EXPLAIN MEANING OF CHURCH MEMBERSHIP

The Christian Endeavor topic last week is discussed by Rev. Joel S. Gilfillan, D. D., chairman of the Sustentation Committee of the Presbytery of New Castle and pastor of Olivet Presbyterian Church, who takes for his subject: "The Meaning of Church Membership." Dr. Gilfillan says: A church is not a building but an association of christians. Whether they meet in a building, by the seashore, or in a private house the church is the assembly of christians. The requirements for membership in a church are very simple. They are found in Acts. 2:38-40 "Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost. For the promise is unto you and to your children, and to all that are afar off, even as many as the Lord our God shall call—Then they that gladly received the Word were baptised." And when they were added to the church it is said "They continued steadfastly in the Apostles' doctrine, and fellowship and in breaking of bread and in prayers." Thus we see that their meetings were characterized by unity of faith, by a happy social fellowship and united prayer. They then went out to work and to persuade others to come to the meetings. Each one was an evangel, and did effective work among his companions.

Every one that trusts in the Lord Jesus Christ for the remission of his sins should belong to some church, and in the services and ordinances of that church he would be acknowledging Jesus before the world. Each church has some visible form of membership recognition of Christ as the Savior, and the partaking of the ordinances of the church is a confession of Christ. In baptism he gives an open declaration of his faith; he thereby acknowledges his belief that his sins have been washed away, and that he has been grafted into Christ, and that he will henceforth draw the nourishment of his life from Him; and that he is no longer his own but is bought with a price. While in partaking of the Communion of the Lord's supper, as oft as he partakes thereof, he is preaching the sacrificial death "Till He Come."

Let every one read carefully Matthew 10; 32, 33.

Fewer Election Amendments

It Affects Terms of Numerous County Officials.

State And County Officers All To Be Elected For Short Term Of Three Years In 1923. Four Year Term To Begin In 1926.

The only county offices not affected by the Fewer Elections Amendment are: State's Attorney, State Senator and Judges of the Orphans' Court. These officials have always been elected for four years, and will continue in the same routine. The terms of all other county officials will be materially lengthened or shortened, and from 1923 to 1926 no county or State official will be elected for more than three years.

The terms of sheriff, members of the House of Delegates, and members of the Board of County Commissioners will be increased from two to four years, but next year they will be elected for three years. For State offices the Governor will be elected for three years in 1923, but in 1926 will be elected for four years. The Comptroller, under an amendment passed at the same time, will be elected for a term of four years instead of for a term of two years as formerly. Next year, however, the Comptroller, like all other State and county officials, will be elected for three years.

The adjoining table indicates the present term of county and State officials, the term for which they will be elected in 1923 and the term for which they will be elected in 1926.

The next meeting of Worton Grange No. 314 will be held in the Hall Monday night, November 27th. This meeting is called "Home Coming" night, and we propose to make it a night to be remembered. A most interesting program has been prepared by our lecturer, who after passing through much sickness and sorrow, is again able to be among us. We welcome her. The program consists of music, a debate, Resolved, That the frying pan has killed more people than bullets; song, Keep the Grange Fires Burning; dialogue, Julia Williams and Ann Matthews; a class of boys and girls will also sing Yankee Doodle backwards. This with questions, songs, recitations, etc., will complete the program, and the meeting will then be turned over to the Graces who will then tempt the inner man such as only they can do. All our old Grange members are invited and expected to be present, so don't miss it. Quite a few of our Grangers took part in presenting the Fifth Degree at Kennedyville on **Thursday** night, while several more from this Grange were initiated into the mysteries of this Degree. All report a pleasant and profitable evening.

BORDLEY & SON
THE MEN'S STORE

CAUSE AND EFFECT

Because we keep at all times the largest and most complete line of Clothing, Shoes and Furnishing Goods in the two counties.

In fact we claim to have more Hand Tailored and Perfect fitting Suits and Overcoats than all the stores in Kent county combined.

Because in every instance our prices for the same quality of clothing is far below city prices, and customers are finding out this important item every day and telling their friends who are quick to take this advantage. We even have customers who come from the city to our store for their wants. This is the reason our business has shown a healthy increase every year since we have been in our new store.

Our business for 1922 has already shown an increase over 1921 of more than 21 per cent. There can be no other reason for this large volume of trade except customers have found out to their entire satisfaction that they can always get at this store what they want and when they want it, and at prices entirely satisfactory.

Our up-to-date Shoe Stock is the largest in the town. Every pair guaranteed to be solid leather from toe to heel, and at all times a new pair or money refunded for any pair that may prove unsatisfactory. It will more than pay you to look us over and be convinced.

ENGINES! SHELLERS! GRINDERS!

Three very necessary things at this season of the year. Most farmers have found out long ago that it does not pay to feed whole grain to stock. Ground feed is worth about 25 per cent. more than the whole grain.

We have a complete line of Engines, Shellers and Grinders and we will be pleased to have you come in and talk the matter over with us. A few hours work on a rainy day now and then gives a supply of nutritious stock food that adds many dollars to the farmer's yearly profits. Prices are right.
