## THE DEL-MAR-VA PENINSULA

There is an effort being made in the various counties of this Del-Mar-Va Peninsula to present to the people of these United States the charms and advantages of this section, and, an association has been formed to make practical these purposes. We heartily commend this effort and lend our aid in every way possible, realizing that we have a land whose feet are lightly touched by the placid and sparkling waters of the Chesapeake her head is crowned with verdant fields of golden grain and orchards of luscious fruits, while on her Western skirts runs the Delaware with its teeming waters filled with fish and game. Her Northern boundry is a rich, grassy glade where the undulating surface answers promptly to the agriculturists command, while hundreds of wide-branched oaks fling their gnarled arms over a thick carpet of the most delicious greenwood and soft breezes of purest ozone over the whole Peninsula.

Think of these wonderful combinations: "We are made up of the parts of two States, Maryland and Virginia and the whole of another, Delaware—the old North with its progressive spirit and the old South with its warm hearted hospitality meet on this great Peninsula and culminate in the true American spirit. Geographically we are neither extreme North or extreme South but centrally and ideally located where we enjoy the healthy and happy benefits of a well-balanced diversified climate. Economically we have 1309 miles of complete hard surface roads and 38 bay tributaries ranging from 5 to 50 miles in length over which we can move our produce and productions to the greatest markets in the world, which, represent 25,000,000 people who live within a comparatively small radius from our front door. With agricultural and industrial advantages unexcelled, the progressive farmer and the modern business man could find no better opportunities for success than are found on our Peninsula. The tourist will find that we have the best road system in America and a continuous panorama of natural camping sites with ample opportunities for river, bay and ocean recreations. And the home seeker, last but not the least will find it an ideal place in which to live and enjoy the blessings of a kind Heavenly Father who smiles continually upon the good old Eastern Sho'."

Then let us unite the world
Come to the Land where the roses grow
In the Summer's sun and even Winter's snow.
Come to the place where the oyster-thrives,
Where the Terrapin crawls and the wild duck flies;
Where the shad abounds in our Bay waters
The pride of Del-Mar-Via's sons and daughters.
Come to the Peninsula where skies are bluest,
Churches are strongest; hearts are truest,
To the sweetest Land I know
The dear Home Land, the Eastern Sho'.

## A NEW EXPERIENCE

### AWAITS THE WOMAN WHO SEWS

You sit at ease before this modern sewing machine, tempted by its inviting beauty, press the control gently, naturally, with the knee, and slowly or swiftly, as you wish, but always silently, it gives forth the flowing seam. Or, add an ingenious, easy-to-see attachment and a hem falls into form, ruffles grow in dainty rows, a binding turns and finishes an edge.

Of course, this fascinating new way to sew is made possible by Singer. Thirty-seven years ago Singer made the first electric sewing machine. Now, after all these years of continuous development, it presents in the NEW SINGER ELECTRICS. machines of such infinite refinement that they are a distinction to ow nand a delight to use.

Singer machines are made in the widest variety of types and prices from the DeLuxe Library Table model to the most in-expensive treadle and hand designs. No matter what type seems best to serve your needs, Singer quality insures you long lasting satisfaction.

I have arranged with the Singer Sewing Machine Company to give the public a demonstration of this wonderful machine at our store on June 8, 9 and 10. Do not fail to come to this demonstration on one of these days. You will be under no obligation to buy.

## SHERIFF GOODMAN'S MESSAGE RINGS TRUE

Of a number of sheriffs and city police officials throughout the State asked if they would oppose the appointment of their deputies or subordinates as Federal prohibition agents under the terms of the executive order signed Friday by President Coolidge there were eight who indicated that they would.

The President's order states that the officers of the Treasury Department may appoint all State, county and municipal officials as Federal prohibition officers on a dollar-a-year basis to aid in enforcing the Volstead act. The plan first is to be tried in California and then may be extended to other States if it proves successful there.

Sheriff Wm. W. Goodman, of Kent county, said:

"If the President's executive order is Constitutional I shall permit my deputy, Robert Lee, to become a prohibition agent. When I took my oath I swore to uphold the Constitution and I shall do everything in my power to uphold the law of the land."

## ANNUAL MEETING OF PUBLIC HEALTH ASSOCIATION JUNE 10

The annual meeting of the Kent County (Md.) Public Health Association for the election of officers will be held at the Health Center of the association on High street near Queen, in Chestertown, Maryland, on Thursday, June 10th, 1926, beginning at 2 o'clock p. m.

The association has accomplished much good during the past year by having the Public Health Nurse under its direction co-operate with the Deputy State Health Officer, but there are still several important lines of work yet to be organized and followed up. This cannot be done successfully without the hearty co-operation of people interested in health conditions throughout the entire county. Ways and means of promoting the work will be discussed at this meeting. It is sincerely desired, therefore, that all the district leaders will urge as many people as possible in their respective districts to attend this meeting. A cordial invitation is extended to everyone in the county a better place in which to live from the standpoint of health.

## Resolutions On Death Of J. Leslie Needles.

At a special meeting of the Chestertown Volunteer Fire Company on Sunday, May 23, 1926, the following resolutions on the death of our fellow member, J. Leslie Needles, were unanimously adopted:

As it has seemed wise and best for the Ruler of the Universe to take from our ranks our esteemed brother, J. Leslie Needles, it is therefore,

Resloved, That we record his sudden departure from the activities of life and usefulness to the Chestertown Volunteer Fire Company with regret and sadness. He has for a period of many years been an active member of this company, always anxious to do his duty to his company, his town and his fellow citizens. He was of a quiet disposition, well-liked by all who knew him.

Resolved, That these resolutions be spread upon our minutes, a copy sent to the family and also published in the Kent county newspapers.
