MATRIMONIAL.

WEER — COPPER.

At the residence of the bride's parents, near Kennedyville, on April 17th, Mr. JAMES E. WEER and MISS MINTA COPPER were united in matrimony by the Rev. C. R. Blades. At 8 o'clock the happy couple, preceded by Messrs. J. P. Hendrickson and W. B. Copper, entered the spacious parlor where amid their numerous relatives and friends they were made one. The evening passed pleasantly, the friends being invited to partake of refreshments during the time. About eleven o'clock the company departed to their respective homes. Mr. and Mrs. Weer will reside in Kennedyville, where the groom has a pleasant home.

THE RUSH FOR OKLAHOMA.—A dispatch from Kansas City, Mo., says: "In this region nothing is heard but Oklahoma. In the freight yards, crowded on the tracks and under moving orders, are about thirty huge freight trains loaded with the anticipated necessities of the coming community. There are houses in sections ready to be bolted together and entered for habitation within 60 minutes after their delivery. There are completed stocks of every conceivable sort of merchandise, and with each carload of stock is packed away the building required to harbor it. In this manner drug stores, dry goods stores, boot and shoe stores, saloons and groceries are drawn up in readiness to be launched forward upon the favored centre. It is said in the railway offices here that 1,000 carloads of supplies for Oklahoma have already been sent forward and are awaiting the onset at Arkansas City on the border. Meanwhile there is a steady gathering of pilgrims by the railroads, but the passenger business in the direction of the new country is not yet commensurate with the freight movement. The rush, however, is perceptibly beginning, and will gather in volume and energy throughout the week.

"Reports of the continued rise of the Cimarron river continue to come in, and this is threatening to cut off those boomers who are awaiting upon the northern borders the long-withheld permission to pass over and take the land. Such circumstances but tend to darken the prospect, and it is believed here that the opening will be marked by much violence. The poor squatters, with their slow teams, who months and years ago marked out their intended homes within the promised land, declare they will fight for them. There is, however, no more present talk of burning bridges and blocking the railroads. Meanwhile troops are being quietly disposed in strength to do police duty in conjunction with the marshal at the points of crowded settlement and registration."

A MARYLANDER KILLED IN MONTANA.—James Montgomery Covey, the only son of Mr. James H. Covey, of Talbot county, Md., was killed in an accident on the 7th instant, in Montana Territory, where he had resided for two years. He was employed as a civil engineer on the road on which he was killed. His remains were brought home and interred St. Michael's. He was 25 years of age, and a graduate of the Virginia Military Institute.

WHEN you visit Baltimore stop at the Maltby House, where will be found first-class accommodations and exceedingly low rates.

GALENA LOCALS.

Arbor Day.

The arrangements for the observance of Arbor Day even in Galena were upon a somewhat elaborate scale. The preparations were somewhat out of the regular order of things, and all concerned took a lively interest in carrying out the recommendations of our governor. The school children were busy for some time preparing for the Day. At the time appointed by the request of the principal Rev. Mr. Fosnocht opened the exercises with the Lord's prayer. Then the appointed committees to plant trees and bring water were so eager to proceed to their work that they forgot entirely that the reverend gentleman was to close with the benediction; but, nevertheless they did some good work, for they planted 30 or 40 trees in the school yard, a piece of ground about 50x150 feet, and all passed off pleasantly. The children named the trees and such a variety of names, too—from President Harrison down to a horse called Frank. If they only had enlarged their ideas and planted some of those trees along the walk leading to Georgetown it would have been better, but I presume the young idea was to beautify the school premises. To help along the tree planting, our postmaster, Mr. Henry Parr, has had 15 or 18 trees planted along the sidewalk leading to Georgetown as a beginning, in hopes that others may follow in planting trees from the Presbyterian Church at Georgetown to Galena.

At Court.

Our town seems deserted, as it usually is during court week. Every one left is anxious to hear from the jurors from here, as they come home every evening, what is going on in court, for all expect to be summoned. Not that there is any thing wrong here, but as was hinted some time ago by a prominent citizen, that he would have the pear cider business broken up if he had to have every man, woman and child summoned to court; but it is presumed he has changed his mind.

Other Topics.

Fish carts and drummers seem to be the only things that the supply is greater than the demand just now.

THE farmers are all busy getting ready for corn planting.

WE are to have a new steamboat shortly to ply between Georgetown and Baltimore. With that and the railroad extended to Tolchester, it will put us in easy distance of Baltimore.

THERE will be full morning service with holy communion on Easter Sunday morning, 21st inst., at 7½ o'clock at St. Andrew's P. E. Church, in this place. P.

Arbor Day at Urieville School.

The Urieville school, taught by Miss Helen Link, very effectively rendered the following program on Arbor Day: Song by the school, "Woodman Spare that Tree." Reading, "Live Oak," by Litha Crouch; song by Laura and Mary McKnett; reading, "Little Golden Hair," by Mattie Hepbron; song by the school, "Our Hearts are Light;" "Palmetto and the Pine," by Laura McKnett; song by Laura and Mary McKnett and Bertha Hendrickson; recitation, "Somebody's Mother," by Bertha Hendrickson; song, "Man of Many Names," by Laura and Mary McKnett, which was highly applauded by the audience; solo and chorus, by the school, "Trip Lightly;" recitation, "Little Phil," by Lida Crouch. An interesting feature of the program was an essay on "Arbor Day," by Rebecca Hepbron, a little girl of the 6th grade, as follows:

When this country was settled about 275 years ago it was a vast forest; consequently a great many trees were cut down for building. The old adage, "Woodman spare that tree," has not been recognized of late years in this country. Not only should the trees be spared, but more should be planted every year. As wood is the next important article to bread in the necessities of life, planting trees is very important. We hope, however, it will be many years before Maryland is really in need of wood. We want the trees now more for shade and beauty. Our ancestors made a practice of planting trees and it has been followed in the West. During the last twelve years there have been about six hundred million trees planted in Nebraska. The prairies that were barren thirty years ago, are now covered with an excellent growth of forest and fruit trees. The value of fruit trees should be recognized against snow drifts. The Northern Pacific Railroad Co. has organized a tree planting department, and a million of trees are planted along the railroad to prevent the snow from drifting in the track. The reason schools should observe this day is to implant into the hearts of the children a veneration for the beauties of nature. If this suggestion of Gov. Jackson's is carried into effect every year, in time to come how much more beautiful will our school surroundings be, and each child will feel that he has done something to adorn the garden spot of his childhood.

Five trees were planted and named as follows: Washington, William C. Bryant, Jos. B. Hossinger, Prof. Newell and E. F. Perkins.

Arbor Day at "Hibernia."

MESSRS. EDITORS:—While April 10th was looked forward to with pleasure by many, to none did it dawn in brighter anticipation than to the pupils of school No. 2, who, under the care of their efficient teacher had prepared to inaugurate with becoming ceremonies the initial day of the new school festival, and when the trustees, patrons and friends entered the neat school room, they found it adorned with appropriate mottoes, wreaths and chains of evergreen. At the tap of the bell the scholars, who had formed into line in the playground, marched orderly in, and at a signal, sang a welcome to the Day, followed by an opening address; after which recitations and readings interspersed with well rendered musical selections all in keeping with the purpose for which the school had assembled, were given by the pupils, thus showing

"A little nonsense, now and then,
Is relished by the wisest men."

A humorous dialogue closed the exercises in the school room. The event of "The Day," the planting of the tree, to which all that had gone before was preliminary, was next in order. The scholars again formed into line and marched to the appointed spot where the tree was steadied in position by one of the younger girls, who, naming it William Cullen Bryant, gave a short biographical sketch of the author, extracts from whose "Forest Hymn" had been previously read in the school house. Around the tree stood two girls and three boys, who, each in turn, repeated an appropriate couplet and threw the first earth upon its roots, after which it was firmly planted into place by the junior trustee, the school meanwhile singing "Woodman Spare That Tree." After this teacher, scholars, parents and friends exchanged greetings and congratulations upon the success of the Day at "Hibernia." Not one of the pupils made a mistake or faltered upon this, "their first appearance in public," exemplifying the care with which they had been drilled, and also their own willing obedience to their teacher and the new law. ORPHANS' COURT, April 16, 1889.—Present, Judges Walker, Fisher and Moffett.

I. R. Leaverton and J. C. Loud, adm'rs of Isaac Cordray, filed release from R. C. Smyth, adm'r of R. H. Loud. Emma and S. M. Thomas, adm'rs of John H. Thomas, filed their first adm'r and dividend acc't.

The court was in session again on Thursday but there was no business before it.

AMONG the graduates at the Maltby University of Law last week were two colored men.

EDESVILLE LOCALS.

Arbor Day.

Arbor Day was appropiately observed by the Edesville school, Miss Belle Coleman teacher. The exercises consisted of recitations, reading, declamation, and patriotic songs. The school then repaired to the grounds and engaged in planting trees; seven of which being planted, and with suitable ceremony, were named as follows: Gov. Jackson, Grover Cleveland, President Harrison, J. Frank Wheatley, H. H. Gresham, Sam'l Burgess and J. Walter Skirven; the three last named are trustees. We learn also that Swan Creek and Piney Neck schools had similar exercises and planted trees.

Religious Notes.

Rev. B. F. Benson occupied his pulpit on last Sabbath, preaching with his usual ability. His Christian endeavor as exhibited during the year he has served this charge must win favorable results. The Sunday School is now in active operation, under the following officers: Supt., J. Frank Wheatley; Assistants, A. L. Judefind and Miss Mamie Wickes; Secretary, Miss Belle Coleman; Treas., Miss Ida Wood; Librarians, John E. Hadaway and assistants; organist, A. L. Judefind, Miss Eva Gresham, assistant.

Local Improvement.

Mr. Sam'l Burgess has added quite a unique and cosy porch to his dwelling; of course our neighbors anticipate many happy hours within its cool embrace.

A Balloon Ascension.

The balloon ascension last Saturday by Messrs. Francis and Jester was an entire success, this being the second one given to the breeze this season by them. A large number of persons were present to witness the ascension. OBSERVER.

KENNEDYVILLE NEWS.

REV. MR. CLYME, of Keyser, W. Va., preached at the Grace Presbyterian Church, Sunday, April 14th, and held extra services Thursday and Friday night of this week. He will also hold communion services Sunday afternoon.

REV. MR. DAY, the Methodist Protestant minister at Kennedyville, has not yet arrived to fill his appointment. He will probably be here within a week or two.

MISS LILLE GAREY, of this place, has gone to Pearisburg, Va., where she expects to make her home for awhile.

THE Kennedyville bass ball club defeated the scrub nine on Saturday at Kennedyville by a score of 17 to 9.

MR. JAMES E. WEER, one of our most prominent citizens, having become tired of living alone, took a partner Wednesday night in the person of Miss Minta Copper, one of our most estimable farmer's fair daughters. D.

QUEEN ANNE'S POLITICAL NOTES.—The Queenstown *News* says the Democratic outlook "is for a hot factional fight. The bitterness of factional feeling is cropping out on all sides. We regret this feeling in the early part of the year, we are pleased that it is showing its ugly head so early in the campaign, as forewarned is forearmed."

The Centreville *Record* says it seems to be settled that Mr. Otto Ford is to be postal clerk on the Queen Anne's & Kent R. R., and his friends are now making an effort to have him appointed at once and relieve Mr. Summerfield Tilghman.

Rev. W. E. Thompson is asking for the Centreville postoffice, and is circulating a citizens' petition for signatures of Democrats as well as Republicans.

Tax collectors have been appointed as follows: First district, L. C. Benton; second, Chas. E. Smith; fourth, W. C. Legg; fifth; James E. Marshall; sixth, Samuel Roe, seventh, Geo. W. Fennimore. A warm contest in the third district delayed the appointment until this week.

A CHILD THREE DAYS IN A CLOSET.—Mamie Brow, a four-year-old girl, who disappeared from her home, near Ninth and Willow streets, on Thursday week, was found Saturday afternoon locked up in the closet of an unoccupied house near home. She was in an exhausted condition, having been without food or water for two days and nights, and was found none too soon by a woman who had obtained the keys to examine the house. The police supposed that she had been abducted, and were engaged in watching two old ladies who had wanted to adopt the child. It is not known how the little one came to be locked in the closet, but it is thought that some of her young playmates put her in the closet and either forgot that she was there or were afraid to tell about it. The child is very weak, but will no doubt recover.—*Philadelphia Times.*

BARON AND BARONESS VON LUCROW left New York last week for Europe. Baroness Von Lucrow was formerly Miss Constable, of this city. She was a daughter of the late W. S. Constable, of Kent county, and a cousin of Mr. W. R. Constable, of this city and Mr. Albert Constable, of Elkton, Md. Miss Constable was educated and raised in Baltimore, and spent some time in Europe completing her musical studies. The Baron met her on the steamer while returning from Europe. They were married last September by the Rev. Dr. J. S. B. Hodges, of this city, and afterward by Mayor Fitler, of Philadelphia.—*Sun.*

THIS is a bad age for discoverers. A man in Massachusetts set out last week to hunt up freaks for a Boston dime museum and in one week succeeded in finding a fat woman, a calf with eight legs, four ears and one eye; a dog with two tails and a family of children devoid to knee-caps. In the course of his scientific researches it became necessary for him to hire a team of a local livery stable keeper and having but thirty-four cents capital at the time he neglected to return it. He is now languishing in the Lawrence Jail, a warning to future discoverers that genius without capital is not appreciated in America.—*Phila. Times.*

WHY WASHINGTON IS CALLED THE FATHER OF HIS COUNTRY.—The republication of the names of the descendants of the Washington family who have been especially invited to come to the show has produced a grander "kick" than any that has preceded it. The committee is deluged with letters from every part of the Union from Washington's relatives wanting recognition. The members of the committee say that they now understand better than they ever did before why Washington was called "The Father of His Country."

DIED.

At his residence in Chestertown, suddenly, on Monday evening, the 15th inst., HENRY MIFFLIN THOMAS, aged 58 years on the 1st instant.

In Memoriam—Catharine D. Vannort.

"She lives in Heaven, to fade and die no more;
And when this tenement of clay has perished
My soul shall greet her on the eternal shore."

Yes, dear one, thou art sleeping,
Resting in thy last, long sleep,
To awake in blissful praising,
Praising Him whose grace can keep
All His stricken, suffering children
In His love so rich, so deep.

Long and weary years of weakness
Thou hast patiently endured;
Meekly borne, without complaining,
While shut in and oft immured;
But thy quiet, saintly sorrow
Has for thee sweet rest secured.

To thee now has come the greeting
In that home of rest on high;
With thy kindred's goodly gathering,
Where no tears or parting sigh
E'er shall grieve or cause regretting
That some loved one is not nigh.

Still of thee we think full often,
Ne'er forget thy cheerful face
And look forward to the greeting,
Final union and embrace,
Which we know are sure awaiting
All who seek their Saviour's grace.

Yardville, N. J. M. S. H.

A BOY DESTROYS HIS EYE WITH A KNIFE.—A little son of W. H. Blair, of Orristown, Pa., has lost the sight of an eye in a peculiar manner. Tuesday he was whittling a stick of wood, drawing his knife towards him, when the blade slipped from the stick and struck his eye, cutting the iris and allowing the eye to run out. It is possible that the ball of the eye will have to be removed.

PURE BENEVOLENCE DECLARED ILLEGAL.—A coal dealer in Yorkshire, England, has been in the habit of giving overweight in selling, the weighing machine being so constructed as to register about twenty-four hundred pounds as a ton. He did this out of pure benevolence. But strangely enough his kindness was declared to be illegal by the authorities, who arrested and fined him for falsifying an official weight.

ATE SIXTY EGGS IN THREE MINUTES.—William Glass, of Verndale, Minn., undertook the task of eating five dozen eggs in thirty minutes on a wager of $40. They were boiled one and one-half minutes. Glass broke his eggs and had them all down inside of three minutes. He ate the first thirty-two in three-fourths of a minute and the other twenty-eight in a little less than two minutes.

SECTION 3. *And be it enacted,* That each of the said officers of registration shall have in addition to the other powers conferred upon him by this Act or which may be hereafter conferred upon him by law, during the respective times of his appointed sittings, under the provisions of this Act, the powers of a Justice of the Peace to preserve order and enforce obedience to his lawful commands, at or around his place of registration—to keep the access to such place open and unobstructed, to prevent and suppress riots, tumults, violence and disorder and all other improper practices, at, around or near his place of registration, tending to intimidation, or to the obstruction of the work of registration, or of the revision of the registration, and to protect and keep safe the registries of voters or pool-books, hereinafter referred to, while in his custody and possession; he may compel the presence of witnesses before him, while sitting as an officer of registration, for all purposes connected with the performance of the duties of his office, by summons and attachments; he may while sitting as such officer of registration, commit for trial any person committing, at or around his place of registration, any offence forbidden by this Act; he shall have the power to issue any of said summons, attachments or commitments, when sitting in any county of this State, to the Sheriff of said county, or to any Constable thereof; all such processes shall be served by said respective officers in the same manner as if they were issued by a Judge of a Court of Record, having jurisdiction of the subject matter, or by a Justice of the Peace, exercising police powers within such respective jurisdictions; the Sheriff or Constable, in any county of this State, who shall serve any of said processes, shall receive the same fees, and in like manner, as it is, or may be by law provided, that he shall receive fees in other State cases; but no officer of registration shall charge or receive any compensation for any service performed under this Act, except such as is provided by this Act.

It is also thought proper to publish the following sections of Chapter 155 of the Act of 1888, showing changes of times for sitting of Registrars and their duties:

SEC. 3. *And be it further enacted,* That said several officers of registration for the respective election districts of the counties of this State, instead of sitting five days in September and two days in October in each year, as prescribed by the said Act of eighteen hundred and eighty-two, chapter twenty-two, section ten, shall sit for the purpose of performing the duties imposed upon them by said Act, and by this Act, daily for two successive days in the month of May, for three successive days in September and for five successive days in October, in every year in which an election shall be held in said counties; said sittings in May and September to commence on the second Monday of said months respectively, and the October sitting to commence on the first Monday in October. Said sittings shall in like manner be called the May, September and October sittings. The said respective officers of registration shall sit at the said several sittings in the several counties with open doors from 8 o'clock A. M. until 6 o'clock P. M. on each day of their sessions, and their proceedings shall be public and open to free inspection, without any obstruction whatever. The places of their sitting shall be selected as prescribed in said Act of eighteen hundred and eight-two, chap. twenty-two.

SEC. 4. *And be it further enacted,* That each of said officers of registration in Baltimore city shall be entitled to receive four dollars per day for every day he shall be engaged in the discharge of his official duties, exclusive of office rent and the cost of stationery; and each of said registration officers in the counties shall receive a per diem of four dollars for every day he shall be engaged in the discharge of his official duties.

SEC. 5. *And be it further enacted,* That the said several officers of registration shall give notice signed by him or them of the times and places of his or their several respective sittings for five days before his or their several respective sittings in May, June, July, september and October, by publication as prescribed in the said Act of eighteen hundred and eighty-two, chapter twenty-two; and should changes of the places of their sittings become necessary, due notice thereof shall be given, as provided by section fourteen of said Act.

SEC. 7. *And be it further enacted,* That said officers of registration, when sitting at their respective May, June, July and September sittings, and the first sitting in October, shall register as provided in the said Act of eighteen hundred and eighty-two, chapter twenty-two, all qualified voters who shall present themselves for registration; and in addition to said work of registration they shall carefully revise and scrutinize the said registries of voters so received by them from said Clerks of the several Circuit Courts and of the Superior Court of Baltimore city, to the end that all errors therein shall be corrected; and the names of all voters entered therein who shall have died or become for any reason disqualified, or who for any cause shall have ceased to be entitled to remain on said registration books, shall be stricken off. In order that the work of striking off from the registries the names of all dead and disqualified persons, and of all persons erroneously or improperly placed thereon, may be thoroughly and accurately accomplished, it shall be the duty of said several officers of registration at their May sitting to go carefully over the whole list of names upon said registries in their respective precincts and election districts, and to note for striking off the names of all persons whom from their own information, or from information furnished to them from others, they have good reason to believe to be proper to be stricken off. Having made out this list, which shall be at all times open to public inspection, it shall be their duty to address written notices to all the persons whose names are set down thereon, except those known to be dead, calling on said persons to appear before them on or before the first day of July sitting in the city of Baltimore, and the first day of the September sitting in the counties, to show cause why their names should not be stricken from said registries, which notices shall be served in Baltimore city by the police of Baltimore city, and in the counties by the Sheriff of the several counties, upon all of such persons who can be found by them, and said notices shall also be sent by mail to said persons, addressed to them at the places from which they were registered. Should no cause, or, in the judgment of said officers of registration, an insufficient cause to the contrary be shown by the first day of their July or September sitting, as the case may be, it shall be the duty of said officers of registration during said sitting to strike off the names of all persons on said list; but if said officers of registration shall be satisfied by competent sworn testimony produced before them, or from their own knowledge or information, that any of said persons, notwithstanding their failure to appear in answer to said notices, are in reality entitled to have their names retained on said registration books, then the names of said persons shall be retained; moreover, whenever any suggestion shall be made to them in writing, signed by any person, that said registration books contain any specified name or names which should be stricken off, it shall be their duty to diligently inquire into and investigate every such suggestion, and to strike off every name which, upon such investigation, they shall ascertain to have been improperly registered in the first instance, or to be no longer entitled to remain upon the registration books, for any lawful cause, within three days after the sittings in May, June, July and September and the first sitting in October, in the city of Baltimore, and after the May, September and October sittings in the counties, said registration officers shall publish, as provided in said act of eighteen hundred and eighty-two, chapter twenty-two, the two alphabetical lists required to be published by section twenty-one of said Act; and shall also put up and retain during their subsequent sessions, in a conspicuous place in the room occupied by them as registration office, two of said printed alphabetical lists; and said officers of registration, within three days after the close respectively of their sitting in May, June, July and September, shall send by mail and through the police of Baltimore city and the Sheriff in the several counties, notice to all persons whose names have been stricken off at said respective sittings, notifying them that their names have been stricken off, so as to give them an opportunity to appear at some future sitting, not later than the first of the October sittings, and establish their right to be registered. At the end of the first October sitting it shall, in like manner, be the duty of said officers of registration to send notices in the same manner to all persons whose names have been stricken off at said October sitting, notifying them that their names have been stricken off, and informing them that said officers of registration will sit on the third day after the date of such notice for the hearing and determining of all applications for reinstatement, at which final sittings said officers of registration shall sit for said purpose only. In all cases when a name is stricken off the reason shall be recorded opposite such name, and when a name is stricken off upon the oath of any person, the name of such person shall be recorded opposite the name stricken off. At the end of each day's registry, or revision of registration, one of said registers in the city, or the register in the county, shall sign his name or initials immediately under the last name registered under each letter, so that no new name can be added without discovery. And shall any of said officers of registration of the several counties of this State be unable to sit and register the qualified voters of their respective election districts on the next to the final
