 55 cents a pound would be worth $5.22—not a huge profit. But then, caponizing is better adapted to the farm, under farm conditions where there is unlimited range for the fowls. For the man in town, with his small flock, the cost of labor does not enter into his calculations. The work is his pleasure, his recreation and he is glad of the opportunity to obtain it in this way.

The steamer Avalon made her trip to Chestertown Monday after a week's absence.

All ex-service men are invited to the rooms of the American Legion, Chestertown, on Thursday, February 16, to eat salt water oysters.

Joseph Brown, colored, of Chestertown, was arrested in Elkton, Wednesday night, charged with operating an automobile while he was under the influence of liquor. Justice Frank G. Pratt imposed a sentence of six months in Elkton jail.

Fred Moore, colored, aged 27 years, died at Union Hospital, Elkton, at midnight, from gunshot wounds inflicted by Oscar Coates, his brother-in-law. The shooting took place at the home of Moore in Cecilton, when Coates fired the contents of a shotgun through a window at his victim. No cause can be learned for the shooting Coates having fled immediately afterwards.

He writes his brother, Arthur Cooper, of the Kent News composing room, that New Bern seems to be one of the few places that escaped the blizzard of last week. He says the weather down there is fine and summer like. Same old swimming parties in the river every afternoon and moonlight sails at night. It is said the dances at New Bern Park were as well attended as during the summer and it was a joyous sight to see the young couples strolling about the grounds between the dances enjoying the refreshing breezes.

APPEAL FOR JEWISH RELIEF

The Jews of Maryland, during early part of February, will be engaged in a great humanitarian effort in behalf of their stricken co-religionists in Eastern and Central Europe. They have been called upon to raise $500,000 as Maryland's share in the fund of $14,000,000 which the Jews of the United States are working hard to collect for the various activities to be carried on abroad by the American Jewish Relief.

Eight million Jews in Eastern and Central Europe appeal to their brethren in the United States for help and friendship. Knowing, as we do, that the impulses of the Jews always have responded to the pleas of human suffering, we feel that the Jews of this community will do everything in their power to make the campaign in this State a conclusive success. Headquarters are at Fayette and Calvert Sts., Baltimore, Md.

Bond and Chestertown received about $450 each while the other five get about $90 each because of various interests. Salem and Mowbray Churches will have to get an act of Legislature to enable them to procure their part.

Accidents.

While returning from Baltimore to their home near McGinnes' Corner, in Queen Anne's county, in a car driven by James Hadaway, Saturday afternoon, George Hollexy was seriously injured, having his collarbone fractured and several ribs broken, when the car ran into a snowdrift, causing the machine to upset and pinning Mr. Hollexy under the running board. Mr. Hollexy was brought to Dr. Simpers who attended to his wounds and then taken to St. Joseph's Hospital, Baltimore, where the fracture was set. Mrs. Hollexy was not injured but the driver, James Hadaway, had his back strained. Walter Hadaway accompanied the injured man to Baltimore and did everything to assist him.

SEED

As seeding times comes nearer you naturally begin to think of just what you will sow this year. We have the interest of our customers before us when we make our purchases of seed and it is our aim to buy quality seed. Just a word about RED CLOVER.

This year there is being offered to consumers much French Red Clover that came into this country too late for 1921 seeding. That seed is offered at a lower price than our American grown seed. It is lower in germination and purity, which are the two most important things you have to consider in buying clover. We offer you a very superior lot of strictly American Grown Red Clover that shows 99.63 Purity; 95.00 Germination.

We had a better lot of Red Clover and the price at which we offer this today is lower than the market will afford. We have fine lots of ALYSKE, TIMOTHY, ALFALFA, RED TOP, ORCHARD GRASS.

Our Alfalfa is American grown and has high purity and germination tests.

Orchard Grass

We have a fine lot of this seed and purity and germination are better than we have ever had before on Orchard Grass. If you want a good stand free from daisies and weeds. Try this lot.

Orders

We are booking orders for seed at today's prices. If you buy now you will be protected against any further advances in the market. Place your order now for these HIGH TEST SEED.
