CHESTERTOWN - MAY 17, 1889.

THE FARMER'S SONG.

The farmer stood at the open door;
Looked North, South, East and West;
"Good wife, the swallows are back once more—
Back again to their last year's nest.
I'm off to the fields to speed the plough;
The birds are singing on every bough.

"The skies are dreaming of summer blue;
Trees are dreaming of rustling leaves;
And I have a dream—God make it true!
Of standing corn and of golden sheaves;
Of meadows green and of new-made hay,
And reapers singing at dawn of day.

"Call all the boys, we must go a-field,
To speed the plough and cast the seed;
God bless the seed, and make it to yield
Plenty, both man and beast to feed;
God bless the seed and speed the plough,
For birds are singing on every bough."

Then out with his boys the farmer went
Into the fields the soft Spring morn,
Sewing the seed with a glad content;
Singing, while sowing the good seed corn;
"God bless the harrow, and bless the plow;
The corn, the wheat, and the barley mow!"

LETTER FROM WILMINGTON.

DEAR NEWS:—In my last letter I alluded to the suburban villages of Wilmington, especially East Lake Park on the North of Brandywine.

East Newport is now being boomed by the Newport *Enterprise*, a new weekly paper published in the village by Messrs Fell & Bingham for the purpose of bringing to public notice the special advantages of this suburb for business purposes, its beautiful and convenient location. The P. W. & B. R. R. runs through it. The Christiana river washes its Southern border while the B. & O. is less than a mile away, furnishing every facility for transportation desirable, while the time to and from Wilmington is only seven minutes by rail, affording opportunity for those who prefer to live in the city to do so and yet carry on business in the village; also those who work in the city and prefer to live where rents are cheaper the same advantages.

The surrounding country is beautiful, and the land is highly improved. The dwellings are substantial, many of them built of stone, of which there is an abundance. The out-buildings are large. This difference will be noted in the out-buildings, &c., in your county and on the Eastern Shore generally. Your farmers will have stable and granary in separate building. Here they have one large building in which corn, wheat, oats, and hay are stored, while below the horses and the cattle, the calves and in some instances the hogs will all be stabled. Very few farmers sell any corn. They feed all they raise and some much more, buy also tons of brand to feed to the cows.

Dairying is the main dependence; some have milk routes in Wilmington, others wholesale their milk, others again make butter and smeargase. The small farmers depend on truck. The great advantage the farmers here have over those far away from the city, they find a market for every thing they can produce. More income will be derived from a forty acre farm here than a 200-acre in your county. The farmers here are not so forward with their work as they are further down the Peninsula, many not being near done plowing for corn yet, while others are done planting and in some instances the corn is up.

I was sorry to see in your last issue that the probabilities are that the peach crop is seriously damaged in some sections of your county. It is a very uncertain crop at best.

I am glad to hear that your railroad is being put in order, and will be ready by peach time to furnish a strait and direct route to New York to shippers; this will be a great convenience and especially if there is fruit to ship. DEL.

WILLIAM RUE.

The Youngest Safe Cracker on Record.

On Monday, April 15th, 1889, being Willie's birthday, he being 8 years old, started out to celebrate it by house-breaking. Seeing a neighbor go out visting only a few doors from her home, and he thinking it a good opportunity for him, put a lad of four summers on guard to avoid against surprise, entered his neighbor's house through a bedroom window, cracked their safe, secured what money there was and started out on a purchasing tour buying a base ball outfit of balls, bats, belts, caps, gloves and masks, going to start a Young American team to defeat the All-American team, and here I will say this safe cracking happened within a stone's throw of a large reformatory for both men and boys, where the young cracksman now languishes, awaiting trial, and when arrested denied all knowledge of the crime but when asked where he got the money to buy his outfit said Johnny Blume gave it to him, and then acknowledged that it was Johnny that entered the house; an officer was sent to the house, but Johnny knew nothing of the deed at all. The next day an officer was sent to the school the two boys attended, the Blume boy was at school that afternoon, but Rue was absent, so the case has settled down on Rue, his guard has let the secret out and now he has confessed the crime. His record has been bad for three or four years, but on account of his infant age his parents have settled his little difficulties with the neighbors. SARGEANT.

Cleveland, Ohio.

TO TELL WHAT IT COSTS.—The Massachusetts Legislature has under consideration a bill which requires every political campaign committee which expends over $1000 to have a treasurer, whose duty it will be within twenty days after an election to file with the Secretary of the State an itemized statement of the committee's receipts and expenditures. A penalty of $1,00 is fixed for neglect to make a statement or for making an illegal expenditure. The great thing is to secure publicity. In England, under the new law, the requirement that an itemized statement shall be made of itself keeps down expenditure.

Rheumatism and Neuralgia

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CAROLL, Eureka, Nevada.

"Paine's Celery Compound has been a God-send to me. For the past two years I have suffered with neuralgia of the heart, doctor after doctor failing to cure me. I have now taken nearly four bottles of the Compound, and am free from the complaint. I feel very grateful to you." CHAS. H. LEWIS, Central Village, Ct.

Paine's Celery Compound

"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine I am now cured of rheumatic troubles."
SAMUEL HUTCHINSON, So. Cornish, N. H.

Effects Lasting Cures.

Paine's Celery Compound has performed many other cures as marvelous as these,—copies of letters sent to any address. Pleasant to take, does not disturb, but aids digestion, and entirely vegetable; a child can take it. What's the use of suffering longer with rheumatism or neuralgia?

Our little girl when but three weeks old broke out with eczema. We tried the prescription from several good doctors, but without any special benefit. We tried S. S. I feel it but my duty to make this statement. H. T. SHOBE, Rich Hill, Mo.
