WE'LL FIGHT IT OUT ON THIS LINE

"I endorse those Resolutions," said Gen. Grant in his letter of acceptance.—The Chicago Convention met, nominated a ticket and framed a platform. That platform endorses the Reconstruction policy of Congress and favors a speedy return of the Rebel States to representation: they guarantee equal rights to all men: they insist on the payment of the National debt and denounce repudiation as a crime; they favor the reduction of the taxes; they insist on economy in the administration of the Government; the declare Johnson guilty of high crimes and misdemeanors; they insist on the protection of our citizens abroad, whether naturalized or native born; they acknowledge the honor due to our Soldiers and Sailors and the obligations due them: they favor emigration to develop our resources, and lastly they express sympathy with the oppressed of all lands.

This is the line we will fight it out on if it takes all Summer and runs into the Autumn, and these are the resolutions which Grant endorses. These are the principles that will give us prosperity and bring us peace. "Let us have peace," says Gen. Grant at the same time he endorses the resolutions. "Let us have peace," say the people everywhere. As he stood for war and the people cried for war, when Rebellion was striking at the Nation's life and trying to pull down the fair fabric of our Government, so now when victory has been gained and the enemies of Liberty defeated, he is for peace and they are for peace, in the most speedy and honorable way we can obtain it.

To work then Republicans, once more to battle for the right, once more put forth your strength to drive the demon of discord from among us, and with the cry of "Grant, Colfax and Victory," we will achieve a triumph that will "Let us have peace."

THE WAY TO WORK

We have just been handed a list of 10 new subscribers for the SENTINEL along with the cash for the next year's subscription. This list comes from New Windsor District where our friends seem to be awake and actively preparing for the campaign. Our Subscription list has been steadily on the increase ever since the 1st of January and with a little effort on the part of our friends throughout the County many more Subscribers could be obtained. We will make a deduction for clubs of five or more. Send in the lists for the campaign has commenced and Republicans must buckle on their armour and march to the fight, shouting for the freeman's candidates, the Tanner and the Printer.

AGAIN the trial of Jeff. Davis has been postponed to November. Why not stop the farce? Such plays are very amusing for a time but they become exceedingly tiresome when long continued and especially when they are at the expence of the Nation. If Davis is to be tried let it be speedily but if he is to be set free it might as well be now as hereafter. If he is guilty, which no man doubts, it is high time that justice be done, and if he is innocent it is unjust to hold him a prisoner. He cannot run as the Democratic Candidate for the Presidency so long as he is under trial, why not let him loose so that they can nominate him? Davis and Johnson would make a fine team to combine the discordant elements of the Democratic party and then we could have the opportunity of "killing two birds with one stone."

THE Republican candidate for Mayor has been elected in Washington by 74 majority. The Democratic papers were jubilant when the first despatch was received announcing "a grand Democratic triumph" "Radicals routed, &c.," "Huge Democratic majority," but gradually their faces grew longer as their hopes grew less, until at last, when they fully realized the gap between this cup and their lip, they, out of sheer desperation, began circulating extravagant stories about a negro riot.—But this was too poor a dodge to hide their chagrin and the more respectable of them became ashamed of it and acknowledged that this "riot" was a small affair which the whites were the aggressors.

WE have seen a letter from a gentleman who has been travelling through Ohio and Indiana, which says the people are wild with enthusiasm over Grant and Colfax. "Everywhere I go," says the writer, "the people talk of nothing but Grant, and though I hope it may not be the case, victory is considered certain." These are words of cheer coming from a political opponent.

THE Cumberland *Civilian* announces the fact that the Hon Francis Thomas will not be a Candidate for Congress this fall.

WE acknowledge our indebtedness to Hon. Reverdy Johnson, for valuable Public Documents.

THE Bill for the admission of Arkansas has passed both Houses of Congress and has gone to the President for his signature.

WE are indebted to Hon. Horace Capron, for Report of the Department of Agriculture.

A number of persons from Columbus, Ga., are in Atlanta in military custody supposed to be connected with the Ashburn, or so-called Ku-klux murder.

A dispatch from Oregon announces the completion of the telegraph from Portland to Dalles, on the upper navigable waters of the Columbia river. The event caused much public rejoicing.

A nugget of gold and quartz, worth twenty thousand dollars, has been found at Reming on Hill, Nevada county, California.

☞ The Richmond *Whig* thinks the chance of harmonizing the two wings of the democratic party is almost hopeless. It says the war democrats would vote for Gen. Grant rather than for Pendleton and the copperheads or peace democrats would rather Grant should be elected than Hancock.

☞ President Johnson, now an unwilling witness, in his message to Congress last December, says of General Grant's administration of the War Department: "Salutary reforms have been introduced by the Secretary *ad interim*, and great reductions of expenses have been effected under his administration of the War Department, to the saving of millions to the Treasury."

☞ An industrious dictionary-mouser has preempted all the adjectives that fit the initials U. S., of Grant's name.—Among his discoveries are: Union Saving Grant, Universal Suffrage Grant, Unequaled Soldier Grant, Uniformly Successful Grant, Unanimously Selected Grant, Undisturbedly Serene Grant, Unintermitting Smoker Grant, Unquestionably Sound Grant, Unflinchingly Steadfast Grant, Unconditional Surrender Grant Unambiguously Straightforward Grant, and United States (President) Grant.

WE invite attention to the card of the Excelsior Life Insurance Co. of New York. Life Insurance has become so universally popular that we need only remark that we understand the Excelsior to be a good and safe company. Dr. Swormstedt who represents this Company is well known to most persons in this community.

DR. Lugol of Paris, one of the most eminent chemists of Europe, says, when Iodine can be dissolved in pure water, the most astonishing results may be anticipated. Dr. H Anders' Iodine Water is Iodine dissolved in pure water, and the most astonishing results have followed its use in cases of scrofula and all chronic diseases.

WAGONER & MATTHEWS' FOUNDRY.—This establishment is one of the most important that have started up in our midst within the last few years. Its large and substantial buildings cover an area of over an acre of ground and are situated near the Depot, Westminster. Twenty hands are kept constantly employed and we have been informed by one of this enterprising firm that they will have to increase their force and the capacity of their shops in order to meet the demands upon them for Machinery. The celebrated Wagoner Grain Drill is their leading article of manufacture, of which they make about 200 per annum. They also manufacture Agricultural implements generally, such as Threshing Machines, Plows, &c. They are agents too, (as may be seen by our advertising column,) for Reapers, Mowers and Spring-tooth Horse Rakes, Manufactured at York, Pa., which is represented as being first class machinery.

LARGE quantities of Locusts have made their appearance above ground in this neighborhood. We have seen a great many, some staggering about with their old shells still clinging to them, some barely able to crawl about too weak to enjoy their newly gained freedom, and others were "on the wing" lively as Crickets. If our recollection serves us aright, the Locusts of former days had the letter "P," on their wings which was interpreted to mean "Pharaoh." This year however the letter is said to be a "W," "M," or "N," and is variously interpreted.—The prophets of the "W," say it means "War," those of the "M" iterpret it "Mystery," but we incline to the "N," and think it means "Nothing."

AT the meeting of the Patapsco Building Association on the 2nd inst., the following money was sold: Elijah Wagoner, 5 Shares at 27 per cent premium, and Ira E. Crouse, 5 Shares at 26 per cent.

This being the regular annual meeting, the Secretary presented his Report, which showed the affairs of the Association to be in a very flourishing condition. The Election of Officers took place which resulted as follows: President, David Fowble; Vice President, Jesse Reifsnider; Secretary, A. D. Schaeffer; Treasurer, E. Lynch; Directors, Dr. J. L. Hering, Wm. A. McKellip, Geo. W. Matthews, Ira E. Crouse, S. L. Myers, Denton Gehr and Elijah Wagoner.

RAIL ROAD MEETING.—A large and enthusiastic meeting of the friends of the contemplated Frederick & Pennsylvania Line Rail Road, was held at Mr. Thompson's Hotel in Taneytown, on Saturday last. On motion of Levi Buffington, the meeting was organized by appointing Col. Saml. Gault, President; Ephraim Myers, Dr. Edward Shorb of Littlestown, Abraham N. Hess, Thos. Jones, and Americus Shoemaker, Vice President; Samuel Smith, Secretary. The meeting being organized, Capt. Eichelberger of Hanover, President of the Hanover Branch Road, was introduced to the meeting, and made a very able and effective argument in favor of the enterprise showing conclusively the great advantages to be derived by building said road, and leaving every one highly delighted with the prospect of an early commencement and completion of said enterprise. Capt. Eichelberger will long be remembered for the able manner in which he handled the subject, showing conclusively that he is well versed in Rail Road matters, and leaving the meeting, with rail road on their brains. Littlestown and Hanover were well represented in said meeting. B. L.

DEMOTT & WARD'S UNITED MENAGERIE AND CIRCUS.—This comp ct, comprehensive and decidedly novel combination of nature and art, is announced to visit here on Tuesday, the 16th June inst. It is according to well established report, in all respects a first-class Equestrian establishment, and under the sole management and proprietorship of two young men who have devoted their life-times to the prosecution and advancement of their profession. Putting both their energies and talents into the concern, and strengthening their efforts by those of a number of artists of decided ability, they are prepared to give to the public an entertainment of the most sterling, varied and attractive character. They have adopted a novel and most acceptable plan of showing their animals under most advantagous circumstances, viz: in the ring, loose and untrammelled, thus enabling the spectators to see every motion. They have Old Grizzly Adams' troupe of Acting Bears, a real Western Buffalo, a corps of Dogs and Monkeys, the Sacred Bull of Hindostan, the dens of Lions, Tigers, Leopards, &c., and a calf Elephant which in point of size and age is a greater attraction than any which ever exhibited in America. Their general outfit is new and tasty, their Horses, Ponies and Mules unsurpassable in quality or quantity, making a grand pageant in the streets and giving a superior entertainment in the Pavilion. DeMott and Ward are justly entitled to success and patronage.
