DEATHS AT ROCK HALL

Joel H. Smith, a prominent citizen of the Fifth district, died at his home in Rock Hall, Tuesday, April 1st, aged 70 years. He is survived by his widow and the following brothers and sisters: Percy, Adam, Louis, Eugene, Benjamin, and Misses Ellen, Agnes and Martha Smith.

Funeral was held Friday morning at 11 o'clock at St. Paul's Church, conducted by the Rev. Mr. Sheen, interment in cemetery adjoining. The pall bearers were his brothers, Percy, Adam, Louis and Eugene Smith, Ringgold Jones and Harry Esenwein. Undertaker Charles L. Dodd will have charge of arrangements.

Mrs. Elizabeth Ayres, (nee Kendall) widow of the late James Ayres, died at the home of Mr. and Mrs. Frank Jester in Rock Hall Saturday, March 29th, 1924, at the ripe old age of 99 years and six days. Much of her life was spent on the farm in Swan Creek where James Bigelow now lives. After the death of her husband about 45 years ago Mrs. Ayres lived with friends until her sister, Mrs. Samuel LeCompt, died about two years ago near St. Paul's Church and then was transferred to Mrs. Jester's care. The deceased was of a deeply Christian character, willing to help all in need and, childless herself, reared three foster children, Philip Myers, Mollie Foster and a neice, Lizzie Kendall who married Darius Scott, all of whom are now dead. Her near surviving relatives are three nephews, Jefferson D. Ayres, Thomas Rodney and William Kendall, all living in the vicinity of Rock Hall. Funeral services were conducted Tuesday afternoon at 2 o'clock in the Methodist Episcopal Church at Rock Hall by the pastor, Rev. W. H. Revelle. It was a very solemn moment when the little cortege made its way down the aisle and the mortal remains of one who had passed through the vicisitudes of nearly a century of life were carried to their resting place in Wesley Chapel cemetery, there to await the summons to come forth when time shall cease. The bearers were J. W. Joiner, Charles Ayres, W. T. Downey, G. Romie Scoone, Henry Urie and John Diehl. Thomas H. Casey undertaker, in charge.

Mrs. Susannah Biggers died at 6 o'clock Saturday morning, March 29th, 1924, aged 73 years, at the home of her daughter, Mrs. Miller Glenn, at Rock Hall, where she had resided for sixteen years. She was twice married, her first husband being Isaiah Coleman and the second William Biggers. She was a member of Rock Hall M. E. Church having been transferred there from Chestertown where she had long been a resident. Mrs. Biggers was of a very friendly disposition. She had a wide circle of friends and was well-loved by her family. Besides her daughter, she leaves two sons, William Coleman, of Rock Hall, and John Coleman, of Wilmington, twelve grand-children and a number of great-grandchildren. Following a stroke of paralysis she had been a semi-invalid for a year and failed more rapidly the last two weeks, death resulting as stated. Funeral services were held Monday at 2 p. m., in Rock Hall M. E. Church, being conducted by the pastor, Rev. W. H. Revelle. There were many most beautiful floral offerings. Interment took place in Wesley Chapel cemetery. The bearers were her sons, William and John Coleman, grandsons, Melvin and Eldridge Glenn, son-in-law, Miller Glenn and his brother, Edgar Glenn. Thomas H. Casey directing.

Capt. William H. Haley, a prominent citizen of Wilmington, who for many years had charge of the West End Reading Room and best known probably as a leader of boys died at his late home in Wilmington on Thursday last, aged 68 years.

Mr. Haley originated what was known as the Boys Brigade and instructed boys in physical culture and drilled in Military tactics. For 25 years he had been connected with the Prudential Insurance Co., retiring last August.

He leaves a widow and two daughters, Mrs. J. W. Jester, of Baltimore and Mrs. Harry W. Barnes, of Wilmington, also a son John M. Haley, of Wilmington. Funeral service was held from his late residence on Monday afternoon, with interment in Mt. Salem Cemetery.

Mr. Haley with his family had visited Chestertown at the home of Mr. and Mrs. John W. Barnes on several occasions.

MRS. IDA P. MACKEY

Mrs. Ida Payne Mackey, wife of Daniel L. Mackey, died at her home in Church Hill last Monday after an illness of several months of cancer of the liver. The deceased was twice married. Her first husband was the late William Kimble. By this marriage she leaves a son and a daughter: Edward Kimble, of near Church Hill, and Mrs. Grover Pinder, of Galena. In 1919 she married Mr. Mackey who also survives.

More Girls Graduate Than Boys

More girls than boys graduated from public schools of the State and fewer girls than boys fail, according to the annual report of the State Department of Education.

In the counties 1,267 girls and 686 boys were graduated from high schools, while 647 girls and 520 boys were graduated from city high schools.

Of boys and girls graduating, but in these schools the girls still hold a good lead, with a majority of 1,223 according to the compilation. In 1923 girls graduated from the various types of elementary schools in the counties — one and two teacher schools—total 4,773, compared with 3,550 boys.

It is shown that only 18 boys and 33 girls were graduated from Kent county high schools.

THE NATCO TILE SILO—Economy Wooden stave Silo. GET OUR QUOTATION.

BASE BALL NOTES

Not much doing in baseball now except talk. The Washington College team this year will rank as well as the average college team. With the exception of the University of Maryland, the Washington team now, is as strong as any college team in Maryland last season.

The first practice game as follows: Indicates the team will lineup Conant, 1st base; Dumschott, 2nd base; Carrington, short stop; Rayne or Galvin, 3rd base; Capt. Griffith, Cavanaugh, McGinnis and Smoot as outfielders; Holland and Temple, catchers; Hickman, McGran, Simmons, J. Adkins Carroll and Culver, pitchers.

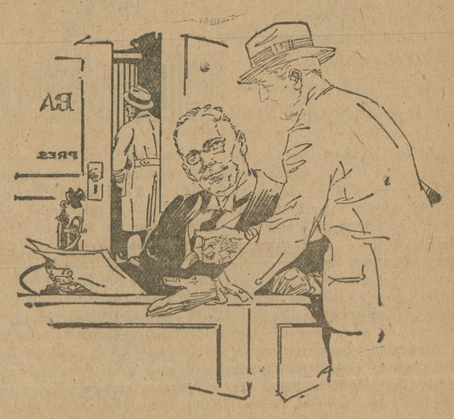
Manager Bounds announces the following change in the schedule:

June 14—Kent and Queen Anne's All-Stars.

June 16—Alumni.

Both games will be played on the Washington field.

"A Sound Idea Needs Little Explaining".



We need few words here to explain the value of Thrift—as practiced through a bank book.

Fortunes—ease—comfort and peace and plenty in old age, have come to many who started FIRST—with a small entry in a SAVING ACCOUNT book.

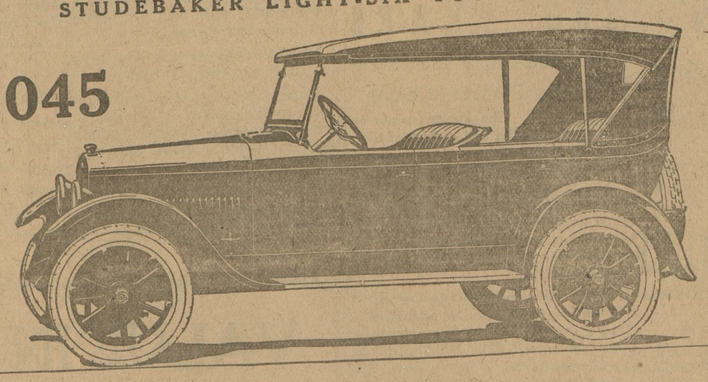
STUDEBAKER LIGHT-SIX TOURING CAR

$1045



Mark This Example

of what Studebaker alone can do

STUDEBAKER is the world's largest maker of quality cars. Our assets are $90,000,000. We have $50,000,000 in model plants.

Our sales have almost trebled in three years, because of our matchless values. Last year, 145,167 people paid $201,000,000 for Studebaker cars.

Come and learn why

Come and see, before you buy a car, the reasons for this success. See this Light-Six Touring Car, for instance.

Built of the finest steels. Of the very same steels we use in the costliest of our cars. On some we pay makers 15% premium to get just the quality specified.

Built under an engineering department which costs us $500,000 yearly.

Each car subjected in the building to 32,000 separate inspections.

Same steels, same workmanship as in the costliest Studebaker models.

Two great features

There are many features in this Light-Six found in no rival car. But we want to mention two in particular.

The motor is perfectly balanced. That means long life and freedom from vibration.

The reason is this: We machine all surfaces of our crankshafts and connecting rods by 61 operations. Just as was done in Liberty Airplane Motors. This is done in no other car at our prices.

Then we use more Timken bearings in this car than are used in any competitive car within $1,500 of our price. And Timken bearings take up wear as no other bearings do.

Why this price?

This Light-Six Touring Car is priced at $1,045. Built under ordinary conditions such a car would cost you from $200 to $400 more.

But we build 150,000 cars per year. We make our own parts. We build our own bodies in $10,000,000 body plants. We have 12,500 up-to-date machines. Our major costs are divided by enormous output.

The result is a value no other maker even tries to match in a fine car of this size. Come see what it means to you.

Send for the Book

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance—

It will enable you to look at any car and tell whether it's been cheapened to meet a price or offers true quality.

It will tell you why some cars rattle at 20,000 miles and others don't. It shows one single point in a closed car which measures whether you're getting top or medium quality. The book is free. Clip the coupon now.

How It Excels

Steels are identical with the steels in the costliest car we make.
More Timken bearings than in any competitive car within $1,500 of its price.
Genuine leather cushions, 10 inches deep. Curled hair filling.
All-steel body.
One-piece windshield—rainproof.
Attractive cowl lights.
Quick-action cowl ventilator.
Non-skid cord tires.
Transmission and ignition locks.
Perfect motor balance.
The supreme car of its class.

Send coupon for book about it.
