Is Chiropractic A Permanent Relief From Suffering

O. Hynson, of near Worton, Kent County, says it is almost two years ago he called on Dr. Dill for relief from a rheumatic condition on which other doctors failed to help. He was so crippled up that he could not walk much nor do any kind of work.

After taking Dr. Dill's spinal adjustments for a short while he improved, and after several months longer he became entirely free of his affliction and is today a well man. It is almost two years since he first began taking the spinal adjustments and he has not had a recurrence of the trouble since that time. This is published as a special request.
