Reaper & Mower,

or 1865, in Carroll County and in that part of Frederick County North of Frederick City, and also in that part of Baltimore County North of Texas. With this Machine the Farmer saves money, time and labor, and is, without controversy, superior to any other now in the market and fully warranted to reap and rake heavy, tight, tangled or lodged Grain, where hand rakes or droppers will fail. We offer it on trial with any other, the purchaser to keep and pay for the one preferred. Also are Agents for *Geiser's Patent Self-Regulating Grain Separator, Cleaner and Bagger.*

At a time like the present, when labor is very scarce, it is important that Farmers, who are interested, should give attention to this improvement, which will considerably reduce the expense of Threshing Grain in the common way. This is now considered the best Separator before the public. It is particularly adapted to Farmers for their own use, and will apply to Lever or Railway power, and will Thresh and Clean from 100 to 150 Bushels per day, using four to six horses and as many hands Also, for sale MONTGOMERY'S "DOUBLE-SCREENED ROCKAWAY WHEAT FAN."

The Great Destroyer has come!

Appearance of the Asiatic Cholera in the United States!

THE ZINGARI BITTERS

The Only Sure Antidote for Disease!

As a Preventative it is Infallible!
As a Cure it is Certain!

The appearance of the Asiatic Cholera in the United States has given rise to the just apprehensions of all classes. The National Congress has appointed a special committee to ascertain what means are necessary to insure the proper quarantine at all the ports on the Atlantic coast whil the authorities in the great commercial cities on the sea-board are actively engaged in enforcing such sanitary measures as will secure the cleanliness and promote the healthfulness of the communities in their charge. Those proceedings are all landable. Cleanliness and temperance are the first great essentials necessary to safely guard against attacks from the Cholera, but greater than all these efforts of Congress, more potent than the proceedings of municipal bodies, and infallible beyond all doubt is the

Great Zingari Bitters,

as a sure preventative of Cholera. The discoverer of the compound part of this bitters, an eminent Egyptian physician, had much experience in Egypt, where the Cholera rages with tremendous virulence. He had long seen and felt the want of some remedy which would strike at the root of the disease and so prevent much of the suffering which the human family has been compelled to endure from this scourge. The result of his thoughts and labors at length presented themselves in the production of the wonderful

ZINGARI BITTERS.

It was not long before this Bitters was recognized and accepted in all parts along the Mediterranean coast, in the south of Europe, among the semi-civilized tribes of Africa, and by the ablest practitioners of the old world, as the only sure and certain preventative or cure for the Cholera. The ZINGARI BITTERS acts on the organs of excretion and secretion, keeping up a perfect balance between them. It is composed entirely of roots and herbs, so nicely compounded that every organ is acted upon and put in tone Its taste is pleasant and its effects prompt and lasting

For travelers who are subject to all the changes of climate and water the ZINGARI BITTERS is a companion that should never be left behind It is for sale by all the druggists in the United States.

NEW STYLE VERTICAL MILL.

THE VICTOR!

For completeness of adjustment, strength, durability and working power, THE VICTOR CANE O ILL has no equal. The fluted roll is the important feature that regulates the feeding of the mill. The ridges seize upon the cane as soon as presented, thus relieving the labor often necessary to force the stalks to an entrance between smooth rolls, and at the same time secures its direct passage to the discharge roll.—They also break the woody fibre at short intervals, and thus rupturing the cells cause the more ready flow of the juice. We also have horizontal mills, for horse, water and steam power.

Cook's Sugar Evaporator.

First Premium at Forty State Fairs!

12,000 IN USE, ALL FULLY WARRANTED.

COOK'S EVAPORATOR is simple, yet scientific in its construction. It is estimated that 20,000,000 gallons of syrup have been manufactured on the above Evaporator in the past season. We also have Plantation Pans, adapted to a brick arch. Circulars and Pamphlets with full description and price list, sent to all applicants.
