Tolchester Company Sells Bonds

The Tolchester Beach Improvement Company has sold to Townsend Scott & Company an issue of $175,000 first mortgage 6 per cent sinking fund gold bonds.

The financing is for the purpose of defraying in part the purchase of the new ferry steamer Express, bought for $182,500, and for alteration of the company's wharf facilities. The bonds will be secured by a first mortgage, subject to two irredeemable ground rents on piers 14, 15, 16 and 17, Light street, Baltimore, 50 acres of land known as Tolchester Beach in Kent county, together with improvements thereon, and the steamers Emma Giles and Annapolis and the ferry steamer Express.

The bonds are now being offered by Townsend Scott and Son at a price to yield approximately 6.20 per cent.

Here are some interesting figures in Chestertown with this bond issue: Piers 14, 15, 16 and 17 Light street, Baltimore, assessed to the City at $120,921; fifty acres known as Tolchester Beach, together with improvements thereon, assessed at $38,700; the steamers "Emma Giles" and "Annapolis," valued at $100,000, and the ferry steamer "Express," costing $182,500.

The Tolchester Beach Improvement Company, of Kent County, was incorporated in Maryland in 1887.

In twenty-two of the last twenty-five years the Company has paid dividends on its $253,000 Capital Stock outstanding, averaging 7½ per annum for the entire period.

WEDDING NOTES

Mr. and Mrs. Robert Calvin Jones have issued invitations to the marriage of their daughter, Dorothy Cranmer, to Charles Merritt Twilley on March 3rd, 1925, at noon at Saint Marks' M. E. Church, Baltimore, Md., At home after April 1st, 1830 Bolton street. The groom-elect is a son of Dr. Charles R. Twilley.

Mrs. Medford Walls, of Church Hill, has announced the engagement of her daughter, Miss Mabel I., to Thomas Rigby Valliant, of the same town. Mr. Valliant is a member of the firm of E. S. Valliant & Son, Centreville. No date has been set for the wedding.

The home of Mr. and Mrs. William E. Adkinson, near Chestertown, was the scene of a pretty wedding on Saturday afternoon, when, at 3 o'clock, their daughter, Beatrice, became the bride of Philip T. Jones, son of Mr. and Mrs. Purnell T. Jones, of this county.

The ceremony was performed by Rev. N. O. Gibson, of Chestertown, pastor of Christ M. P. Church. Promptly at the appointed hour to the strains of the wedding march from Lohengrin, skillfully rendered by Miss Hilda M. Jewell, of Still Pond, the bridal couple unattended, entered the tastefully decorated parlor, and were united in bonds of holy wedlock, the impressive ring ceremony of the M. P. Church being used. A reception and wedding luncheon was held immediately following the ceremony. The bride was charmingly gowned in a tea rose color dress of silk canto crepe, trimmed in real old Irish point lace, and carried a shower bouquet of sweet peas. The groom wore the conventional black. The bride and groom are very well known and extremely popular and have a host of friends throughout this state and Delaware. The groom is a world war veteran and one of the most enthusiastic baseball players of the Massey Athletic Association Baseball Club. They will reside on the Gale farm near Still Pond, owned by E. M. Bonwill, Sr., where the groom is engaged in farming. They were the recipients of many beautiful and useful presents of all descriptions, silver, cut glass, linens, furniture,etc.

The wedding of Frank Williard Brower, of Gainesville, Va., and Miss Marion Dudley Merrick, of Sudlersville, which was announced last week to take place on February 28th, has been changed to Saturday, February 21st. The wedding will take place at St. Andrew's Church, Sudlersville at 4 p. m. The change in the wedding date was made necessary owing to the fact that Mr. Brower, who is first baseman for the San Francisco Base Ball Club has received orders to leave for the Pacific Coast a week earlier than was expected. Invitations for the wedding, which will be an elaborate social event, were issued last week.

One of the prettiest and most interesting weddings of the season, was that of Miss Carolyn Webster Harrison, daughter of Mr. and Mrs. E. P. H. Harrison, of Bel Air, and Sydney Dunham Peverley, son of George Peverley, of Middletown, Del., which took place at the home of the bride's parents at six o'clock last Saturday evening. Mrs. James Woodall and daughters were among the guests.

Miss Myra Kinder Handy, daughter of Mr. and Mrs. L. W. Handy, of Federalsburg,Md., and Victor Wright, son of Mr. and Mrs. Frank Wright, residing on the Seaford-Federalsburg road, were married Saturday, at Chestertown, by Rev. T. W. Sard, pastor of the M. E. Church, of that town. They will reside on the farm of the groom's father, known as the George H. Benson farm, six miles from Seaford, and about one-half mile from Reliance.

Harry H. Morris, who has filed the position of bookkeeper in the Third National Bank for the past several years, has tendered his resignation to the Board of Directors to take effect as soon as his successor can be selected. Mr. Morris has accepted a clerical position with a newly organized decorating corporation in Washington.

FOR SALE

A few fresh cows with calf by side; 1 Excelsior twin-cylinder motorcycle; also 20,000 choice asparagus crowns. CHAS. H. SKIRVEN, Chestertown R. R. 2. Phone 811F11. f14-3t

FOR RENT

A garage in Chestertown. Apply at 110 S. Mill street. Possession at once. f7-3t*

FOR SALE

Will sell Double House on Mill Road, in Chestertown, situated between Albert Rawleigh and Mr. E. Newton's home. Price reasonable.

Also nice 50 foot lot on Avenue adjoining residence of Lawrence Brown.

J W. RUSSELL
f21 EASTON, MD.

FARMERS OF KENT HOLD BIG TOMATO MEETING IN TOWN

A New Plan Explained To The Growers By Experienced Men From Hurlock And Princess Anne—Co-operative Canning Now The Thing To Solve Problem Of Tomato Growers.

MR. WEBSTER SAYS NO FARMER WANTS TO GO TO HADES—CO-OPERATION WILL SAVE HIM FROM ONE SIN, AT LEAST.

The Chestertown Court House was padked with interested farmers on Tuesday afternoon at the tomato meeting called by the Kent County Farm Bureau. E. Thomas Massey, of Massey, presided, with Wm. G. Smyth as secretary and H. B. Derrick, farm agent, assistant. Mr. Massey stated the object of meeting to be the furtherance of the success of farmers and that the marketing of tomatoes would be the special subject considered. He then presented Wm. G. Smyth who gave some interesting information as to the profits gained by various agencies. There were over 6,000 acres planted in Kent county last year and the average yield per acre was only four tons. At 25 cents per basket the retail merchants makes 3½ cents per can; the wholesaler 2 cents; the broker 1¾ cents; the packer 2 cents while the farmer gets what is left, ½ cent per can. The average pack is 3 cans to a basket. The speaker convinced his audience that the farmer was not receiving his proportion of profit from this crop.

C. E. Gelder, Chairman of the State Tomato Committee of the Maryland Farm Bureau, made a strong address on the tariff and co-operative canning. He said that every industry is protected excepting that of farming and spoke in no uncertain tones of the lack of consideration given the farmer by the present Congress. The farmer sells his products in a wholesale market while all he buys is in the retail market. Mr. Gelder gave some strong arguments for better financing of the fertilizer, seed and other articles used by the farmer.

Mr. Gelder emphasized co-operation. He said the farmer has plenty of laws but they mean nothing unless advantage is taken of them. Co-operate means to organize and stick At Princess Anne the farmers joined with the canner and realized 35 cents per basket in 1924 and 27½ cents per basket in 1923. Three classes of tomatoes were grown, viz., early which yielded 10 to 12 tons per acre: medium, which yielded 6 to 10 tons late yielding 3½ to 4 tons. The varieties planted were Maul's Early, L. X. L., Medium Bonnie Bess, late Bonnie and John Baer.

Mr. Waddell, secretary-treasurer of the Hurlock Tomato Growers Association, made an interesting statement concerning the success of the farmers organization in Dorchester. He started out by boosting Hurlock where the Harbison dairies ship 250 to 280 cans of milk per day and where $30,000 is invested in the plant. He referred to the need of confidence among farmers and of people in general.

There are several packers in Hurlock, each of whom offered 25 cents per basket last year. This the farmers declined. After a number of conferences Mr. Webster, a canner, agreed with a company of 30 farmers to go into a co-operative plan for the marketing of their crop of tomato. One of the stipulation was that the farmer should be paid 25 cents per basket for tomatoes before the canner should share in the profits. At the end of the season the pack amounted to 30,000 cases. There were 30 farmers in the organization who planted 320 acres. Each one of these men received 40 cents per basket and there may be 2 cents more. Most of the pack was sold for $1.07½ and $1.50. 14 cans of No. 2 tomatoes were gotten from a basket and the average was 11 or 12.

Mr. Webster, the canner, made a most favorable impression upon his audience by his frankness. He told of the splendid spirit that prevailed all during the season, of the pleasure he had in working with the farmers, etc., Finally, asked the question whether there was any farmer who desired to go to the bad place. There was no positive answers.

Then, said he, "join a co-operative canning proposition and be delivered from committing a sin of bootlegging your tomatoes."

Co-operative canneries are to be started at Cordova, Talbot county, Dover, Del., and other places.

There will be efforts made to start the innovation at Massey, Worton, Rock Hall and elsewhere.

A movement has been started for a State road on Cross street between Maple Avenue and High. This is one of the busiest streets in town. The residents on this street are preparing to submit a most attractive proposition to the Commissioners.

Prof. Symons, of College Park, was before the Board of County Commissioners Tuesday and asked that the salary of the county farm agent be increased. The board granted an increase of $300, making the annual salary $3,500, $2,500 of which is appropriated by the State and $1,000 by the county. The county pays 29 per cent of salary and the State 71 per cent.

WILD DUCK RECORD

The Ringgolds Point Ducking Club Kent County had a very successful gunnning season. Five members of the club—Charles Jessop, Edmund Pennington, Joseph Brice, Kennard Hynson, Walter B. Strong had their photo taken with 75 ducks around them killed the last day. Seven members of the club killed 105 canvasbacks the last day. The big bags of the club during January were January 19, 60 ducks; January 12, 91 ducks, and January 30, 105 ducks. A very good record.

TOMATO CONTRACTS

The United Canneries Company at Newark, Del., is contracting with the farmers for their tomato and sweet corn crop for the next season. Manager Cole announces that stockholders of the company have signed up for about 600 acres of these products and that this leaves 800 acres to be assigned to make a total of 1,400 acres that the plant expects to handle

The factory was operated on a co-operative basis the past season and tomato growers to date have received about $15 a ton and with more returns to come in the total may reach $20 a ton. The season, despite many drawbacks, was a successful one and consequently the same management continues for another year.

WASHINGTON FIVE NEARS SEASON'S END

Has Captured 14 Tests—Mount St. Mary's Game Saturday Night Is Climax Of Week.

The Washington College basketball team, with but few games to play to complete the schedule, is preparing to make an impressive dash to keep the slate clean and to win the State championship.

The Flying Pentagon has captured 15 games so far this season and has exhibited a brand of basketball seldom seen on local courts.

When Washington played George Washington University in Washington and Temple University in Philadelphia, winning both games, large crowds turned out to see the undefeated team. Opposing five have tried in vain to set up a defense which would check the locals and most have been satisfied to hold the Chestertown team to small scores.

Washington plays Mount St.Mary's at Chestertown, on Saturday night.

Mount St. Mary's is numbered among the "Flying Pentagon's" defeated opponents, the score of a previous game at Emmitsburg having been 25 to 21, in favor of the locals.

Coach Tom Kibler is satisfied with the showing of the aggregation and has impressed the players throughout the season with the fact that overconfidence has caused many good teams to fall. The coach maintains that this last week will carry the hardest strain. It is his desire to keep a clean record for the remainder of the season and to annex the State championship.

Washington College won from Haverford College on Wednesday night at Philadelphia at basket ball by score of 39 to 22 in a rough game. This made the fifteenth straight win for Washington College.

* * *

Chestertown High School basket ball team defeated Centreville High at the Washington College Gymnasium on Thursday evening last by score of 28 to 8.
