Lyceum Course At The College.

For the first time in some years Washington College is to conduct a course of lectures and concerts during the coming months. Entertainments have been scheduled for Wednesday, November 29, Monday, December 18, Friday, January 26, Wednesday, February 14, and Saturday, March 3.

The series contains lectures, concerts, and other artistic entertainments. The first number is to be a lecture on the wonders of electricity by Louis Williams. Apparatus valued in the tens of thousands of dollars will be used. The audience is to be treated to a series of dazzling experiments illustrating the wonders of this modern wizardry.

Season tickets have just been put on sale at $1.25 for the five concerts. Single admissions will be fifty cents. It is hoped that the present course will be so well patronized that a more ambitious program can be undertaken next year.

BAKER FINED $250 ON LIQUOR CHARGE

Talbot Attorney Pleads Guilty To Having Whiskey In Possession Unlawfully—Negro Is Sent To Jail.

James Baker, secretary of the Association Against Prohibition, of Talbot county, a leading attorney, and one of the wealthiest men in his county, pleaded guilty Saturday in the United States Court to violating the Volstead act and was fined $250 and costs by Judge John C. Rose.

He was charged with having 10 quarts of whiskey in his possession unlawfully. Edward Gibson, colored, a tenant on Mr. Baker's farm, pleaded guilty of having in his possession four gallons of spirits, 55 gallons of mash and a still, and was sentenced to two months in the Talbot county jail.

George W. Lindsay, Assistant District Attorney, told Judge Rose that the whiskey, mash and still were found by revenue agents who raided Gibson's house on Mr. Baker's farm a week ago. In searching the house the raiders came to a locked door upstairs. Gibson said he did not have the key of the room, which was in Mr. Baker's custody, as the room was reserved for him.

The agents broke down the door and found inside the room 10 quarts of whiskey, which Mr. Baker was charged with having in his possession. The arrest of Mr. Baker caused a sensation in the county. He was released on his own recognizance for his appearance for trial in Baltimore with result above stated.

CALL A HALT

If there were fewer high priced County Agents employed and less expenditure of public money to furnish them with free automobiles to chase over this county, exploiting fads and fancies, there would be much less occasion to issue bonds for school purposes. The fact is, the time has come to call a halt.

With State bond issues and County bond issues and Town bond issues and bonds for public highways and bonds for water systems and bonds for sewer systems and bonds for educational purposes, our taxes are being piled mountain high and the cry is, still, for more.

If an end is not, shortly, put to this wildly extravagant expenditure of public money, this State and this County and this Town will be, hopelessly, bankrupt.

The farmers, especially, of this County, are today laboring under burdens they can scarcely bear and to impose upon them and the rest of us an additional debt of one hundred and fifty thousand dollars is enough to make the stoutest heart hesitate.

We favor the giving of all proper advantages to the children of this County and we think the County has, already, been generous to a fault, in providing educational facilities for them, but there is a point beyond which our authorities ought not to be permitted to go and, therefore, we appeal to the people of this County to vote against the proposed $150,000 bond issue.—Cecil Whig.
