CHESTERTOWN - MAR. 24, 1888.

Still Pond Agricultural Club.

CLUB ROOM, March 10, 1888.

MESSRS. EDITORS:—Club organized to-day at the usual hour, and after the reading and adoption of minutes of previous meeting N. Barnard was called upon for report of his visit to Baltimore in the interest of Fruit Exchange, which was as follows:

THE BALTIMORE FRUIT EXCHANGE.

Report of Mr. N. Barnard to the Still Pond Agricultural Club: In accordance with instructions from the club, I visited Baltimore on the 6th of March and at once repaired to the office of H. O. Devries, agent of the Maryland State Grange, and was very cordially received by that gentleman, and Mr. Shepherd, chairman of the executive committee of the same order, Mr. Bates, President of the East Baltimore Business Men's Association, and Mr. Gardner, chairman of the executive committee of the latter organization. The unanimous decision of this conference was in favor of the establishment of a Fruit Exchange in Baltimore; but before decisive action should be taken in favor of calling a convention it was deemed best to select suitable wharves and premises for the handling and sale of the vast quantity of fruit and produce that must find its way here. For this purpose the committee then in a body repaired to the office of Mr. Brown, where we were joined by Mr. A. Dolfield, of the Business Men's Association. We had a very satisfactory conference with this gentleman (who represents the Brown wharf property) lasting some 2 hours, which resulted in securing the wharves and premises at foot of Broadway, known as Brown's wharves. This property, on account of its location and commodious appointments, is acknowledged to be better adapted for our purpose than any other in the city. The terms of the lease will be made known in a short time, after the papers shall have been executed. Suffice it to say, they were most satisfactory to all parties concerned, and gives us the option of these premises for five years. A very important feature connected with this arrangement is we get the benefit of the Florida fruit trade, which is now gravitating to these wharves, which must prove an attractive and remunerative feature to our business. A call was then made for a convention of farmers of the State of Maryland to meet in Baltimore April 2, 1888, a copy of which appears in the columns of this paper. N. BARNARD,

Chairman of Executive Committee.

Still Pond, Md., March 10, 1888.

After the reading of the report the club devoted the balance of the day in discussing this important question, and it was the unanimous decision that an opportunity of so much importance was never before presented to the fruit and truck growers of the State of Maryland. That a reform in method for the sale and distribution of our produce is necessary, none will deny. We have too long suffered the results of hap-hazard system. Confusion and demoralization in the management of this interest in the past has been the rule and not the exception. We have too long delegated the management of our business to others. Not wishing to cast reproach or censure upon the many honorable gentlemen who have acted for us in the past, we do claim and insist that more systematic and economical management must be had. We know full well they have labored under many difficulties; we do know they have suffered many losses; and to compensate them for these losses they claim high commissions a necessity. We know, too, that the facilities for reshipping from Light street are inadequate; too far from railroads, incurring heavy expense in transit through the city; and worse still, the delay incident to this mode is fatal to extensive business in this line, so essential to relieve Baltimore of surplus stock and thus prevent gluts, so ruinous and demoralizing to this interest. We propose to remedy, or at least mitigate, these evils. We propose to adopt the cash system and prevent loss. We will locate where fruit can be loaded on the cars directly from the boat, and trains move off as loaded. We will make it to the interest of shippers from the North, South, East and West to locate here where they can operate with promptness and profit. The Baltimore and Ohio and Pennsylvania cars close at hand, they will have the benefit of competition and the utmost dispatch, so essential in moving perishable produce.

Let me urge the great necessity of assorting peaches. No one can obtain good prices for indifferent fruit. The shippers will not have them as a gift; will not pay expenses of shipment long distances. Canners do not want them and nobody should eat them. Fruit honestly assorted is always in demand. One's brand soon becomes known, be it good or bad. Farmers, never before was such an opportunity offered. Will you help us to inaugurate this reform? Will you give us your support and influence? Will you work with us? Will you call meetings and organize and pledge your fidelity and good faith? Will you give this one year's trial, at least? Unless we organize and co-operate we will be beat, as we will deserve to be, if we fail in our duty. I know you will. Maryland farmers possess too much ambition and pride to reject an offer of this kind or allow it to go by default. Come, then, to the convention, every man of you, to be held in Baltimore April 2, in White Hall building, Bank street. We desire the benefit of your counsel in organizing this important movement. EUSEBIUS.

THE PIG PARTY IS NOW FASHIONABLE.—Another new fad for social gatherings has been discovered or invented. It contains as much hilarity as those gatherings for the study of anatomy called the donkey party. The new thing is called a pig party. Everybody at a party is required to draw with a pencil on white paper, two pigs. The drawing must be made without taking the pencil off the paper. The second drawing must be made with the eyes blindfolded, after which the paper must be signed. The fun comes when a comparison of the drawings takes place, and the prize in competition is given to the draughtsman of the best pig. The person who makes the worst drawing is called the pig.—*Balto. Sun.*

A GIRL'S COMPOSITION ON BOYS.—Boys are men that have not got as big as their papas, and girls are young women that will be young ladies by and by. Man was made before woman. When God looked at Adam he said to himself, "Well, I guess I can do better if I try again," and then he made Eve. God liked Eve so much better than Adam that there have been more women than men ever since. Boys are a trouble. They are wearing on everything but soap. If I had my way half the boys in the world would be little girls and the rest would be dolls. My papa is so nice that I guess he must have been a girl when he was a little boy.

IT ISN'T HARD AT ALL.—"I never can learn all that," sighed out a little one. And it was really quite a long column. Just then, her eyes rested upon an ant tugging along with a big burden. She forgot the lesson to look at the busy ant. What hard work it had to drag that dead beetle! It would pull and rest, pull and rest, but got at last home. The lass took up her book, and the spirit of the ant came into her. One pull at a time, one word at a time. She hung on to her lesson as the ant to its load. After a while she sang out, "I know it. It isn't hard at all."

A WELL-KNOWN showman who once ran a newspaper in a Pennsylvania town tells a story which will amuse the printers. He hired a big colored person to do chores about the office, and on one occasion directed him to move a form from one place to another. The man promptly put it on his head, and just as promptly his head went though, and there was a terrible mess of pi. To his employer he thus reported: "Boss, I done spilled the type, but I saved the frame."

A WORD TO WIVES.—Perhaps it is a proof of a man's inferiority that he must be managed a little. Nothing annoys him more than to be eagerly questioned when he comes home tired. Give him a neatly served dinner, or a pair of easy slippers and a cup of tea, and let him eat and drink in peace, and in time he will tell you, of his own proper motion, all you wish to know. But if you begin the attack too soon, the chances are that you will be rewarded by curtly smoken monosyllables.

A LITTLE boy six years old, and a little girl eight, were looking at the clouds one beautiful summer evening, watching their fantastic shapes, when the boy exclaimed: "Oh Minnie, I see a dog in the sky." "Well, Willie," replied the sister, "it must be a sky terrier."

JONES—"I say, Smith, I saw a great magician last night. He could give you lemonade or any drink you wanted out of a white hat." Smith—"That's nothing; we've got a grocer on our corner who can give you thirty-five, forty and forty-five-cent butter out of the same tub."

THE bustle must not and will not go though it is entirely willing to take a back seat.

THE INCURABLE CURED!

HOPKINSVILLE, KY., Feb. 24, 1887.

Gentlemen—Seven years ago a sore developed on my nose from a finger nail scratch. I tried a few simple remedies, but the sore would not yield. I grew worse every year for seven years. Many thought I had a cancer. Over a year ago I commenced taking S. S. S., and two dozen bottles entirely cured me. When I began with Swift's Specific I was in very poor health, and could hardly drag about. After I had finished the course of S. S. S. I was strong and buoyant, and had a good appetite. I regard it as a most valuable medicine for ladies in weak, delicate health. It is a household medicine with me. Yours respectfully,

MRS. R. W. WILSON.

SPARTANBURG, S. C., April 2, 1887.

Gentlemen—For twenty years I have had a sore on my left cheek. It had gradually been growing worse. The many physicians whom I had consulted were unable to do me any good. Last fall a year ago I began using S. S. S. At first it inflamed the sore, and it became more virulent than ever; so much so, indeed, that my family insisted that I should leave off the medicine. I persisted in using the S. S. S. At the end of two months the sore was entirely healed. Thinking that the evil was out of my constitution, I left off the medicine; but in November, ten months after, a very slight breaking out appeared. I at once began again on S. S. S., and now that is also disappearing. I have every faith in S. S. S. It has done me more good than all the doctors and other medicines I ever took. Yours truly,

A. R. SHANDS.

WINSTON, N. C., April 12, 1887.

Gentlemen—Two or three years ago a cancer came on my face. It soon grew to be quite large. It wore on me, and my general health was very poor. Last September I began a course of S. S. S., which I have continued to the present time with the happiest result. The cancer has entirely disappeared, there being no evidence or symptom of a cancerous character left. My general health is good now, and my appetite better than it has been in years. I am 82 years old, and to-day I am working in the field planting corn. Yours truly, JORAS LINEBACK.

Gentlemen—I had a sore on my upper lip for eight years. Seven different doctors attempted in vain to heal it. One gave me a small vial for five dollars, which was a "certain cure." It is needless to say that it did me no good. About two years ago I became quite uneasy, as people thought I had a cancer, and I took a course of eighteen bottles of S. S. S. The result has been a complete cure. The ulcer or cancer healed beautifully, leaving scarcely a perceptible scar. From that day I have been in excellent health, the Specific having purified my blood thoroughly, increased my appetite and perfected my digestion. In a word, I feel like a new woman, and, best of all, the eight year ulcer is gone entirely. Yours sincerely,

MRS. W. P. CANNON.

all of which will be sold at close figures. We have now a Ladies Button or Lace Shoe at $1; a man's Solid (or no sale) Plow Shoe at $1 a pair; a man's Dress Shoe at $1.25, $1.50, $2 and $2.50; and the best Glove Kid Top, kid front, worked buttonhole Shoe for Ladies and Misses at $1.75 that we cannot beat—Having sold 600 pairs of them in two (2) years without one just complaint. We also have a Kid-top Shoe for Ladies at $1.25 a pair, but please bear in mind that when you buy a pair of $1.25 kid-top shoes of us you will not get our $1.75 shoe, as we only advertise what we can and will do and nothing more.

LIME, HAIR, WHITEWASH BRUSHES, &c. We are selling the W. J. Lime, which is said by both carpenters and masons to slack at least one-fourth more than other lime, and having made a special contract for same would like builder as well as whitewasher to call and get prices.

We also have Wm. Lea & Sons, C. A. Gambrill's, and other brands of FLOUR, which we are selling by the Pound, Bag or Barrel as cheap as it can be bought in the city for the cash, as we sell Flour by the barrel for the CASH ONLY.

☞We aim to keep a little of everything, and by buying our goods close for cash and discounting all our bills we are enabled to meet all and any competition. Again thanking you for past favors we ask a continuance of same. Respectfully,

May 7, 1887. W. C. A. THOMPSON.

Coal, Coal.

TO OUR FRIENDS AND PUBLIC.

THINKING that our brother Coal merchant might put some false impressions into your minds in reference to having the best coal sold in this market, we must state that we don't agree with him. While we don't claim to have better than our competitor, we do claim to have as GOOD COAL AS IS SOLD ON THIS OR ANY MARKET. There is no Coal that is better adapted to ALL USES than the SCHUYLKILL COAL, operated by the largest coal operators in the country. We also claim that we have prices to meet the lowest coal quotations. Hoping to be favored with your order, we remain, very respectfully,
