St. James and Lynch M. P. Churches

A crowd of about three hundred greeted the boys and girls of St. James in their Children's Day program last Sunday, and the offering amounted to $100, applied to the cause of Foreign Missions. At 10 a. m. the Sabbath school meets, and at 11 a. m. the pastor, Rev. Colvin. Randall, will deliver the theme "Burning the Shackles" as in Daniel 3. Mrs. Russell Kendall will conduct the Christian Endeavor at 7 p. m. Lynch Sabbath school meets at 2.15 p. m. and the preaching service at 3 p. m. On Tuesday at 2 p. m. Mrs. Randall will be hostess to the combined Ladies Aid Societies of the charge, St. James and Lynch, at the parsonage.

BUILT IN A WEEK
PAID FOR IN A DAY

Just one week after the new $200,000 Asbury Church, in Lawsonia, a suburb of Crisfield, had been destroyed by fire, the congregation has for the second time within six years completed a large frame tabernacle.

Fifty to seventy-five volunteers, with two paid foremen, erected in one week this large building which will comfortably seat from 1000 to 1200 people.

The tabernacle was dedicated on Sunday last, with Dr. E. H. Dashielll, preaching the Dedicatory Sermon and Dr. T. J. Sard, the pastor, preached in the evening.

Erecting this building in a week was, indeed, a great accomplishment but just listen, at the two services, on Sunday, this already overburdened community, contributed $1000, the entire cost of the building, and $600 with which to buy chairs.

The work of rebuilding the New Asbury Church will begin at an early date and continue until completed.

Dairy Facts

A dairy barn doesn't need to be costly to be clean.

* * *

Cream and milk cool 23 times as fast in water as in air of the same temperature.

* * *

You must like cows if you expect them to make a profit for you. Then you have got to study and understand cows and all that goes with their breeding, feeding and care.

* * *

The best way to meet the dairy cow's mineral needs is to apply lime and phosphorus, in the form of ground limestone and acid phosphate, to the soil, and thereby grow more high mineral roughages, such as clover and alfalfa.
