Where The Money Goes!

There is never any question where the money goes when you pay all of your bills by check. You have returned to you each month the canceled checks—They are also receipts.

This is only one of the advantages you can enjoy by doing business through this bank. There is no charge for such service. Why not open an account with this bank?

You'll Be Surprised at The Many ways We can Serve You, once You Have Opened an Account Here.

The Peoples Bank

Do You Buy Tons or Plant Food?

It isn't a question of how many pounds of fertilizer you are using to the acre, but how much plant food.

If you have been a user of high analysis goods in the past, then you know what it means to your crop and your pocketbook.

If you have not used high analysis fertilizers heretofore, then fall in line and make your general farm crops show a bigger profit.

For 1925, buy units of plant food instead of tons of fertilizers.

Make Every Acre Do Its Best

Thomas F. Healey, Solicitor.
ORDER OF PUBLICATION

John Thomas Richardson
vs.
Lillie Lindsay Richardson

In the Circuit Court for Kent County, In Equity, No. 2331.

The object of the Bill filed in the above entitled case is to procure a Decree for divorce a vinculo matrimonii for the plaintiff, a resident of Kent County, Maryland, from the defendant, a non-resident of the State of Maryland.

The Bill states:

1. That on the 3rd day of November 1902, he, John Thomas Richardson, was married to his wife, Lillie Linsay Richardson, with whom he resided in Kent County, State of Maryland, until sometime in the year 1904.

2. That though the conduct of your Orator towards his wife, the said Lillie Lindsay Richardson has been kind, affectionate and above reproach, the said Lillie Lindsay Richardson, has without just cause or reason, abandoned him, and has declared her intention to live with him no longer, and that such abandonment has continued uninterruptedly for at least twenty years, and is deliberate and final, and the separation of the parties beyond any reasonable expectation of reconciliation.

3. That your Orator and the said defendant, Lillie Lindsay Richardson, had no children born to them from the said marriage.

4. That the defendant, the said Lillian Lindsay Richardson, is a non-resident of the State of Maryland whose whereabouts is unknown to your Orator.

5. That your Orator is a resident of Kent County, State of Maryland, where he has lived all his life.

It is thereupon this 3rd day of March A. D. 1925, ordered by the Circuit Court for Kent County in Equity, that the Plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 6th day of April next, giving notice to the said Lillie Linsay Richardson, non-resident defendant, warning her to appear in this Court in person, or by Solicitor, on or before the 20th day of April next, to show cause, if any she has, why a decree ought not to be passed as prayed.

MRS. WILHELMY SAVED BY FRIEND

Doctor Advised Operation Friend Said Try Lydia E. Pinkham's Vegetable Compound First

St. Paul, Minnesota.—"I was all run-down from overwork and worry, had no appetite, could not sleep at night, and looked like a corpse. I have six children (five boys and one girl) and did not get any strength after my last baby was born. I was getting worse and thinner every day. The doctor said I had to go to the Hospital but this I could not do on account of my family. So I went to a friend of mine and told her what the doctor had told me and she said, 'Now do as I tell you. Try Lydia E. Pinkham's Vegetable Compound as I have done. It helped me.' So I started taking the Vegetable Compound and I noticed after the first few bottles that I felt considerably better. After taking 9 or 10 bottles I got over my fainting spells. Everybody who sees me now notices the great improvement in my health. I am gaining in weight and strength and am feeling fine. Eat well and sleep good nights. Any woman can write to me and I will answer her letter."—Mrs. MARY WILHELMY, 309 Duke Street, St. Paul, Minnesota.

PROUD OF OUR WASHINGTON COLLEGE

Commencement days are fast approaching and as we look back upon the short regime of Dr. Paul E. Titsworth improvements of note are seen. First of all, the morals of the college has wonderfully improved and to residents this is worthy of special commendation.

We are also informed that within a short time the Association of American Colleges will admit Washington into Class A membership. This is the highest rating given to colleges in this country. The rise of Washington College into the front rank of the educational world is due in no small measure to the reorganization plans worked out by Dr. Titsworth.

The present academic year is the most successful one in the history of Washington College athletics and the faculty feels that the increased productivity of the college generally is reflected in the prowess of its athletes. It is announced that the present year is the first the athletic teams have gone through a season without a financial deficit.

Lectures have been arranged so students may hear representative men discuss timely topics in their respective fields. The availability of speakers for various occasions has been another noteworthy fact: Dr. Titsworth, Prof. Hart, Prof. Howell and Prof. Woodland have given their services to the public in most sacrificing way which is deeply appreciated, while other members of the Faculty have been ready to help in any undertaking for the benefit of this community. The future of Washington College looks bright.

While at Crosby Fiore was a member of the basketball team which journeyed to Chicago to play in the national tournament conducted by the University of Chicago for the high-school championship of the United States. Crosby was defeated in that tournament by the Cedar Rapids High School, which won the championship by a single point. Fiore also played guard on Crosby High when it won the Eastern championship tournament conducted by the University of Pennsylvania.

After graduating from Crosby Fiore came to Washington College and continued his phenomenal success, being a regular guard on the State champion Washington College team, which had such a successful season two years ago. Mike has been a regular and star for the last three seasons.

The season just closed has been the best ever enjoyed by the Washington College quintet, having won all of their twenty games to annex the State championship. Fiore's stellar guarding and shooting has been an important cog in the Eastern Shore combination.

When Children Cough Act Quickly
Watch your child closely when he gets a "cold" and begins to cough. Many a case of croup and serious illness has been turned aside with a few doses of that fine old medicine, Kemp's Balsam. Act promptly. Don't be discouraged because ordinary cough syrups fail to help—stick to Kemp's Balsam. Just a few doses bring the relief you are looking for. Only 30 cents at all stores.
For that Cough! KEMP'S BALSAM

A YOUNG couple were preparing for the thrill of their first experience at having house guests.

A middle-aged couple had a boy about to come home with a classmate for a holiday during his first year at college.

An elderly couple were making ready with great glee for the visit of their married daughter with the first grandchild.

Strangely enough, they all had need of the same article—a Davenport Bed—and they all came to us because they know that we are prepared not only with the article they want, but with the kind of service that lends added cheerfulness to the occasion.

Indeed, there is much more to the conduct of a good furniture store than the mere selling of furniture. There is the joy of being genuinely helpful in making the home all that it should be.
