TO FARMERS!
Pacific Guano Company's
SOLUBLE
PACIFIC GUANO!

Price Reduced to $56.00 per Ton.

THE USE OF THIS GUANO in Maryland for several years for Corn, Tobacco, and other Spring Crops, as well as for Wheat, has established its excellence. It possesses all the quickness of Peruvian Guano, with permanent qualities not possessed by that article.

Experience has shown that this Guano ripens the Wheat crop from *five to six days* earlier than the Super Phosphates It also ripens Tobacco earlier, and produces a crop of better quality. The Pacific Guano Company has authorized the above reduction in price in consequence of the depressed condition of the farming interests in the Southern States. It is the purpose of the Company to furnish the *best fertilizer at the lowest price*, which they are able to do by reason of their large capital and facilities. The Guano is warranted same in quality as heretofore sold by us. For sale by dealers.

NEW STYLE VERTICAL MILL.
THE VICTOR!

For completeness of adjustment, strength, durability and working power, THE VICTOR CANE MILL has no equal. The fluted roll is the important feature that regulates the feeding of the mill. The ridges seize upon the cane as soon as presented, thus relieving the labor so often necessary to force the stalks to an entrance between smooth rolls, and at the same time secures its direct passage to the discharge roll.—They also break the woody fibre at short intervals, and thus rupturing the cells cause the more ready flow of the juice. We also have horizontal mills, for horse, water and steam power.

Cook's Sugar Evaporator.

It is estimated that 20,000,000 gallons of syrup have been manufactured on the above Evaporator in the past season. We also have Plantation Pans, adapted to a brick arch. Circulars and Pamphlets with full description and price list, sent to all applicants.
