CHESTERTOWN HAS A PROSPEROUS YEAR

Books Of Town Commissioners Show Affairs Have Been Managed in Highly Satisfactory Manner And Many Improvements Have Been Made

Chestertown has had a prosperous year and the affairs have been managed most judiciously by the Town Commissioners. In closing their affairs for the year 1924, the Board of Town Commissioners finds much satisfaction in the results accomplished during the past twelve months with the revenue from town taxes in the development and progress of the city. No extensive program of development can be undertaken in any one year by the Councils of various Eastern Shore towns, because of the low tax rate and consequent small revenue, but by judicious expenditures of the people's money, much can be accomplished. During the past twelve months great improvement to the streets of Chestertown has been made and much of civic imnortance has been accomplished by the Town Council with the cooperation of the Taxpayers.

Cement walks have been laid in various parts of the town and gutters and curbing laid whch has added much to tthe beauty of the town, while Princess street leading into Quaker Neck, one of the most fertile agricultural section of Kent County, has been improved with concrete roads and concrete curbs and ditches.

Besidees these improvements the Commissioners have looked after the protection of the peoples property against fires and have contributeed $600 to the Volunteer Fire Company for the purchase of additional hose. Perhaps the greatest stride made in the development of conditions regarding the public utilities is the concrete made by the Commissioners with the Chestertown Electric Light Company whereby both the lighting and water systems will be made much more off cient at considerable less expense to the taxpayers and private property owners in greatly reduced rates and more efficient service.

Owners of property have kept pace with the Commissioners in their march of progress and new homes have been ereected on once vacant lots while others have been remodeled and improved so that the close of the year 1924, finds Chestertown in thee front rank of the progressive towns of the Eastern Shore, with fine streets, fine homes, well paved streets and a progressive town government, which is keeping abreast of the times in civic betterment.

WASHINGTON BOOKS BATTLE WITH NAVY

Graduate-Manager Wm. R. Howell, of Washington College, has just completed his football schedule for the season of 1925 by arranging a game with the Naval Academy to be played at Annapolis on October 24th. This has been the only open date on Washington's schedule.

This makes four new teams that will be played by the Eastern Shore collegians in 1925. With University of Maryland, Loyola, Navy and Lafayette on the schedule it means quite an undertaking for Washington College.

Graduate-Manager Howell had received several requests from larger colleges and universities for games in 1925 as the result of the excellent showing of the eleven last year. He turned them down, as he thought his schedule was ambitious enough.

The team loses only one man from this year's varsity squad, Captain Jarman graduating in June. This will give Coach Kibler something to work on for a repetition of the successful season of 1924.

Following is the schedule:

September 26—University of Maryland at College Park.

October 3—Penn. Military College at Chester, Pa.

October 10—Lafayette at Easton, Pennsylvania.

October 17—Loyola at Chestertown.

October 24—Navy at Annapolis.

October 31 — George Washington University at Washington, D. C.

November 7—Mount St. Mary's at Chestertown.

November 14 — Western Maryland at Westminster.

November 21—Schuylkill College at Schuylkill, Pa.

Much so-called stomach trouble is really chronic appendicitis. This can often be relieved by simple glycerine, buckthorn bark, etc., as mixed in Adlerika. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel, and removes all gasses and poisons. Brings out matter you never thought was in your system.
