AMERICAN SENTINEL, AND GENERAL ADVERTISER.

The American Sentinel.
WESTMINSTER:
THURSDAY, FEB. 13, 1868.

FOR PRESIDENT:
GENERAL ULYSSES S. GRANT.

Subject to the decision of the Republican National Convention.

Republican County Convention.

At the Court House in Westminster, on MONDAY, FEB. 24TH, 1868.

In pursuance of a call of the Republican State Central Committee in convention assembled in Balt., held Jan. [illegible], 1868, it was resolved that a State Convention of the Republican party be held in that city on the 6th day of March, 1868.

The purpose of said State Convention besides other important business, is to elect four delegates to represent the State at large, and two delegates from each of the five Congressional Districts of this State, to represent the Republican party of Maryland in the National Republican Convention, to be held at Chicago May 20, 1868, to nominate candidates for President and Vice President of the United States.

An Electoral ticket for the State pledged to support said nominees will also be nominated by said convention.

The Republican voters of the different districts of Carroll county are therefore requested to meet at the Court House in Westminster, on *MONDAY, FEB. 24, 1868*, at 2 o'clock P. M., to nominate five delegates to represent the Republican party of Carroll county in the said State convention to be held in Baltimore.

The attention of the various members of the County Central Committee is particularly directed to this call, and they are requested to use their efforts to insure a large attendance of the Republicans throughout the county.

By order of the
Jan. 30. CHAIRMAN.

A PROPOSITION TO SUBSCRIBERS.

The Campaign having commenced it is our desire to increase our subscription list at once. We therefore make the following offer: To any subscriber sending us the names of *five* new subscribers with the *cash*, $7.50, we will give a credit of one year on his subscription; or to any one not a subscriber, sending us *five* new subscribers with the *cash*, we will send a copy of the *Sentinel* one year for nothing.

GEN. GRANT AND THE PRESIDENT.

For some time past the correspondents who toady around the White House have been circulating numberless stories in regard to a correspondence between Gen. Grant and the President, but it was not until the 4th inst., that the truth come to light when a resolution of the House of Representatives spread the letters before the country.

The correspondence was in reference to the War Department difficulty. It seems that the President had given Gen. Grant verbal orders not to obey any order of Hon. E. M. Stanton, Secretary of War, unless he (Grant) knew that they came from the President. The General opened the correspondence on the 24th of January, by requesting that these instructions be given him in writing. On the 28th Gen. Grant, not having received an answer renews his request, and then goes on to review the conversations he had with the President in regard to the reinstatement of Mr Stanton, stating at the same time, that he does this in consequence of "gross misrepresentations" affecting his personal honor" which have purported to come from the President. On the 29th the President returned Gen. Grants first note with an endorsement instructing him not to obey the Secretary's orders, "unless such order is known to have been authorized by the Executive." Gen Grant replied, that he had been informed that the Secretary had received no order from the President limiting his authority, and that while such was the case "it would be satisfactory evidence to him (Grant) that the orders from the War Department were authorized by the President. On the 31st the President writes again and goes over the the whole matter in relation to Mr Stanton, charging Gen. Grant with having violated promises made to him (the President) that he would assist in keeping Mr Stanton out of office, and trying to prove that the Gen. had acted in bad faith. On the 3d instant Gen. Grant sends his reply, sharp, clear and decisive, firmly reiterating what he had stated, and telling the President plainly that what he had said in his previous letter was true "anything in yours (the President's) in reply to it to the contrary notwithstanding." This letter which closes the correspondence ends with the following emphatic passages:

"The course you would have it understood I agreed to pursue was in violation of law and without orders from you, while the course I did pursue, and which I never doubted you fully understood, was in accordance with law and not in disobedience to any orders of my superior.—And now, Mr. President, when my honor as a soldier and integrity as a man have been so violently assailed, pardon me for saying that I can but regard the whole matter, from beginning to end, as an attempt to involve me in the resistance of law, for which you hesitated to assume the responsibility in orders, and thus to destroy my character before the country. I am in a measure confirmed in this conclusion by your recent orders directing me to disobey orders from the Secretary of War, my superior and your subordinate; without having countermanded his authority, which I am to disobey."

The Gen. is a quiet man but he evidently don't long remain so when his honor is assailed, and he won't be bullied by anybody.

☞ Ash Wednesday, the first day of Lent falls on the 26th day of February.

CONGRESS.

In the Senate, the House resolution, authorizing the Sec. of War to employ Counsel to defend Gens. Grant, Meade and Ruger, in suits brought against them in pursuance of official duty was passed. In the Debate on Reconstruction, Senator Morrill said he was not at all certain that Maryland had a Republican form of Government. She had disfranchised one-fifth of her male population; elected Rebel army officers to her Legislature; had expunged from her Bill of Rights that noble Republican principle that all men are created equally free, and had abolished free suffrage which existed at the time of the Confederation. The Bill authorizing State taxation on the shares of National banks was passed. The Bill amending the Tenure of Office act was passed. It provides among other things, that the term of all Revenue Agents and Inspectors shall expire within thirty days from the passage of the bill, and hereafter the appointment of such offices must be confirmed by the Senate.

In the House of Representatives, Mr. Beatty, Republican Congressman recently elected in Ohio, entered upon his duties. Mr. Thomas of Maryland, introduced a Bill, for a railroad and telegraph line from Washington to the Pennsylvania line. The Army appropriation bill was reported to the House. It cuts down expenses considerably; the appropriations this year for bounties, pensions and interest on public debt are one hundred millions less than last year. The Civil appropriation bill cuts down the amount asked for by the Departments, six millions. The House seems to be going to work in earnest to cut down expenses.—Among other appropriations, one item of $3,500 and another of $25,000 for the Senate, were stricken out.

Hon. Francis Thomas.

The Frederick *Union* seems very much worried about our honored representatives from the Fourth District. It don't approve of his votes and actions and wants the people, in the several Counties in the District to assemble in Mass Meetings and "instruct him to vote in accordance with their views or to resign." We wouldn't advise "the people," as the *Union* is pleased to style its party friends, to waste their time on "the old War Horse of Democracy," because he is very much like Crockett, he makes sure he is right and then goes ahead. We quote further;

"Let us thunder into the years of our representative our condemnation of his votes and actions, and warn the United States Senate to beware how they exclude our representatives. Further forbearance has almost ceased to be a virtue. We *will* have our rights, or we'll shortly know the reason why."

We hope the *Union* feels better. We can imagine the amusement of F. T. when "they thunder in his ears," and the terrified appearance of the grave and reverend Senators at the warning. What *rights* the *Union will* have we cannot explain.

THE LEGISLATURE.

In the Senate, the bill making valid the marriage of colored people, who have lived as man and wife since their emancipation, was rejected. The Committee on the Penitentiary reports that they had recommended to the Governor for pardon nearly one hundred convicts. The Committee on Internal Improvements was directed to inquire of the turnpikes running to Baltimore.

The bill to amend Charter of Unionville and Union Bridge Turnpike Company passed the Senate and read a second time in the House. House bill to amend Charter of Liberty and New Windsor Turnpike Co., passed the Senate, and read a second time in the House. Bill to incorporate Deer Park Turnpike Company of Balt. Co. passed the Senate. Bill to protect wild game in Baltimore, Carroll and Frederick Counties, reported unfavorably in the Senate. Mr. Worthington introduced a petition from citizens of Carroll County opposing any change in the route of the Frederick and Pennsylvania Line Railroad.

GRAND ARMY OF THE REPUBLIC.

For the benefit of Soldiers and Sailors, we publish the following extract from the General order No. 1, of Commander-in Chief John A. Logan:

"You have said in your fundamental law the results designed to be accomplished are:—

First. The preservation of those kind and fraternal feelings which have bound together with strong cords of love and affection soldiers, sailors and marines, who have stood together in many battles, sieges, engagements and marches.

Second. To make these ties available in works and results of kindness, of favor and material aid to those in need of assistance.

Third. To make provision, where it is not already done, for the support, care and education of the orphans of soldiers, sailors and marines, and for the maintenance of the widows of deceased soldiers, sailors and marines.

Fourth. For protection and assistance of disabled soldiers, sailors, and marines, whether disabled by wounds, sickness, old age or misfortune.

Fifth. For the establishment and defence of the rights of soldiers, sailors and marines of the United States, morally, socially and politically, with a view to inculcate a proper appreciation of their services to the country, and to the recognition of such services and claims by the American people.

Sixth. The maintenance of true allegiance to the United States of America, based upon a paramount respect for, and fidelity to the national Constitution and laws, manifested by the discountenancing of whatever may tend to weaken loyalty, incite insurrection, treason or rebellion, or in any manner impair the efficacy and permanency of our free institutions, together with a defence of universal liberty, equal rights and justice to all men.

Governed by these objects and principles our Order has in the past year increased to an extent unexampled in history, and is rapidly spreading over the whole country wherever comrades are to be found in numbers sufficient to establish posts. It is my earnest hope that the progress made thus far will prove an auspicious presursor of the future. The plan of our organization is similar to that of the army in which you recently served. The analogies are apparent from the time you enter until you leave your post.

Post Commandant Wm. A. McKellip, or Post Adjutant S. D. Webster at Westminster, and Comrade L. F. Byers at Uniontown will give any information desired by those interested.

☞ The first steamer on the new Baltimore and Bremen line will leave Bremen on the 1st of March.

AN APOLOGY.

We deem that an apology is due to our patrons for the appearance of the outside of our paper. We have had some trouble with our paper dealer, but we are now making a new arrangement and we hope to do better hereafter.

☞ If our friends in the Leagues throughout the County would take the matter in hand they could increase our Subscription list very materially. We hope they will take this matter in consideration. If each one of our present subscribers would use his influence we would soon double our present list.

☞ Some of the Democratic papers are making excuses for their defeat in Ohio, but one of them, the Dayton *Ledger*, says it "indicates a Republican majority next fall, in Ohio, of from twelve to twenty thousand."

THE WESTERN MARYLAND RAIL ROAD—COMMITTEE OF CONFERENCE—PROPOSED CHANGE IN THE PRESIDENCY.

A communication was recently addressed by Hon. John Lee Chapman, President of the Western Maryland Railroad Company, to the Mayor and City council of Baltimore and to the board of commissioners of Washington county, requesting that the city and county each make a further guarantee of $50,000 of the second mortgage bonds of the company, to meet the installments due contractors for the month ending January 31, and payable between the 12th and 15th instant. After the receipt of the communication by the Washington county commissioners, they held a meeting and appointed a committee, to confer with the Baltimore authorities in reference to the affairs of the Western Maryland Railroad, and devise what was course best to pursue by the city and county in view of the present emergency of the company.

A resolution had passed both branches of the city council requesting the Mayor not to make any further endorsements of the bonds in question until a proper examination of the road shall be made. In accordance with a further provision of the resolution, a committee, was appointed, including the Mayor and a competent engineer, to make the examination referred to.

The committee from Washington county arrived in this city yesterday, and had a conference last night at Barnum's Hotel, with his Honor Mayor Banks and the members of the city council. Mr. Barnes city register, was also present. A full interchange of opinion was had, and a general desire expressed that the road should be completed at an early date. The Baltimore authorities, however, desired that before any action in reference to the endorsement of the bonds was taken an inspection of the road be made. It was therefore finally agreed upon that the Washington county committee, in company with Mayor Banks and the Committee appointed by the city council, should leave this city on Thursday morning next, at half-past eight o'clock, and make a general examination of the entire line of the road. Until such time as these committees make their report, no further action, it is stated, will be taken in reference to the subject.—*Sun of Friday.*

Last evening, in the First Branch of the City Council, the ordinance offered a few evenings previous by Mr. George, of the Sixth ward, authorizing the Mayor to vote the stock held by the city (4,000 shares) in the Western Maryland Rail-road Company, was called up, read and passed by a vote of yea one (Mr. Vickery) nay none. After the adjournment of the Branch the object of the ordinance was learned to be the displacement of Mr. Chapman from the Presidency of the Company. The ordinance repeals the provisions of the former ordinance, by which the city's vote is cast by the Directors on the part of the city. Messrs. John W. Randolph, and Samuel Maccubbin, the latter of whom is ready to resign the authority.—*American of Saturday.*

CORRESPONDENCE.

WESTMINSTER, Feb. 6, 1868.

MR. EDITOR:

I wish to use your columns to state, that the charge made in the *Democratic Advocate* of this date, that members of the Grand Army of the Republic of this place are "promising bounties" *of any kind*, to those who will join the organization, is false. Any further notice of this charge will be deemed unnecessary.

MANCHESTER, FEB. 8, 1868.

MR. EDITOR:

Thinking that a few news items from our town and vicinity may prove of interest to some of your readers, we again take up the pen to write some of the "passing events."

Our town has all the week been enlivened by the "tintinabulation of the bells," and the merry laughter of the *belles*, as they go racing through our streets. The sleighing has perhaps never been better than at present. While we love to hear the music of the bells ringing on the frosty air, we are exceedingly anxious to hear the shrill whistle of the Locomotive. The new Rail-Road is the all-absorbing theme of conversation, among the store loungers, and among our citizens generally. We think the prospect for a Rail-Road brightens.—Yesterday we had a delegation from Pine Run who are very anxious to have the road pass through their neighborhood, and offer as an inducement, to raise *one hundred thousand dollars* ($100,000) towards the work. The citizens of Hampstead, too, manifest considerable interest in the enterprise. A railroad would certainly prove of great advantage to both these *finished* towns. Mr. George Everhart was elected President of the board, and *not* George Shower, Esq., as was stated in our former communication.

Our public school under the tutorage of Miss Sarah Trump and Miss Lizzie Herris is in a very prosperous condition. Many of our people will be very loth to part with the present school system, having no assurance of getting a better in its stead.

The revival, which for some weeks has been in progress in the M. E. Church at Hampstead, under the superintendance of Rev. Mr. Linn, continues. Between twenty and thirty have professed faith in Christ, most of whom have united with the church.—May the good work go on.

MANCHESTER.

THE LITTLE CORPORAL, for February, is a very fine number. The Publisher offers most beautiful premiums, and unusual inducements to raise Clubs. Terms, $1 a year. A sample copy will be sent free to any one who applies for it during February. Address Alfred L. Sewell, Publisher, Chicago, Ill.

THE WORLD AT HOME for February has been issued. Its contents is composed principally of stories, the chief one of which is a serial by Alexander Dumas, translated from the French expressly for this Magazine. The "Home Department" has a variety of useful reading. Its Editorial Department, Monthly Summary of news, and Book Table are good. The peculiarity of this excellent magazine, while it marks it as an enterprising undertaking is that with each subscription is given a sealed order entitling the holder to one of numerous valuable gifts—as silk dresses, shawls, furs, and the like. The publication office is 814 Chesnut street, Philad'a.

KELLEY'S WEEKLY comes to us every week. It is a good paper profusely illustrated.

REMOVAL.—Mr. Alexander Frazier has removed his silversmiths' Shop to a room opposite Lingenfelter's Hotel. He is a prompt, energetic and skillful workman, and from his past reputation, bids fair to receive a good share of public patronage.

NURSERY.—Mr. Joseph Stout's advertisement will be found in another column. He raises delicious fruit and we can testify to the fact that his trees are of the best. Persons wishing good fruit trees should give him an early call.

FROZEN.—A negro named Joe. Gates, went into the loft of Mr. Henry's Stables, at the Westminster Hotel, on Friday night last, to sleep. He was discovered on Saturday morning, with his legs frozen up to the knees. He was taken to the Alms House to be taken care of.

THE WEATHER during last week was clear and cold until Saturday night, when snow began to fall, which turned into a sleeting rain on Sunday. On Monday morning there was a freeze. The sleighing has been very fine.

MONEY SOLD.—At the meeting of the Patapsco Building Association on the 4th inst., the sales of money were as follows: John Sinnot, 3 shares at 41 per cent. premium. Wm Yingling, 3 shares at 38 per cent. premium.

IMPROVEMENTS.—As an item showing the amount of improvement going on in our City, we state, that Mr. Geo. Lease, Builder, has contracted to build ten dwellings within the City limits, as soon as the spring opens. The other Mechanics seem to have plenty of work on hand.

REVIVALS.—There is a Revival going on in the German Reformed Church of Taneytown which, we understand, has so far been very successful.

The M. P. Church in Uniontown and the M. E. Church here have, for some weeks past, been carrying on Revivals very successfully.

DETENTION.—On Wednesday of last week the early Passenger train on the W. M. Railroad was detained at Glen Morris, by a wheel of the tender coming off. The 10 o'clock train from Westminster went down as usual and took the passengers from the early train on into the city, but owing to the detention no train arrived here at 11 o'clock A. M. and the mail was delayed until the evening train.

☞ Dr. H. Anders, a German chemist and a member of the Medical Faculty of New York city, after fifteen years', research and experiment, has discovered a method of dissolving Iodine in pure water. This preparation (Dr. H. Anders' Iodine Water) has cured many cases of scrofula, ulcers, cancers, &c., that had resisted the action of all other remedies.

NEW GOODS.—John L. Reifsnider appears to be one of the most energetic business men in our community. Dry Goods in large quantities are constantly arriving at his store yet it seems never to get full because they go out almost as fast as they come in. He has just received a large supply and offers great inducements to purchasers. His motto is "quick sales and small profits." Give him a call.

LOCAL PAPERS.—There are many persons who either take no paper at all, or else take one from a distant city, and when they wish to see what is transpiring in their own neighborhood, they beg or steal the local paper from some citizen more liberal than themselves. Many men of this kind are engaged in business and frequently grumble because people do not patronize "home industry" when they practice the very thing of which they com-complain.

ST. VALENTINES DAY.—To-morrow is St. Valentines day, when Cupid is supposed to play pranks with the hearts of the young and unsuspecting. In days gone by sentimental valentines were all the rage, but now Cupid seems to have struck a comic vein, and depatches right and left his humorous shafts. The pastime of sending comic valentines is not objectionable unless it is carried to the extent of disagreeable personalities then it should be frowned down by all.

CHURCH DEDICATION.—The New Evangelical Lutheran Church in Westminster, will be dedicated to the service of Almighty God, on Sunday, *February 23rd*, 1868. The Rev. H. C. The Public are invited to attend.

MT. AIRY ITEMS.—A singing school has been organized at Howard Chapel (more commonly called Coal-pit Hill) near Mt. Airy under the leadership of Mr. Wesley Walker, with the ultimate intention of forming a choir in said Church.

A little girl at No. 9 school, 3d district, pushed her schoolmate down while sliding on the ice; who in the fall so cut and bruised her arm that she will be unable to attend school for many weeks. Be careful how you play this cold weather.

As Mr. Leaken Shipley, an old resident of this vicinity (Mt. Airy) was riding on horse-back from Damascus to his home, he was badly kicked by his companion's horse, and on examination it was found that his leg was broken. We wish him a speedy recovery. *Elicott's City Common Sense.*

Among the many restoratives which nature has supplied to relieve the afflictions of humanity, there is no more favorite one for a certain class of diseases than the "medicinal gum" of the Wild Cherry Tree but however valuable it is, its power to heal, to soothe, to relieve and to cure, is enchanced tenfold by scientific and judicious combination with other ingredients, in themselves of equal worth. Strong Testimony.
From Benjamin Wheeler, Esq. Depot Master of South Royalston, Mass.
"In the spring of 1858 I was most severely afflicted with a hard, dry cough, with its usual accompaniments of night sweats, completely prostrating my nervous system and producing such a debilitated state of health that, after trying medical aid to no purpose, I had given up all hopes of ever recovering, as had also my friends. At this stage of matters I was prevailed upon through the influence of a neighbor to try Wistar's Balsam of Wild Cherry, and before using two bottles, the effect was almost magical. My cough entirely left me the night sweats deserted me, hope once more elated my depressed spirits, and soon I had attained my wanted strength and vigor. Thus has this Balsam, as has often been remarked by persons conversant with the above facts, literally snatched me from the yawning grave. You are at liberty to use this for the benefit of the afflicted."
