MRS. YOUNG ENTHUSIASTIC

Cannot Praise Lydia E. Pinkham's Vegetable Compound Enough. Sick Women Read This Letter

Charleston, S. C.—"I was completely run-down and not able to do my housework. I just dragged myself around and did not have energy enough to get up when I sat down. I read advertisements of Lydia E. Pinkham's Vegetable Compound in your books and learned about it. I got benefit from the very first bottle. I continued to take it for some time, and now I am doing all my own work, even washing and ironing, and never felt better in my life. I tell all my friends that the change in my health is due to but one thing and that is Lydia E. Pinkham's Vegetable Compound. I cannot praise it enough."—Mrs. ANNIE YOUNG, 16 Amherst St., Charleston, S.C.

The reason for such a letter from Mrs. Young is apparent. She got well and is grateful. Recently a nation-wide canvass of women purchasers of Lydia E. Pinkham's Vegetable Compound was made, and 98 out of 100 reported that they received benefit from taking it.

Just because the Vegetable Compound has been helping other women is a good reason why it should help you. For sale by druggists everywhere.

TUBERCULOSIS CLINIC IS OPENED IN CHESTERTOWN

The first tuberculosis clinic held under the direction of the County Health Association of which State Deputy Health Officer Dr. J. P. Franklin is the originator was given in the office of Dr. Franklin here on Monday morning. Five patients presented themselves for diagnosis which was conducted by Dr. Nicklas, of Baltimore, head of the department of hygiene of the State Board of Health.

Dr. Franklin, who has charge of the clinics in each of the three counties in his district, Cecil, Kent and Queen Anne, has had an agreement with the physicians in the respective counties to work in co-operation with them for the treatment and possible eradication of the dread disease, and if any of the physicians refuse to treat the cases referred to them by the clinic, Dr. Franklin proposes to treat the patients himself. All clinics are conducted free of charge to patients afflicted with any disease.

It is proposed by Dr. Franklin to hold these clinics here once a month throughout the year, and Dr. Nicklas will be in charge of the diagnosis of all patients.

BONES OF COLORED MAN UNCOVERED AT INDIANTOWN

Weird rumors that the skeleton of an Indian Chief, an old sea pirate or some other illustrious or notorious character of the long, long ago, had been unearthed on Indiantown Farm, near Centreville, were exploded when it was learned that the bones were those of a colored man who was washed ashore at this spot nearly 60 years ago. Acquilla Usilton, of near Queenstown, lived at Indiantown when the colored man's body was found and buried.

Several weeks ago Louis H. Atkinson, who resides at Indiantown, found a pine box, containing a skeleton. It had been partially washed out of its shore-side grave by the tides. Reports were first heard that the box has been washed ashore, but Mr. Atkinson states that it is still partly imbedded in the original grave. Numerous Indian graves have been discovered at Indiantown at various times during the last century, but the skeleton recently found has been definitely identified.

General Measures For The Contral Of Communicable Diseases.

The local health officer in instituting measures for the control of communicable diseases,

(a) Shall make, or cause to be made, such investigations as may be necssary for the purpose of securing data regarding contracts and, if possible, the time, place, and source of infection.

(b) shall establish and maintain quarantine, isolation or such other measures for control as required by these rules and regulations, or special instructions from the State Department of Health.

(c) shall provide, directly or indirectly, for the institution of persons affected, and their attendants, in the proper methods of concurrent disinfection.

(d) shall make, at intervals during the period of communicablity, inquiry or investigation to satisfy himself that the measures instituted by him and the attending physician, for the protection of others are being properly observed.

(e) shall permit wage earners to continue their vocations, provided they do not come into personal contact with patients.

(f) shall use such other measures, consistent with these rules and regulations and the instructions of the State Department of Health as may be deemed advisable because of widespread infection or threatened epidemics.

Fines of $10 without costs were imposed upon 21 Pennsylvania motorists who were arranged in Municipal Court Monday morning for driving cars in Delaware with the 1924 license plates.

We Wish Everybody the Cream of Happiness 1924
