Pussyfoot Johnson To Be Here Monday Night

When William E. (Pussyfoot Johnson comes to speak at the Chestertown M. E. Church on Monday, February 26, at 7.45 p. m., he will tell of conditions as he found them in foreign fields and also touch upon phases of law enforcement in this country. The work of this widely known temperance and prohibition advocate has taken him to every part of the United States and into almost every civilized country on the globe. He has just returned from his latest campaigns in South Africa and Egypt for a six months' speaking tour in America.

"Pussyfoot" has but one eye, having lost the other in Londan, England, during a demonstration not at all in favor of his propositions for the abolishment of the liquor business. Instead of leaving England he immediately established headquarters in Londan and from there directs his activities over the world. His home is in Westerville, Ohio.

It was while engaged as special police commissioner for the government under the Roosevelt administraction that he gained a national reputation and had the name of "Pussyfoot" fastened upon him. The name grew out of his method of appearing at unexpected times in unexpected places and wrecking the ambitions of bootleggers, thieves and gamblers in the West in that early day before prohibition. He had several deputies killed and had many hair-breadth escapes himself during his six years of service.

Johnson has become so well known for his courage and indefatiguable work in the cause to which he has devoted his life that no introduction is needed in scarcely any country in the world. Everybody knows what is meant when the word goes round that "Pussyfoot" Johnson is coming.

"The Cross and the Crescent" is announced as his subject here. No admission is charged and the meeting is open to all.

SLIPPERY ROADS TO MUCH FOR AUTO DRIVERS

The travel on icy roads Sunday night is said to have been unparrelleled. There were eight cars wrecked on road between Rock Hall and Chestertown, while between here and Elkton there were 48 on the side, in ditches, etc. We have yet to hear of any injury done occupants of cars. Arthur Cooper, of the News force, was among those who was turned completely over near Fannel's branch, but made a miraculous escape. His top and windshield were mashed flat, and the wheel broken. He says he crouched low on the seat until after the crash then tore a curtain open and got out.

FARM BUREAU NOTES

It would have been a great pleasure to any Farm Bureau member to have attended the all-day meeting held by the Massey Farm Bureau. The morning session, given up mostly to the Milk Producers, and the afternoon to topics of vital interest in Bureau work. There were about 60 present for the afternoon session and all were in good humor. thanks to the luncheon provided by the ladies.

S. J. Johnson, President of the Local presided, with E. T. Massey, Serceetary. Mr. Massey addressed the meeting and laid great stress on the need for great effort in carrying on the plan of work, which has for its object the improvement of herds, by eliminating poor producers and scrub sires, better hogs, properly treated, flocks of uniform variety, good seed stock free from disease, etc.

He was followed by Mrs. Evelyn Harris, who in her own original way, told of her work in various states in the interest of the Bureau. She emphasized the need of a closer understanding between farmers and the necessity for the ladies taking a part in the work. Her talk was interspersed with witty anecdotes (which convulsed the audience) as she showed how necessary it was that the women should be given more encouragement and help in their effort to make the Farm Home more attractive. After her talk a chairman of the Woman's Home and Community Committee was elected.

The County Secretary discussed the Tomato Pool at length and urged all to do their part to make it a success. He also explained the workings of the Kent County Farm Bureau Co-operative Association.

Massey is to be congratulated for the success of this meeting. The interest displayed was very encouraging, and questions came from the members thick and fast. We predict a bright future for the Massey Local.

Millington Local.

A very enthusiastic meeting of the Millington Farm Bureau Local was held last Tuesday. The tomato pool, a program of work for 1924 and other subjects were discussed.

Tomato Meeting.

The county-wide tomato meeting, held last Wednesday in the Court House by the Farm Bureau, showed much interest in the Tomato Pooling Plan. Although the weather conditions and roads were rather bad, yet a good representation of farmers from all sections of the county were present. President E. T. Massey presided and Secretary William G. Smyth officiated in that capacity. Reports showed 2630 acres signed in the pool. Queen Anne's county reported 2500 acres signed in their tomato pool while Dorchester reported 4500 acres signed. Caroline is busy pooling their tomatoes around forty canneries.

Cost of production discussion was led by County Agent H. B. Derrick, the conclusion of which was that it would cost the farmers 20 cents per 5-8 basket to produce tomatoes this year.

A vote on what the farmers present considered a fair price per basket for tomatoes this year, showed practically a unanimous stand for 30 cents.

It was decided to increase the number of acres pooled and have a final county-wide tomato meeting Friday, February 29th, to which all tomato growers are invited.

Children To Be Tested For Susceptibility To Diphtheria.

On Monday, February 25th, beginning at 12.30 p. m. a clinic for testing children to determine their susceptibility to diphtheria will be held at the Fairlee School. The clinic is to be held under the auspices of the State Department of Health and the test will be given free of charge to all children whose parents desire it. It is especially desired that in addition to school children the children under the school age be tested for they are more liable to contract diphtheria.

SAM BOYER PUT IN JAIL

Sheriff Goodman was notified Friday by James Price, of near Fairlee, that some one had stolen three geese and a pair white ducks from him the previous night. A sharp watch was kept and a goose and a pair dressed ducks traced to a store in Chestertown. The merchant had just bought them and pointed out the man from whom they got them. The man proved to be Sam Boyer. Sam acknowledged taking one goose and the ducks but denied getting the other two geese. He was placed in jail to await action of grand jury. Sam Boyer is the colored man, of near Fairlee, who had warrants sworn out for a number of his own race, who he claimed came to his home, garbed in Ku Klux Klan costumes, forcibly took him from his home, whipped him and then placed a rope about his neck and threatened to hang him to a tree, unless he would promise that he would never again steal chickens. Boyer promised on his knees. After being released he called on Sheriff rants issued for the arrest of his assailants, but they were acquitted. Goodman, told his story and had war-

GOVERNOR SENDS IN APPOINTMENTS

Governor Ritchie Wednesday sent in appointments as follows:

Coroner—Dr. Harry L. Dodd.

POULTRY MEETINGS

By SUSAN V. HILL
County Home Demonstration Agent.

Plans have been made with the county organizations to hold three poultry meetings next week. These meetings are open to the public and have been planned to increase the profits of the farm flock.

W. H. Rice, Poultry Specialist of the University of Maryland Extension Service, will speak at these meetings. In addition to a talk on poultry management, Mr. Rice will talk on breeding, marketing and kindred subjects.

The first meeting will be held on Friday, February 29th, at 2 p. m. at the Rock Hall High School. This meeting is held under the auspices of the Rural Women's Club, but is open to the public.

The second meeting will be held at Kennedyville Friday, February 29, at 7.30 p. m., and has been planned by the Woman's Club. It is hoped that all farm families in that section of the county will attend.

The third meeting will be held in Chestertown on Saturday morning, March 1st at 10 o'clock, at the Chestertown High School. This meeting has been planned primarily for members of the Girls' and Women's Clubs who desire to carry on a poultry project during the year. Any member of a Girls' Club or Women's Club who desire to increase poultry profits this year is urged to attend. This meeting is also open to the public.

Several colored boys were arrested Tuesday on a charge of breaking into Gill's Ice Cream Factory and stealing ices. One of the number "squealed" on the others and told of the theft. He said that on Sunday night they broke open the window in rear of factory, turned on the light and took several blocks of cream and some dainties and retired to a colored house near the railroad where they enjoyed a feast. Henry was the "detective."

The spelling mathch held at Emmanuel Church Thursday evening was an enjoyable affair. The ladies beat the men spelling, but on the refreshment line they took the honars.

TRACTOR FOR SALE
