A Perfect Day

No form of out-door sport affords greater exhilaration than a tramp through the fields at this season—in the brisk, frosty morning air.

The startled rabbitt, which scampers away from your feet, the whirr of the quail or pheasant, the occasional shot at migrating ducks, offer a range of shooting unequaled at any other season.

The Perfect Gun

Then if you're carrying a Lefever Shotgun and using Peters' Shells you can truly come home at night and say, "Twas a perfect day".

Quick action and perfect balance are the prime requirements in a gun. And you want a shell which will deliver a hard hitting, evenly distributed shot pattern.

Lefever Guns and Peters' Shells fill these requirements exactly.

Fresh Shells

Proper Loads for all sizes of game—Smokeless, Black Powder.
Double Barroll Shotguns, Repeaters, Automatics.

Bibles for young and old.
Games of all descriptions.
All kinds of attractive wrappings for your Xmas packages.

We believe we can please the most discriminating purchaser.

TOULSON'S DRUG STORE

MY DAUGHTER WOULD CRY AT EVERYTHING

Nervous and Irritable. By Taking Lydia E. Pinkham's Vegetable Compound Became Entirely Normal

Clinton, Wisconsin.—"My daughter was in a very run-down condition, and was irritable, and would cry at every little thing she was so weak and nervous. As Lydia E. Pinkham's Vegetable Compound had helped me when I was a girl I gave it to her to build her up, and the results were all that we could wish for. I wish that every mother with growing girls would try it for these troubles girls often have. I had taken it myself before my girl was born, and she was one of the nicest babies any one could wish to have. I recommend the Vegetable Compound to women and girls and cannot praise it too highly."—Mrs. I. A. HOLFORD, Box 48, Clinton, Wisconsin.

Mothers can depend upon Lydia E. Pinkham's Vegetable Compound to relieve their daughters of those troubles they so often have. They know from experience the value of the Vegetable Compound in the treatment of these complaints and many, like Mrs. Holford, give it to their daughters.

PRESIDENT'S JOB A NICE ONE AFTER ALL

The honor and work attached to the job of being President are not all that the voters handed President Coolidge on November 4th.

The emoluments or perquisites that go with the office are no mean considerations in themselves.

To one of Coolidge's thrifty tendencies, these mean not little in a material way, toward provision for the future.

Of course all these come merely as incidents, but New England common sense forbids that even incidentals be slighted when they may help make things more cozy for a future rainy day.

* * *

Chief of the material emoluments Coolinge will receive as President for the next four years is the $75,000 annual salary—payable semi-monthly. There is an additional travel allowance of $25,000 yearly, to be drawn on as needed.

Doubtless a substantial part of this will be returned to the treasury each year during Coolidge's regime. For the President is not a gadabout.

A further direct factor of pay is the executive mansion, as residence, furnished, lighted, heated and stocked at the cost of the nation.

The Presidential perquisites, however, make up an imposing list.

He has a private office in the capitol, glittering with gold and chrystal, at which touring visitors gaze in awe.

He has a flock of the finest automobiles; a private detective and police force; a private art gallery; a private library; a private yacht when he travels by water and a private railroad train if he goes by land.

* * *

Private greenhouses supply fresh flowers for his desk and dinner table, and half a dozen brass bands are on call when he wants stirring music.

A personal physician looks after the physical welfare of himself and his family and he gets the right of way over all telephones and telegraph wires to send a message.

He eats on fine linen which has the coat of arms of the United States woven into its texture, from china and glassware bearing the seal of the United States.

And at Thanksgiving and Christmas ardent admirers send in the biggest turkeys and the fattest 'possums to burden the Presidential table—and digestion!

SAME MOTOR TAG TAX WILL BE CHARGE

No Reduction To Be Made In Auto License Fees For 1925

No reduction will be made in automobile license fees for 1925, it has been announced by the office of the Commissioner of Motor Vehicles. The present rate of 32 cents per horse power for pneumatic tire cars, will remain the same, as will also the rates for the other various classifications.

It was the original intention of the State officials, it was said, to reduce the license fee, but owing to the expansion of the State's road system and the consequent mounting costs of maintainance it was found impracticable to make further reductions. The reduction from 60 cents per horse power to 32 cents went into effect the first of this year.

Applications for automobile licenses will be mailed November 29 and on December 8 the work of issuing the licenses will be started. About 300,000 applications, it was said, will be mailed out this year.

That the income the State receives under the 2 cent gas tax, which became effective January 1, more than doubles that obtained from the former 1-cent tax, is shown by comparative gross receipts for the first seven-month collection period for 1923 and 1924. A total of $875,873.74 was paid in the corresponding months last year. The cash refunds made in these months this year totaled $19,255.23, and from January to July, 1923, they aggregated $6,575.86.

The cash refunds were made to those buyers of gasoline who used the fuel for motor boats, farm tractors, stationary engines and other purposes. The tax is placed only upon gasoline used in motor cars.

BIVALVES HEALTHY IN KENT COUNTY WATERS

Reports to the effect that oysters tonged in Kent and Queen Anne's county waters had been found diseased and that an order would be issued closing numerous packing houses in the vicinity of Kent Island, were emphatically denied by Conservation Commissioner Swepson Earle.

"There is absolutely no foundation of truth in the rumor," the Commissioner said. He added that no "pink" oysters were being found in this section, though in some parts of the State their appearance had caused considerable uneasiness among packers and conservation officials.

It may be authoritatively stated, therefore, that Chester River, Wye River and other waters of Kent and Queen Anne's county are not producing oysters of either diseased or inferior quality. Bivalves tonged by county oystermen are measuring up fully to their usual high grade, and watermen naturally resent the reports that have been broadcast to the effect that the oysters from these sections were condemned.

Crisfield packers also have been cleared of the charge of unhealthy conditions.

The Kent News is $1.50 a year.

WHY YOU PAY LESS AT THE A&P STORES--Our tremendous purchases entitles us to lower costs, and it naturally follows that buying for less enables us to sell for less. Reason enough for A&P popularity.
