In this period of time the following figures sworn to show that every Bank in Kent County is the past six months lost in deposits except the CITIZENS BANK OF CHESTERTOWN and THE THIRD NATIONAL BANK. This is the answer to "Pooh! Pooh! that little Bank won't be in existence two or three years from now!"

These figures will show that in six months the Citizens Bank led the list of increases $33,621.63. The Third National Bank followed with an increase in deposits of $19,408.49. The other Banks all lost in deposits.

SCHOOL NOTES

High School Policy

At a meeting held on the morning of Tuesday, September 16th, 1924, the Board of Education of Kent County, Maryland, unanimously adopted the policy regarding high school enrollment and attendance embodied in the following preambles and resolution effective at once:

"Whereas, small high schools have been established in several sections of Kent County, Maryland, for the convenience of those who are unable to send their children any great distance to school, and whereas, the enrollments in those schools are none too large to insure State aid when all of the high school pupils, who are in the vicinities of those schools and in the grades for which instruction is offered, are enrolled there, be it Resolved, that each child that attends high school in Kent County, Maryland, shall enroll in and attend the high school nearest his or her home until the work offered in that school shall have been successfully completed, unless permission is granted by the Board of Education of Kent County, Maryland, for the child to attend some other school because of some condition that would greatly inconvenience the parents in sending the child to the nearest school."

One of the requirements to be met by the high schools in order that the county may receive State aid for the operation of the schools is, for third-group high schools in which only the first two years of high school work is offered, an enrollment of fifteen or more pupils with an average attendance of at least twelve; for second group high schools in which the first three years of work is offered, an enrollment of twenty-five or more pupils with an average attendance of at least twenty; and for first-group high schools in which all four years of work is offered, an enrollment of forty or more pupils with an average attendance of at least thirty pupils.

A considerable sum of money is allowed by the State for the operation of the high schools but the county loses the State aid for those schools in which the enrollment or average attendance falls below the requirement stated above. Inasmuch as the enrollment in each of the small high schools in Kent is scarcely large enough to insure the county against loss of State and for the operation of them it was necessary for the Board of Education to adopt the resolution quoted in the first paragraph of this article.

Athletics

The principals of the high schools in Kent County met with the superintendent of schools on the evening of Friday, September 12th, to arrange a schedule of Fall athletics among the schools. It was decided to promote early in the school year as many as possible of those games and other athletic sports that are sponsored by the Playground Athletic League, Inc., Baltimore, and participated in by the pupils of the schools throughout the county on Field Day. Those sports to which greatest attention will be given, however, are the popular games of soccer for boys and field ball for girls.

In order to have the smaller schools participate in these games a major and a minor league were organized. The three first-group high schools, Galena, Chestertown and Rock Hall comprise the major league and the second teams of Chestertown and Rock Hall are included in the minor league with the smaller schools. In order that the larger schools in this league would not have any advantage over the other teams it was agreed that their second teams should not include any player weighing over one hundred and fifteen pounds.

Following is the schedule of games:

For The Major League

Sept. 25—Rock Hall at Chestertown.
Oct. 2—Chestertown at Galena.
Oct. 10—Galena at Rock Hall.
Oct. 17—Chestertown at Rock Hall.
Oct. 24—Rock Hall at Galena.
Oct. 31—Galena at Chestertown.

For The Minor League

Sept. 25—Kennedyville at Fairlee.
Oct. 2—Betterton at Kennedyville.
Oct. 10—Chestertown at Rock Hall.
Oct. 10—Fairlee at Betterton.
Oct. 17—Betterton at Fairlee.
Oct. 24—Fairlee at Kennedyville.
Oct. 24—Chestertown at Betterton.
Oct. 31—Rock Hall at Kennedyville.
Nov. 7—Kennedyville at Betterton.
Nov. 7—Rock Hall at Chestertown.
Nov. 14—Kennedyville at Chestertown.
Nov. 14—Rock Hall at Betterton.
Nov. 21—Kennedyville at Rock Hall.
Nov. 21—Betterton at Chestertown.

Other games for which dates will be arranged by the principals of the schools represented are:

Chestertown at Rock Hall.
Betterton at Kennedyville.
Fairlee at Rock Hall.
Rock Hall at Fairlee.
Fairlee at Chestertown.
Chestertown at Fairlee.

Mr. Owen C. Blades, manual Training and History Teacher in the Chestertown High School has kindly consented to organize and manage the athletic sports among the schools of the county. We can feel assured that under his direction the quality of school athletics will be greatly improved.

Attendance

Margaret Reihl and Charles Heinefield, of Skinner's Neck School have the honor of having been in school every day for three successive years. Congratulations to these little folks! If there are any other pupils in the schools of the county deserving such honorable mention, Mrs. May Mills Beck, attendance officer, will be glad to hear from them.

FROM PERSONAL EXPERIENCE

Mrs. Bradford Recommends Lydia E. Pinkham's Vegetable Compound

Phoebus, Virginia.—"Having this opportunity I just cannot refrain from saying a word of praise for the Lydia E. Pinkham medicines. I have used them as occasion required for twenty years, and my three sisters have also used them, and always with the most gratifying results. During the Change of Life I had the usual distressing symptoms—hot flashes, insomnia, etc.,—and I am pleased to testify to the wonderful results I obtained from the Vegetable Compound. I heartily recommend it to any woman and I will be pleased to answer any inquiries that might be sent to me through the publication of my testimonial."—Mrs. H. L. BRADFORD, 109 Armstead Street, Phoebus, Virginia.

Consider carefully Mrs. Bradford's letter. Her experience ought to help you. She mentions the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.

If you are suffering from nervous troubles, irritability, or if other annoying symptoms appear and you are blue at times, you should give the Vegetable Compound a fair trial. For sale by druggists everywhere.
