## CASTORIA

It was only after years of research in the fields of herbs and roots for a combination of purely vegetable matter that would have all the virtues of Castor Oil, without its disagreeable, nauseating properties, especially when used for infants or children, that the formula used in Fletcher's Castoria was found, and which for over 30 years has proven its worth. ### Gabriel Hines To Play For President

Gabriel Hines, the celebrated pianist who recently went to Cambridge to live, has an appointment to play for President and Mrs. Harding at the White House some time during the later part of this month or early in June, the exact date has not been fixed. Mr. Hines first became acquainted with the President some few years ago at his home in Delaware, Ohio.

Mr. Hines, who is of Russian descent, was born in New York city. He is noted as one of the best pianists on the Chautauqua platform. He is a staunch supporter of American opera. He was awarded the second prize of $1500 for the best American-composed cantata at the Panama-Pacific Exposition held in San Francisco. He married Miss Minnie Sachs, the pretty daughter of Mr. and Mrs. H. Sachs, of Chestertown.

### TURKEY LAYS EGGS WHILE SETTING

James Eashum, of near Roxana, Del., has a turkey hen which laid 32 eggs before she became broody. When she wanted to set 21 eggs were placed under her and 19 of the eggs were hatched. All the time she was on the eggs she continued to lay and has continued to lay while carrying her brood. After strutting about the farm most of the day with her young, she manages to leave them long enough to lay and then returns to them.

## MRS. MYERS OUT WITH STATEMENT.

Declares Her Sufferings Were So Great She Could Hardly Endure Life.

Still another Baltimore woman comes forward and adds her voice to the hundreds who have already endorsed the wonderful medicine, Tanlac. This time it is Mrs. J. A. Myers, residing at 340 Beech Ave., in the Wallbrook residential section, Baltimore, Md. While discussing Tanlac, which has proved of such great benefit to her, Mrs. Myers said:

"If I could I would put a bottle of Tanlac in the hands of every rundown suffering person in Baltimore. I have tried most every kind of medicine that could be mentioned, but it's the truth, my first bottle of Tanlac did me more good than all the others combined.

"I had suffered from nervous indigestion until I could hardly endure life. I lost all desire for food and my stomach was so upset that even the lightest meal would give me trouble I had no energy and many days I felt so tired and worn-out that I could not even start my housework before noon time, and then it was such a strain on my little strength that I often had to stop and rest before getting through.

"My nerves were in such a wretched condition that I could hardly sleep at all and I would get up mornings even more tired than when I retired at night. In this awful run-down condition, last winter, I had a severe spell of the grippe and from that time on, until I began taking Tanlac, my condition was more deplorable than ever.

"I have only taken three bottles of Tanlac so far, but there is a world of difference in my condition already. My appetite is so ravenous that it takes three good meals a day and a lunch between meals to satisfy me. I can't tell the time when food tasted so well or when eating gave me more real enjoyment than it does now, and the best part of it is my stomach does not give me any more trouble.

"I feel so much stronger and have so much more energy that my housework is all through with before noon every day. In place of dreading it, I really enjoy it. I sleep fine at night and have not felt better in years. After all Tanlac has done for me I think it nothing but right that I should tell everybody I can about it."

Tanlac is sold by all good druggists.—Adv.

## CHANGE OF LIFE WOMAN'S TRIAL

Proof That Lydia E. Pinkham's Vegetable Compound is of Great Help at This Period

Metropolis, Illinois.—"I have taken Lydia E. Pinkham's Vegetable Compound and it is all it claims to be and has benefited me wonderfully. I had been sick for eight months with a trouble which confined me to my bed and was only able to be up part of the time, when I was advised by a friend, Mrs. Smith, to try Lydia E. Pinkham's Vegetable Compound and Liver Pills. I was so much benefited by the use of these medicines that I was able to be up and about in two weeks. I was at the Change of Life when I began taking the medicines and I passed over that time without any trouble. Now I am hale and hearty, do all my housework, washing, ironing, scrubbing, and cooking, all there is to do about a house, and can walk two or three miles without getting too tired. I know of several of my neighbors who have been helped by your medicines."—Mrs. EMMA CULVER, 705 E. 7th St., Metropolis, Illinois.

Depend upon Lydia E. Pinkham's Vegetable Compound. Nervousness, irritability, heat flashes, headache and dizziness, are relieved by this splendid medicine.

Before Painting any New Building

If you think any old paint is good enough for the prime or first coat on a new building, then this interests you

WHEN the building was started, didn't you make sure that the foundation was as good as could be made?

It's just as important that the foundation coat of paint be as good as can be made. You can't start with a poor paint and end with a good painting job.

The only way to end right is to start right. Use Lowe Brothers High Standard Paint, thinned with pure raw linseed oil for the priming coat, and follow that with one or two more coats without thinning.

You'll be more than satisfied with the saving, as well as the good looks and long lastingness.
