DOWNIE BROS. WILD ANIMAL CIRCUS TO EXHIBIT HERE

Modern in every way are nearly all circuses but this season Downie Bros. Wild Animal Circus which will be seen here in its entirety have gone a step further than the rest in as much as this season they are moving all of their equipment, horses, animals, elephants, etc., on motor trucks, It takes "A Mile of Trucks" to transport this gigantic amusement enterprise but it does away with the obsolute wooden railroad cars and takes the circus wherever there are good highways which are about everyplace. In addition to the regular supplies which are sold by local merchants each circus day tank trucks full of gas and oil, tire and accessory dealers, and truck salesmen get their share of the show's spending money this season.

The wild animals all have their cages on trucks. The large lion den and the immense steel arena are both on trucks in addition to the various cages of bears, leopards, birds, kangarees, monkeys, etc.

It is said that Downie Bros. have an extra high class performance. Two rings and a stage being needed to display all the acts and features in addition to the wild animal arena.

The concert band is under the able leadership of Wm. Allison and his band of sixteen circus musicians are one of the big features with the Downie Bros. Circus.

Downie Bros. Circus will give a big free street parade at noon. Forty-nine trucks and tractors will be in line instead of the usual parade of horse-drawn vehicles. There is no doubt it is the most novel and up to date circus parade in the world. Nearly every make and model of motor truck being in line. Don't miss it!

Downie Bros. have gone back to old time prices. They have an immense tent, seats enough for everybody and in accordance have made the general admission prices 50 cents for adults and 25 cents for children. In this way entire families can afford to enjoy the circus at a nominal price.

Don't forget the date, Oct. 5.

ROCK HALL AND CHESTERTOWN

We make a specialty of insuring HAY and WHEAT, either in barns or in stacks. Remember the "HOME" is the largest American Company, made so by a liberal policy.

COLORED MAN KILLED WHEN AUTO HITS TRAIN

An unidentified colored man was instantly killed Wednesday morning when the Ford car in which he was riding hit the local passenger train as it was going into Massey from Chestertown. There was nothing found on the body to enable Coroner Harry L. Dodd to indentify it. The man was apparently about 35 years of age and had several gold teeth. There was no money on his body, the contents of his pockets being a pair of dice, and two empty pocketbooks. There were healed scars on the body from bullet, knife and shot gun wounds. Thes car bore North Carolina license number 266,844, which expired on June 30, 1926.

The only means by which the body may be identified is the name Mrs. A. M. Deierhoi, 1839 W. Grace St., Richmond, Va., found on 1921 and 1922 Virginia automobile registration cards.

Next Monday, representative of the Volunteer Fire Company of Chestertown, will attend the "Firemen's Week" Convention at the Sesqui-Centennial where representatives of 263 towns and cities of the United States and Canada, will assemble for the Eighth Annual Convention of the International Association of Fire Fighters.

DODGE BROTHERS HAVE BUILT 1,750,000 CARS

Their First Car Was Completed 11 Years, 9 Months And 9 Days Ago. Interest Centered On The Maker's Sound Production And Sales Policies.

Dodge Brothers Motor Car No. 1,750,000 rolled from the assembly lines Monday, August 23, at three o'clock p. m., just 11 years, 9 months and 9 days after the first Dodge Brothers car was completed. During this period the plant at Detroit has expanded from a 30 acres of floor space to over 130 acres to which additions are constantly being made to care for increased demand.

Car No. 1,750,000, an all steel Special Sedan, is the crowning achievement of nearly twelve years devoted to the constant improvement and refinement of a sound basic design. The dates when Dodge Bros. output passed important production figures show clearly the continuously accelerated demand for the product. The first car was completed November 14, 1914. Two years, lacking 19 days, were required to build the first 100,000.

Car No. 500,000 was completed on June 30, 1920; Car No. 750,000, July 21, 1922 and Car 1,000,000 on December 12, 1923. One million cars had been produced at the end of nine years and one month.

The last 250,000 cars were built in 7 months and 9 days, the first 250,000 in 41 months and 12 days.

Car No. 1,500,000 left the line on January 14 this year and was shipped to the Albertson Motor Company of Los Angeles to take its place in the famous "Scott Fleet" consisting of Cars Nos. 300,000, 600,000, 900,000 and 1,200,000. These cars are in constant service on the highways of California laying out and rechecking tourist routes and investigating road conditions for newspapers and automobile clubs. The Albertson Motor Company has a standing order for each 300,000th Dodge Brothers car.

Many other dealers filed advance orders for cars which mark the completion of large round numbers in production.

Car No. 1.750,000 was shipped to Frank Van Syckle, Dodge Brothers Dealer at Perth Amboy, N. J.

A record of having built 1,750,000 motor cars in 11 years, 9 months and 9 days invites attention to Dodge Brothers production and sales policies. Undoubtedly the most important of the policies to which their success should be attributed is the one which always comes to mind at the mention of their name, "Constantly improved, but no yearly models."

Three Important Questions

"WHAT SHALL I DO WHEN I AM OLD?"
"WHAT WOULD I DO IF I WERE DISABLED?"
"WHAT WOULD MY FAMILY DO IF I DIED?"

These are questions that men and women ask themselves as they look into the future and as they note the increasing hazards of life.

This NEW PLAN takes the worry out of life. Ask

WELCOME WORDS- "HAVE A CAMEL"

Light a Camel and you taste that rare pleasure that only the choicest tobaccos can bring. Experienced smokers know it. That is why they prefer and demand Camels.

In all the history of smoking, no popularity has approached Camel's. Of all the brands in all the years, Camel preference towers above every other cigarette. Camel's favor is as big as its quality.

For the leadership of this famous cigarette grows out of goodness. Camels get the choicest Turkish and Domestic tobaccos grown . . . perfect blending . . . the best of everything, regardless of price. The makers of Camel spend millions for quality . . . nothing is too good for Camels.

We invite you, if you have not yet met Camels, to prove their goodness for yourself. What welcome mildness and mellowness! They never tire the taste or leave a cigaretty after-taste . . . *"Have a Camel!"*

—are you? Are you balancing your daily affairs? You should be, because balance is just as vital in your life as it is in wire-walking, aviation or bookkeeping.

Balance your finances, it will make your life easier and prevent dire circumstances. Just like carrying water—it is easier to carry a bucket on each shoulder than both on one shoulder. They balance!

The same principle applies to your affairs. Balance work with play—sorrow with gladness—and balance your expenses with SAVINGS.

The man who fails to save money is forced to pass up opportunities, business success, future comforts and happiness for the man who does.
