A Flood in West Virginia—Several Lives Lost.

The greatest disaster which ever befel l Little Kanawha Valley, West Va., came o n the night of the 18th inst. in the shape of a terrible cloud-burst, which completely flooded the country, destroying many lives carrying off thousands of dollars in property and ruining the crops for many miles. The deluge fell there about dusk and continued to fall in torrents, doing much damage in the city. The worst of the storm struck the lower side of the Kanawha, filling small tributaries from bank to bank, and ending in the worst flood within the recollection of the oldest inhabitants. In three hours the Kanawha raised six feet, and ran out with such velocity that it carried everything before it. Twenty-two persons are reported drowned. So great was the velocity of the water that in some places the farms along the river bottoms were cut out to the depth of six feet over their entire surface, and the ground will never be worth anything again. Many farms are consequently worthless.

DEMOCRATIC NOMINATIONS IN HARFORD COUNTY.—Democratic primary elections were held throughout Harford county last Saturday for the nomination of State and county officers, to be voted for in November. Benjamin Silver, Jr., an ex-member of the legislature, was nominated for state senator. Walter W. Preston, Noble L. Mitchell, George W. Richardson and Wm. B. Hopkins were nominated for the House of Delegates, Charles A. McGaw for sheriff, and James Pool, Dr. Dallas Scarborough, Wm. Hope, George Silver and Edward Hoke for county commissioners. Mr. Silver and Mr. Hopkins are farmers, an Messrs. Preston, Richardson and Mitchell are lawyers. The nominees for sheriff and county commissioners, except Dr. Scarborough, are representative Haford farmers. The contest was chiefly for state senator and sheriff, although there were other aspirants for the other offices.

IN his fifth paper on "Trusts and Monopolies," in the *Sun* of the 19th inst., Mr. Wilson speaks of the notorious "Whisky Ring." He says: The great "Whisky Ring," which engrossed so large a share of public attention in the closing years of Gen. Grant's administration, was an association of revenue officers and distillers to defraud the government of the internal revenue tax on distilled spirits. Its headquarters were in St. Louis, and it had branches in four Northern cities and in New Orleans. Secretary Bristow deserves the credit of breaking it up, although its power was so great that for awhile it defied the government, and even in its dying throes effected his withdrawal from the cabinet. It was a temporary conspiracy, and had no lineal or other connection with existing combinations. The present whisky trust, formed in May, 1887, is a separate concern.

THE court-martial that tried Commander Purnell F. Harrington, United States navy, for "negligently suffering a vessel of the navy to be stranded," has concluded its sessions and the recommendations of the court have been forwarded for the approval of the Secretary of the Navy. The impression among naval officers is that, if found guilty, the punishment of the Constellation's commander will not be severe. The members of the court are bound by oath not to divulge the findings of the court or its proceedings until after the sentence has been acted on by the department. It is rumored at Annapolis, however, that the verdict was guilty and the sentence one year's suspension with pay. It will be remembered that the vessel had just stated from Annapolis to take the cadets on thier summer outing.

A NEW industry will be started at the Maryland penitentiary on August 1st, and a portion of the building is now being placed in readiness. The work will embrace the manufacture of heavy boots and shoes for rough wear, including such as are used by huntsmen, farmers and others requiring strong and durable footwear. It is stated that the undertaking will not compete with any industry or workmen in Baltimore, as there is no factory in that city that does work of this character.

THE third annual prohibition camp commenced at Glyndon Park, Baltimore county, on Thursday, and will continue for ten day. The most important day will be Thursday, the first of August, on which is held the State prohibition convention. The session will be held in the morning and afternoon, and at night a mass-meeting will take place. A comptroller will be nominated, a State central committee elected, a platform adopted, and reports from the prohibition clubs will be received.

SECRETARY TRACY has promised to send eight naval vessels to Baltimore to take part in the exercises incident to the Maryland exposition and Twelfth of September celebration. As the Fort McHenry garrison has already been ordered to participate Baltimore is assured of a combined military and naval spectacle such as has probably never before been witnessed by the people of that city.

GOVERNOR JACKSON has designated Friday, August 30, for the execution of Melvin C. Garlitz, convicted in the circuit court of Allegany county, (whose rulings were afterwards affiamed by the Court of Appeals), for the murder at Cumberland of his wife, Leah Eva Garlitz, March 26.

MR. E. H. WEBSTER of John, deputy register has been appointed by the orphans' court of Harford county to fill the vacancy in the office of register of wills caused by the death of Dr. James M. Magraw.

THE INTERNATIONAL LABOR CONGRESS.—The International Workingmen's Congress met in Paris on Monday and a large number of organizations from the different countries of the world were represented. Over a hundred Paris trade unions were represented, beside other clubs and economic bodies. A delegate from each nationality was invited to make a report on the condition of the workers in his country. The following were the questions selected for debate:

"International legislation on labor. The establishment by law of a normal working day. Day work, night work, holidays; the work of adults, women and children. Inspection of workshops in large, small and home industries. The practical means of obtaining reforms in these directions.

"The most practical means of establishing constant relations between the working class organizations of all countries, without, however, in any way interfering with their autonomy or self-government.

"The formation of 'rings' and 'trusts' by manufacturers and capitalists and the consequent necessity of State intervention.

"The date and place of the next congress, rules to be adopted for its convocation, its organization, and the transaction of its business."

It was anticipated that this would be the most important labor congress ever held, for more and more are the workers of the world looking to international action to settle the questions now before the industrial masses for solution.

PEACH CROP IN THE UNITED STATES.—The following is an estimate of the peach crop in the United States for the present year: Georgia, Tennessee, North Carolina and Mississippi have unusually full crops; Connecticut, Pennsylvania, Kansas and Missouria report full, but not excessively full, crops. New York and Canada have light crops. New Jersey is reported as having an average, and so are Ohio, Illinois and Michigan. Texas has very few, and Maryland half a crop. Delaware is put down for a fair yield.

KILLED BY THE TEXAN FLY.—Five head of fine cattle belonging to Mr. John Aholt, of Middleton Valley, Frederick county, Md., died a few days ago from sufferings inflicted by the Canadian or Texan fly. The horns of the animals, around the base of which the flies congregated and eat the flesh, dropped off before death relieved them of their agony. Much trouble among cattle in various sections of the country from the same cause is being reported.

THE price of Sugar in London is not more than one half what we pay—but the Government of the United States with its Chinese wall of Protective tariff stands sentinel to keep any one from competing with our Sugar Monopoly or underselling it. This is the kind of service protection performs for the working man.—*Hagerstown Mail.*

THE contractors for building the Baltimore and Eastern Shore railroad have advertised for ties and piling. Contractor Howe said a few days ago that the work of bridging the Nanticoke river at Vienna would be in progress within sixty days. The company is employing, so far as possible, native labor along the line of the road.

NOTHING LIKE ADVERTISING.—An enterprising Savannah (Ga.) druggist has hit on a scheme to stir up trade during the dull days. He advertises that every Saturday until further notice he will furnish soda water free to every purchaser of 50 cents' worth of goods. The first Saturday he opened with a big run and fairly scooped in the ducats. Nothing like advertising.

DIED.

At his home in Piney Neck, on Tuesday, July 16, of cholera infantum, JAMES THOMAS, only son of Alpheus L. and Matilda Willson, aged 1 year 11 days.

While we deeply sympathize with the bereaved parents, we can only partially imagine their deep grief, yet we can call their attention to the truth that little Johnnie is home, and we hope he will be a beacon light to his parents. SYLVANUS.

At Chesterville, July 18th, 1889, MAMIE BELL, only child of Henry N. and Lottie E. Greenwood, aged 10 years and 10 months.

Why do we mourn for little Mamie,
Or shake at death's alarm?
'Tis but the voice that Jesus sends,
To call our darling home. PA and MA.

BALTIMORE MARKET. — The Baltimore papers ro yesterday quote as follows:

WHEAT—Longberry, good to prime, 85@87.
CORN—white and yellow, 48@50.
OATS—32@35.

Boy—Mother, since I have been using *Wolff's Acme Blacking* my shoes wear longer than ever before, and I never get my feet wet, but I do not think they look as smooth as when I first used it.

Mother—Indeed, my son, I am sorry you are so careless. You forgot that even a good thing is only good when properly used. You have not even looked at the directions, for they are yet around the neck of the bottle. Now you must send them, and they will get you out of your trouble. Your father and I keep our shoes in elegant order by its use. I use it about once a month and pops about once a week.

Wolff's ACME Blacking

Is wonderful; preserving and Waterproofing any leather; giving it a deep, rich black lustre which lasts a week. *Don't see other.* Do not confound ACME Blacking with any other. Sold by Shoe Stores, Grocers, Druggists, &c. Try it on your Harness.

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.

YOU WONDER?

They All Wonder

BUT we do not wonder that you wonder where we find such remarkable Cheap Shoes to wear like they do. Now we do not talk low priced goods, and do not advise the trade to buy them, but when the consumer comes in and asks for a pair of the same kind of Ladies' Bright Dongola Patent Leather Tipped Shoes at $1.50 we infer they wear well.

Now, when you ask us about our Ladies' Pebble, City Make Goods at $2, we cannot emphasize too heavily—that we claim it to be the Best $2 Shoe in the county. We have it made in three widths and three styles.

Then as we mount the ladder that graduates off into finer goods, we remain at the bottom in prices, which very slowly ascend with the quality.

Next is our Genuine Dongola, bright and dull, square toe and round toe at $2.50. These goods we have made, and guarantee every pair to give satisfaction.

Now a step farther and you reach our Custom Goods, which the ladies say are the Best Fitting, Most Comfortable Shoes they every wore. We have had them go to Baltimore and return to buy Our Hand Made Shoes.

Nice line of Men's Shoes, from the Plow at $1.00 to the finest Hand-Made Shoe.

Full line of Tennis Shoes for Men, Ladies and Children.

Ladies' Slippers, all styles, from 50c. to $2.50, all widths and shapes.

Magnificent line of Children's & Misses Spring-Heel Shoes, as large as No. 2. All styles, and owing to the late decline in Mundel's Solar Tips, we will sell them as large as 10½ for 90c. cash. Mundell's name on every pair.
