AMERICAN SENTINEL, AND GENERAL ADVERTISER.

The American Sentinel

WESTMINSTER:

THURSDAY, FEB. 6, 1868.

FOR PRESIDENT:

GENERAL ULYSSES S. GRANT,

Subject to the decision of the Republican National Convention.

Republican County Convention.

At the Court House in Westminster, on MONDAY, FEB. 24TH, 1868.

In pursuance of a call of the Republican State Central Committee in Convention assembled, in Balt., held Jan 21, 1868, it was Resolved that a State Convention of the Republican party be held in that city on the 6th day of March, 1868.

The purpose of said State Convention, besides other important business, is to elect four delegates to represent the State at large, and two delegates from each of the five Congressional Districts of this State, to represent the Republican party of Maryland in the National Republican Convention, to be held at Chicago May 20, 1868, to nominate candidates for President and Vice President of the United States.

An Electoral ticket for the State pledged to support said nominees will also be nominated by said convention.

The Republican voters of the different districts of Carroll county are therefore requested to meet at the Court House in Westminster, on *MONDAY, FEB. 24, 1868*, at 2 o'clock P. M., to nominate five delegates to represent the Republican party of Carroll county in the said State convention to be held in Baltimore.

The attention of the various members of the County Central Committee is particularly directed to this call, and they are requested to use their efforts to insure a large attendance of the Republicans throughout the county.

By order of the
CHAIRMAN.

Jan. 30.

A PROPOSITION TO SUBSCRIBERS.

The Campaign having commenced it is our desire to increase our subscription list at once. We therefore make the following offer: To any subscriber sending us the names of *five* new subscribers with the *cash*, $7.50, we will give a credit of one year on his subscription; or to any one not a subscriber, sending us *five* new subscribers with the *cash*, we will send a copy of the *Sentinel* one year for nothing.

THE SUPREME COURT.

A great howl has been raised by the Democratic papers about the Supreme Court bill which has been before Congress for some time past. This bill provides that it shall require the concurrence of two-thirds of the Court to give a decision. We do not pretend to be an oracle so far as the Constitution is concerned, and that is the reason, we suppose, that we are not able to see the fire that causes so much smoke.

In regard to the authority of Congress we will quote from the Constitution, article 3, section 2, which provides that "In all cases affecting ambassadors, other public ministers and consuls, and those in which a State shall be a party, the Supreme Court shall have original jurisdiction. In all the other cases before mentioned, the Supreme Court shall have appellate jurisdiction, both as to law and fact, *with such exceptions and under such regulations as the Congress shall make.*" The cases in which the Court has original jurisdiction are exceedinly rare, and are not of a character to involve the legality of acts of Congress. As to all cases of appellate jurisdiction, the power of Congress to regulate or limit the action of the Court would seem to be absolute. In fact, in such cases the court has no jurisdiction whatever, except subject to such limitations and regulations as Congress may establish.

The first Congress, by act passed Sept. 24, 1789, established a Supreme Court, fixed the number at six and a majority was competant to decide, which was in reality *two thirds* of the Court. In 1837 Congress increased the number of Jndges to nine, making a quorum to consist of five, a decision could be rendered by a majority of those present, say three, then we have *one-third* of the Court pronouncing a decision. It seems to us, that if Congress has the power to fix the number of Judges at six and to raise it to nine; if it had power in 1789 to make *two-thirds* of the Court constitute a quorum, when it would take three Judges, *one-half* of the whole number, to decide, and in 1837, to require *one third* of the Court to concur in a decision, then—the Constitution not having been changed—Congress has power to regulate the number now. If Congress should fix the number of Judges at *two* then it would require a *unanimous* Court to render a decision. We cannot see why they cannot do again what they have done heretofore.

Hon. J. A. J. Cresswell.

The *Baltimore American* has run up the name of the Hon J. A. J. Cresswell for the Vice Presidency. This gentleman is well known to our citizens as a staunch Unionist, a true patriot and an honorable gentleman. His course in Congress on a number of occasions proved him to be of the true metal and his forethought as shown by his acts and his speeches place his statesmanship and ability beyond a doubt. Should he be nominated and elected, we know of no one who would more ably and gracefully fill the position.

☞Our thanks are due to Senator Browne of this County for interesting Public Documents.

Our thanks are also due to A. Gassaway Esq, Secretray of the Senate for Documents.

CONGRESS.

In the Senate, after some opposition by Democratic members a bill was passed—yeas 26, nays 5—removing the disabilities from ex-Gov. Patton, of Alabama, for his aid in carrying out the laws of Congress. A bill was introduced to regulate the proceedings in case of impeachment. The bill authorising the sale of the smaller iron-clads not needed by the Government was passed. Mr. Wade presented the joint resolution of the Ohio Legislature withdrawing the assent of that State to the Fourteenth Amendment to the Constitution. In course of debate Mr. Sumner said a State having once given its assent to an amendment had no power to withdraw it, and the resolution amounted to nothing. Mr. Johnson, Senator from Maryland, said he agreed with Mr. Sumner, we guess this will not be very pleasing to his Democratic friends.

In the House a great number of new bills were presented. The bill to prevent the payment of certain claims arising from the late war was passed. The claims referred to are, for claims on accounts seizure or impressment, damage or detention in the insurrectionary States, and for use and occupation of land for fortifications in such States. The bill in reference to taxing the Shares of National Banks was passed Reconstruction, the bill inreference to the rights of American citizens abroad and a number of other bills were under discussion.

☞The first gun of the Campaign sounds from Ohio. At the special election on the 27th ult., for a member of Congress from the eighth district, General John Beatty, the Republican Candidate, was elected by over one thousand majority. Considering that the Democrats are making a big fuss over the great reaction that is taking place, we think this is doing pretty well. Last fall the eighth district only gave the Republicans two hundred and forty-six, and now, when they have a fair fight on national issues, the majority is increased about eight hundred votes. The Democratic Candidate had a fair Union record during the war and the Presidential patronage to support him, but the people thought Congress right and so they endorsed it. We notice that the Democratic papers don't talk so much about this election now as they did before it took place. Perhaps it was crowded out by a press of other matter, or maybe they are waiting for the official returns.

☞Very little has been done by the Maryland Legislature in the past week. As a general thing they adjourn or the members go home without adjourning, on Friday and stay until Tuesday and then it takes them the rest of the week to get over the fatigue. A bill has been introduced in reference to members of the Society of Friends marrying with persons not members, but no action has been taken on it.

☞"We do not pretend to know who edits the *Sentinel*."—*Democratic Advocate.*

When we placed our name on the outside of the *Sentinel* as the *Publisher*, we did not deem it necessary to add "*Editor*," to it. We now state, for the benefit of those whom it may concern, that the Editor and Publisher are one and the same.

☞Senator Browne presented a petition, in the State Senate, from the ladies of Taylorsville, Carroll Co., for a law to prevent the sale of liquor in said town or within five miles of it. In the House, Mr. Worthington obtained leave to report a bill to incorporate the Manchester Rail Road Co.

HON. JOHN LEE CHAPMAN, President of the Western Maryland Railroad, will please accept our thanks for courtesies extended to us.

PERIODICALS.

THE NORTHERN MONTHLY for February has two articles which are of immediate interest. One of these is entitled "Organizing Public Opinion—a Cure for Corruption." Its author is David G. Croly, a prominent editor of the New-York *World*. The other paper is upon the Episcopal Clergy of New-York, and is a singularly fair exposition of the Ritualistic movement. Mrs Prescott Spofford's powerful story, "The Thief in the Night," is also continued, and increases decidedly in interest. "Naples and Vesuvius" is the title of an opportune paper by Robert Dale Owen. Whitehead's "History of the English Language" is interesting. "Un Bas Bleu" is a clever story. Cortlandt Parker's final paper on Major General Phillip Kearny gives great insight into one of the finest officers our army ever had, and whose early death was a great national calamity. The Editorial Department is spicy, brilliant, and varied. Louis Gaylord Clark gives a contribution among others.

THE UNITED STATES MUSICAL REVIEW, published by J. L. Peters, 200 Broadway, New York, is before us, and merits the attention of all lovers of music. It is a mammoth monthly magazine, sheet-music size, containing over seventeen pages of musical news, reviews, and choice art items, every line of which is readable, and we should say, invaluable to all musicians. This alone is well worth a year's subscription, which is only $2. Each number contains four pieces of choice new music by the best writers in America, thus giving a select library of new music at such a low rate that even the poorest may indulge in what has hitherto been considered a luxury. We will send the *Review* and the *Sentinel* to new subscribers for $3 a year.

ARTHUR'S HOME MAGAZINE.—This interesting Journal for the Ladies for February has come to hand. Its contents consists of Stories, Music, Poetry &c. In this number we find "Too Late," "Right at Last," "Treasures in Heaven," and a great many entertaining articles. Housekeepers will find this Journal a very useful one. Published by T. S. Arthur, Philadelphia, at $2 per year.

KELLEY'S WEEKLY, is the name of a new Illustrated paper published in New York. In size and general appearance it resembles *Harper's Weekly*, and its contents is diversified and interesting. Any one sending $1 to A. A. Kelley & Co., 808 Broadway, N. Y., will receive this Journal for three months, with numbers of shares in their Gift distribution.

MYSTIC TEMPLE.—This is the name of a lively, spicy and interesting Masonic paper published by the Fraternal Publishing Co. 9 Spruce Street, N. Y. Published weekly at $2 a year. We are glad to see it on our table.

Local Items.

☞JOB WORK, of all kinds done at this office. Now is the time to send in your orders for Sale Bills.

☞Lightner & Repp, at Union Bridge are closing out their stock of goods. Parties wishing to purchash will find this a good chance to get cheap goods.

☞The National Hotel will change hands on the 1st of March. Mr. Cook retiring and Mr. Noah Smeach taking possession.

WE call attention to the advertisement of Wm. A. McKellip, Real Estate Agent. He advertises a valuable town property, a Dwelling and Store Room, this week.

SUNDAY was "Ground Hog" day, and as it was clear and sunny he had a good opportunity to see his shadow, so we presume he has retired to his hole and we are to have six more weeks of cold weather.

☞The West. Md. R. R. seems to be progressing, consequently there is an increased demand for cross ties. Teams loaded with ties, are continually passing our office on their way to the Depot.

THE BOY ORATOR AGAIN.—Josephus Cheany the "Boy Orator of Kentucky," has been induced to come again to Westminster, to deliver a Lecture. He will Lecture on Wednesday, 19th inst., at 7 o'clock, in the Odd Fellows' Hall, on the subject "Temperance and Habit,"

ACCIDENT.—On Saturday, the 1st inst, some young men residing near Frizzellsburg, harnessed a *colt* in a sled for the purpose of breaking him. The bridle slipped off and he became unmanageable, ran off and broke the sled to pieces. Nobody hurt,—wasnt that *bully*.

☞Our friends in the different parts of the County, will do us a great favor, if they will send to us the particulars of anything of local interest transpiring in their vicinity.

☞To our advertisers we make the request, that hereafter they will enter on *all* advertisements which they send to us, the number of times which each is to be inserted, so that we may be enabled to make our charge for the same.

RHUBARB WINE.—Our friend, Mr. Abraham N. Hess of Taneytown, called in to see us on Friday last, and gave us a specimen of his Rhubarb wine. We found it an exceedingly pleasant beverage. Mr. Hess manufactures the wine himself and keeps it for sale.

THE FESTIVAL came off at Odd Fellows' Hall on Saturday night, and although not as successful as hoped for, still it paid them tolerably well. We can testify to the fact that it was neither the fault of the ladies or their oysters that it did not succeed better.

☞On Tuesday, the 28th inst., in the U. S. District Court at Baltimore, on motion of Chas. Marshall Esq., Judge Giles admitted I. E. Pearson Jr., Esq., to practice as an attorney in said Court.

On the same day, on motion of Chas. Marshall Esq., Col. Wm. A. McKellip was also admitted.

LEG BROKEN.—A Son of Mr. John Stewart, residing on Big Pipe Creek, Myers' District, was riding down a hill on a sled, on the 26th of January, and when he got near the bottom, the sled ran against a fence, throwing him into a deep ditch, and breaking his leg.

FELL ON THE ICE.—As Mr. Samuel Bowers, residing at Mt. Pleasant, Myers' District, was going from his Dwelling to his Smoke House, on the 27th inst., he slipped on the ice and falling, he fractured his hip bone. Mr. Bowers is quite sick from the effects of his fall.

ENDORSEMENT OF GRANT.—At a meeting of Schuyler Colfax Council, U. L. A., held on the 1st inst, the following resolution was adopted:

Resolved, by Schuyler Colfax Council, No 50, U. L. A, that U. S. Grant is our first choice, for the next President of the United States.

BALL.—Thrre will be a Ball at the Odd Fellows' Hall, Westminster, on the 20th inst, a notice of it will be found in our advertising column. From the character of the gentlemen who have the matter in charge and the preparations they are making we are inclined to think that it will be a grand affair.

THE DEBATE.—The Debate that took place it the West End Debating Society, last week on the question "Is man capable of self government," was ably argued on both sides, and decided in the negative.

The subject for Debate this evening is, "which does man see the most enjoyment in, the pursuit of pleasure, or pleasure itself."

DINING SALOON.—Cyrus D. Stonesifer has opened a Dining Saloon in the Basement of the First National Bank for the accommodation of travellers. See his advertisement. This does not interfere with his Grocery and Provision business, which he will continue at the old stand, opposite the Central Hotel.

TO HOUSEKEEPERS.—As an item of interest to Housekeepers we would state that a couple of tablespoonfuls of salt in a Kerosene lamp will prevent the oil from exploding and make the light more brilliant. Everyone who uses Kerosene finds trouble with the burners. The burners get clogged and the wick will not turn up. A remedy for this will be found by boiling the burner in water with a little ashes in it.

MAIL ROUTES CHANGED.—The Post route between Westminster and New Windsor will be discontinued after June 1st. A new route has been established from Westminster by way of Warfieldsburg, Sam's Creek and Oak Orchard to Unionville. New Windsor and Wakefield will hereafter receive their mail matter by way of the West. Md. Railroad. After the 1st of June next the weekly mail to Manchester will be stopped.

THE EVENING STARS.—The two beautiful evening stars, Venus and Jupiter, are rapidly approaching each other. On Saturday evening they were apparently less than a foot apart, yet the distance was really millions of miles. They presented a very brilliant appearance, and hundreds of people not accustomed to "star-gazing" were attracted by their brilliancy.

A NEEDED IMPROVEMENT.—We are glad to see that the West. Md. Railroad Company have erected a baggage office at the Depot. Hereafter, baggage unloaded from the cars will not be exposed to the weather but will be taken out under shelter. This is an improvement that has long been needed and one which will please our citizens to hear of.

THE LUTHERAN FAIR.—We are informed that the managers of the Lutheran Fair, finding that the Lists could not be filled, transferred the names on the Sewing Machine List, to the Silver Ware Lists and raffled it off last week. The following are the lucky ones;

David Wantz won the Silver Butter dish and Breakfast Castor.

Mrs. George Schaeffer won the Silver Dinner Castor and Salt Stand.

Jonas Frock won the Silver Cake Basket.

GREEN STREET HALL.—Messrs H. E. Morelock & Co., have nearly completed their fine building on Green Street. This building is three stories and a basement high, fronting thirty feet on Green Street and running back sixty feet. The first and second stories are to be used as a Leather Store and Currying shop and the third story will be all thrown into one room and known as "Green Street Hall." A decided improvement to our city.

CHURCH DEDICATION.—The New Evangelical Lutheran Church in Westminster, will be dedicated to the service of Almighty God, on Sunday, *February 23rd*, 1868. The Rev. H. C. Holloway, Pastor of the Westminster charge, requests us to state, that the neighbouring clergymen of the Lutheran, and other christian denominations as well as the public generally, are cordially invited to attend these interesting services. Rev. C. A. Stork of Baltimore will preach the dedication Sermon.

☞There is nothing like having a plenty of newspaper reporters around.—They do a vast deal of good when it is least expected. Not long since a rash young man, weary of life, was about jumping from a train in motion when he was deterred by a reporter, who asked his name, age, business, and residence for an obituary item. Still more recently a "newspaper man" in Canada was attacked on a bridge by a rascal, bnt he threw his assailant out into the river and made an item of him.

☞We are not inclined to find fault with any one, but we would respectfully call the attention of the Company and the City Fathers to the fact, that a lot of stone intended to be used on the Turnpike, has been unloaded in front of our office, in such a way, as to render it difficult for vehicles to get to the pavement. On Friday, as Mr. Abraham N. Hess was leaving our office his sleigh ran on this stone pile and was upset, throwing the lady he had with him out in the snow.—Fortunately they received no injury.

A CRAZY MAN.—Stephen Lightner, a colored man, who has for some time been sick, on Monday last began to act very strangely, threatening persons with a knife and doing other things not considered exactly right. He was found to be laboring under an attack of insanity and was taken to the jail for safe keeping. While at the Magistrates office he made an attack on Justice Mitten, tearing his clothes, and upsetting officer Williams, who with the aid of his revolver, succeded finally in securing Lightner.

NEW HOTEL.—The "Montieur House" is the name of the fine Hotel recently erected by Messrs. Lynch and Orendorff, in this City. This building has a front of fifty feet on Main Street and runs back a distance of sixty-five feet. It is three stories high besibes the basement and attic, and has forty fine rooms. It has been leased to Mr. ——— Haines, of Harrisburg, Pa., who will open it to the public about the 1st of April.

It is the intention of Messrs Lynch & Orendorff to erect Stables on the same lot in the rear of the Hotel which will be rented to a gentleman who intends to open a livery stable.

☞It is proposed to change the Brookville-Hood's Mill section of the Westminster road into a turnpike. If it is done, we hope, that the road will be thoroughly graded first, by which means it would become one of the finest and easiest roads in the State. Money spent in grading and macadamizing roads well, is readily saved in stock and vehicles, not to speak of the convenience and personal satisfaction of the traveller. Besides this: good roads are a great inducement for land purchasers, so that even in this respect money is well spent in road improvements.—*Ellicott's City Common Sense.*

☞As we sit here in our office, close to the fire, we have music to gladden us all the day long. Music that tells of happy hearts and good dinners, with turkey and such things. We believe that they are the best things we know of. Music that awakens the good and puts to flight all the bad humors that we are blest or cursed with. The music of the bells, as the sleighs go racing past our door, is to us the cheeriest music in the world, and we feel with Poe, "what a world of merriment their melody fortells," when "they tinkle, tinkle, tinkle in the icy air of night." For a week past we have listened to, and enjoyed "the tintinabulation that so musically wells from the bells." Let the snow fall then, for it brings light and happy hearts, and that is the grease which makes the world run smoothly.

ELECTION OF OFFICERS.—At a meeting of Carroll Council U. L. A., held on the 31st ult, the following officers were elected:—President, Harry J. Shellman; Vice President, John H. Mitten; Asst. Vice President, Charles Wagoner; Treasurer, M. W. Sullivan; Secretary, J. Edwin Weaver; Marshall, Alfred P. Cook; Chaplain, John G. Capito; Herald, John T. Hook; Sentinel, Wm. J. Freeman; Delegates to the Grand Council of Maryland, A. D. Schaeffer, H. J. Shellman and John F. Shade. A Committee of five of which Rev. J. G. Capito is Chairman, were appointed to confer with the other Councils in the County in reference to forming a County Council. The other Councils are requested to Communicate with this Committee and inform them what action they have taken.

There will be another meeting on next Friday Evening. Let there be a full attendance as business of importance will be called up.

DARING BURGLARY.—Probably the most daring burglary committed in this place for some time, was perpetrated on Major Troxel, on the night of the 30th ult. The Major had his clothes on a chair by his bedside, and a lamp burning on the mantle, within a few feet of him; his wife was awakened by a noise, just in time to see a man's arm closing the door of the room. She immediately roused the Major, and told him there was some one in the house; he jumped out of bed, saying: "he thought not," but at once missed the chair and clothes, and heard some one running down the steps, he immediately gave chase, but the villain was too quick for him and had got out the front door carrying the clothes with him. In the morning the clothes were found hid in a pile of lumber near Swartz's Mill. The thief got a valuable watch and a pocket-book containing about seven dollars, and some promisary notes, his actions show clearly, that money was his object, but the Major's prudent habit of trusting to the large vault of the National Bank for security, rather than to his pocket book, gave the theif but little booty.—*Berkley Union.*

ACCIDENATAL CUTTING.—Last Monday Mr. Wm. G. Rinehart's horse was fastened at the Blacksmith's shop, Union Works, Westminster, got his legs entangled in the hitching strap, was thrown down and could not get up. Several parties ran to relieve the horse, when Mr. Rinehart called to them to cut the strap, Mr. Wm. H. Bell cut the strap with his pocket knife, when the struggling horse nearly threw Mr. Bell to the ground, who in the attempt to save himself threw out his arms and accidentally cut Mr. Wm. H. Harman, who was standing near him, over the right eye. Dr. Hering was called in, and dressed the wound. We are glad to add that though a painful, it is not a serious wound.

Dr. Schenck's Pulmonic Syrup.

This great medicine cured Dr. J. H. SCHENCK, the Proprietor, of Pulmonary Consumption, when it had assumed its most formidable aspect, and when speedy death appeared to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption and the disease which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. SCHENCK makes professional visits to several of the larger cities weekly, where he has a large concourse of patients and it is truly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr SCHENCK, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his fee is three dollars

Please observe, when purchasing, that the two likenesses of the Doctor—one when in the last stage of Consumption, and the other as he now is, in perfect health—are on the Government stamp

Sold by all Druggists and Dealers. Price $1 50 per bottle, or $7 50 the half dozen. Letters for advice should always be directed to Dr. Schenck's Principal Office, 15 North 6th St., Philadelphia, Pa. SONG OF IRON.

I am mighty in the saber,
Fiercely wielded by the brave,
Glorious in the stalwart steamer,
Laughing at the storm and wave.

Beauteous in the palace pillars,
Saying in the pointed rod,
As it brings the deadly lightning,
Quelled and harmless to the sod.

But there is a glorious essence,
Where I take my grandest power,
Giving to the RACE my surest,
Sweetest aid, in danger's hour.

See! before me fly diseases!
See the darkest hydras bow!
See the rose of health and beauty
Take the palest cheek and brow.

Fly, dyspepsia! fly, consumption!
Yes, all ills are crushed at length,
For I give what human nature
Only ever needed—STRENGTH!

Shall I tell in what great essence
I can thus your spirits cheer up?
Pallid, trembling, dying sufferer,
'Tis the famed "PERUVIAN SYRUP."

The PERUVIAN SYRUP is a protected solution of the Protoxide of Iron, a new discovery in medicine that strikes at the root of disease by supplying the blood with its *vital principle or life element—Iron.*

The genuine has "PERUVIAN SYRUP" blown in the glass.
