POLITICAL NOTES

The political pot is brewing and candidates are springing up overnight.

It is stated upon good authority that Ellsworth C. Bowers has announced he will be a candidate for County Commissioners in 1926.

Robert R. Hill is understood to be in line for appointment to the Kent County Board of Education to take the place now held by Wm. G. Smyth, whose term expired on May the first, and it is understood that Senator Copper has told his friends Mr. Hill will be named so that he and Mr. Davis may act jointly in controlling school affairs in the county. Mr. Smyth has made an excellent official, untiring in his zeal to better public education and school conditions generally in the county and it is amazing to his many friends that the lengthy and numerously signed petition presented on his behalf to Gov. Ritchie should have received such scant consideration.

Rumor again has it that William Steele, Sr., of Galena, Harry Rash, of Melitota, and Addie Startt, of Quekver Neck, have each been promised the chief game wardenship now held by E. J. Watson. Somebody is being fooled again.

Anent Improved Roads: — It is stated upon good authority that Senator Copper in his last campaign promised certain voters of the first district he would help them obtain a State road to Golts, and promised certain other voters in the same district he would favor a State road to the head of Sassafras, that he promised the voters of the Third district he would help them secure an improved road from Hopewell School House to Worton Station, and the voters of the Fifth district he would do all he could for the Piney Neck Road. What did Senator Copper do in the Legislature. He introduced a resolution in, and had it passed by the State Senate for an improved road to Tolchester Beach. Now was Senator Copper really sincere when he made these various promises?

WASHINGTON COLLEGE ENDOWMENT FUND

The $250,000 Endowment Fund Campaign of Washington College makes progress with the quarter way mark in sight. With the intensive effort completed in Kent county the campaign is settling down to the steady, hard pull that will characterize the work throughout the State and elsewhere among the friends of this historic institution.

Asked as to the prospects of success, Dr. Paul E. Titsworth, of the college, said it must succeed, there was no other alternative unless it would be closing the doors of the institution, and such a contingency was not to be thought of.

In Cecil county, Chairman Irwin T. Kepler advises that about one-half of their $10,000 quota is pledged with prospects for the balance very good as no reports have yet been made from Port Deposit, North East and Rising Sun centers.

Chairman, Mrs. George A. Bounds, of Wicomico county, reports slightly under $5,000 or one-half of their quota secured. Talbot, Worcester and Caroline counties are not quite so far along and the remaining counties on the Eastern Shore are just beginning their organization and work.

The Alumni in New York City have reached about $10,000, in Baltimore approxamately $5,000 is secured, and in both cities the organization expects effective results will be forthcoming during the next two months. Philadelphia workers are organizing and will likewise make a good showing.

Science's Latest Gift to Poultrymen

Science has at last discovered a way to reduce losses of young chicks to a minimum. The Quaker Oats Company developed a method of including this wonderful life-giving discovery in

FUL-O-PEP CHICK STARTER

Science proved by experiments that Cod Liver Oil because of its Vitamine content, when combined with the other health-giving ingredients, overcomes leg weakness and produces strong bones and healthy vigorous bodies.

These elements are all combined in Ful-O-Pep Chick Starter, so if you want to cut down your Chick losses, feed them on Ful-O-Pep Chick Starter.
