A CARD.

Westminster, January 1st. 1868.

AFTER a long experience in business I am convinced that the old system of doing business is wrong—that there should be a difference between

Cash and Credit.

When I buy Goods for the Cash, I get a discount, which I now propose to give to my customers. From this date, for the cash, or if paid within ten days, two (2) per cent will be allowed on all bills over five (5) dollars, which is equal to eight (8) per cent per annum, for the money, and no longer credit than

Ninety Days

will be given.

I visit Baltimore or Philadelphia every week, my stock is large and well assorted and bought for the CASH. My object is to do a quick and lively trade, sell goods at a small profit and keep my money moving, believing the terms that I offer are the correct principles of doing business

Soliciting your trade, I am yours with respect.

Jan. 9, 3t. JOHN L. REIFSNIDER.

JANUARY 1st., 1868.

WITH the inauguration of a new year, we greet our Customers and Friends with renewed plans for the business of '68; and are pleased to state that low, comparatively, as are the prices of merchandise now, we shall be able to sell them very much lower than we otherwise could, by the introduction of the popular

CASH SYSTEM.

We propose to maintain in connection therewith a *First Class, Close Business House,* and our extensive and diversified stock possesses advantages in this market that are most invaluable to a trade demanding both City and Country accommodations. Our *extensive and varied stock* will be found complete in all its branches, and as in the past uniformity of price shall be one of the first principles of our business so that either by order or personal selection the customer's interest will be equally protected.

☞ Thankful for the past liberal patronage, we hope by close application to business and the interest of the trade to merit a continuance.

Respectfully &c.,
E. K. GERNAND.
Westminster, Md, Jan 9 3t.

Druggists' Special Notice.

BEING desirous of selling *Drugs, Medicines* and the various articles appurtaingin to our line of Business at the lowest possible prices, and also to prevent the accumulation of Day Books, Journals, Ledgers &c, already grown too numerous, we propose from and after this date to adopt a

CASH TRADE.

Our Experience has taught us that to the Merchant and Customer it is decidedly the most advantageous, because not losing anything by the credit system the merchant can sell his goods at smaller profits for cash.

Physicians dealing regulary with either of the undersigned will be expected to settle their accounts every three months.

NEW STYLE VERTICAL MILL.

THE VICTOR!

For completeness of adjusment, strength, durability and working power, THE VICTOR CANE MILL has no equal. The fluted roll is the important feature that regulates the feeding of the mill. The ridges seize upon the cane as soon as presented, thus relieving the labor so often necessary to force the stalks to an entrance between smooth rolls, and at the same time secures its direct passage to the discharge roll.—They also break the woody fibre at short intervals, and thus rupturing the cells cause the more ready flow of the juice. We also have horizontal mills, for horse, water and steam power.

It is estimated that 20,000,000 gallons of syrup have been manufactured on the above Evaporator in the past season. We also have Plantation Pans, adapted to a brick arch. Circulars and Pamphlets with full description and price list, sent to all applicants.
