Don't Wait for Foot Trouble

TO PREVENT IT

RIGHT NOW—While your feet are yet good and healthy—why not wear shoes that will keep them well?

We know the correct shoe for your foot and fit you carefully. Little Pains and Aches do not necessarily indicate weak arches, but are often warnings, that unless your feet are properly fitted future troubles will surely follow.

Our prices are usually lower and our shoes wear longer.

At this time we have a fairly good selection of all makes of shoes and can fit all feet correctly.

COUNTRY-WIDE ADVERTISING FOR SHO' TOWNS

The results that may be obtained by the united efforts of communities is fast becoming recognized on the Eastern Shore, where a movement was started several weeks ago for the organization of a Peninsula Chamber of Commerce. Already temporary officers, including president, secretary and treasurer, and a Board of Directors have been elected to serve until the first meeting of the members of the organization in February. The work of the officers pro tem will be confined until that time to the preliminaries attendant to the perfecting of the body.

To date, Dover, Milford, Seaford, Cambridge, Centreville, Chestertown, Ocean City and Salisbury have announced their intentions of entering the organization and of being in perfect accord with the movement. Crisfield, Pocomoke City and Cape Charles, Va., are among the other towns said to be desirous of becoming members of the Chamber.

By-laws have been drawn up and adopted by the Board of Directors. These state that the purpose of the organization is to promote the economic, civic and social welfare of the people and communities of the Delmar-Via peninsula, and to bring before the people of the United States facts concerning the peninsula in order to secure wider markets, more visitors to this section, and more responsible and progressive property owners.

The Peninsula Chamber plans to conduct a national advertising program setting forth to the people in other parts of the country the advanages of locating on the peninsula for both commercial and agricultural enterprises.

Three annual meetings of the full membership will be held—the first Monday in February, at which time the officers for the ensuing year will be elected, and the first Tuesday in June and October, although a meeting may be called at any time by the president. Membership fees in the Chamber will be $25 per annum.

The temporary officers of the Chamber are: President, Fred P. Adkins; secretary and treasurer, Charles M. Freman. The following representatives of the various towns constitute the Baord of Directors: Chairman, Henry P. Jones, Dover; Robert H. Matthews, Cambridge; Albert L. Diamond, Seaford; H. S. Valiant, Milford; E. O. Willis, Centreville, and Charles M. Freeman, Salisbury.

PLAN TO LENGTHEN SCHOOL TERM IN STATE

Lengthening of the school year from 180 days to 190 days was vigorously recommended at an important meeting of County School Superintendent held last week in Baltimore.

The idta of the educators in urging a longer year is to bring Maryland back to her old rating in the Ayres' School Guide. This State formerly ranked third among the States in the length of her school year, while now she ranks eighteenth. The superintendents say that Maryland has not retrograded in this respect, but that other States have increased the length of their school years.

As the matter now stands, the schools open anywhere from Sept. 5 to 11. They begin closing on June 1 and continue until June 22. The difference is explained when industries in the various localities are considered. The school authorities yesterday say that these will be taken into consideration, as many children are employed in near-by plants during the vacation.

Another matter taken into consideration was the question of pupils transferred from a school of lower classification to a school of a higher rating, and their subsequent standing. The superintendents agreed that a pupil taken from a second-grade school into a first-grade school should be required to go back over the work of the grade in which he last was placed.

For instance, if a pupil from the ninth grade of a secondary school comes to a first-grade school he cannot enter the tenth grade, but must repeat the ninth. The only exception made in this case is when the curriculum of the secondary school has been inspected and approved by the proper authorities.

MRS. FELTON FIRST OF SEX IN SENATE

Mrs. W. H. Felton, of Cartersville, Ga., was appointed by Gov. Thomas Hardwick Monday to fill the vacancy caused by the death of Senator Thos. E. Watson until the people elect a successor in November. Mrs. Felton will be the first woman to become a Senator. Whether Mrs. Felton will actually have an opportunity to qualify and sit in the Senate is doubtful, for her successor will have been elected before the expected special session of Congress in November. Mrs. Felton is the widow of Dr. W. H. Felton, who served as member of Congress for several terms. She has long been active in Georgia politics. In announcing Mrs. Felton's appointment Governor Hardwick said he would himself be a candidate to succeed Senator Watson in the primary to be held October 17. Mrs. Felton announced she would accept the appointment, which previously had been declined by Mrs. Watson, widow of the Senator.

MONTHS OF SUFFERING

How a Baltimore Girl Recovered Her Health

Baltimore, Maryland.—"For several months I suffered with severe backache and general weakness. I could not sleep comfortably at night for pains in my back. I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. I have had very good results and some of my girl friends are taking it now. You may use this letter to help other girls, as the letters in your book helped me."—ROSE WAIDNER, 3018 Roseland Place, Baltimore, Md.

That is the thought so often expressed in letters recommending Lydia E. Pinkham's Vegetable Compound. These women know what they have suffered, they describe their symptoms and state how they were finally made well. Just plain statements, but they want other women to be helped.

Lydia E. Pinkham's Vegetable Compound is a medicine made from medicinal roots and herbs, and without drugs, to relieve the sickness women so often have, which is indicated by backache, weak feelings, nervousness, and no ambition to get anything done or to go anywhere. It has helped many women. Why not try it?

Wm. Frazier Russell, Jr., Attorney.

ORDER NISI

Wm. Frazier Russell, Jr., Assignee
versus
William H. Watkins, et al.

In the Circuit Court for Kent County.
In Equity. No. 2184.

Ordered, this 15th day of Sept. 1922, by the Circuit Court for Kent County in Equity, that the sale of the mortgaged real estate mentioned in these proceedings, made and reported by Wm. Frazier Russell, Jr., Assignee, under and by virtue of the power of sale contained in a mortgage from William H. Watkins et al to Elsie Davis dated Aug. 3, 1921, and duly assigned to Wm. Frazier Russell, Jr., be ratified and confirmed, unless cause to the contrary thereof be shown on or before the 18th day of November next; provided, a copy of this order be inserted in some newspaper printed and published in Kent county, once in each of four successive weeks before the 16th day of October next.

The Report states the amount of sales to be $1,230.00.
