WELLER, "ABSENTEE SENATOR" Absent When Matters Affecting Maryland Were Being Considered But Present And Voting To Seat Newberry.

During the five years that Senator Weller has been in the United States Senate from Maryland he has been absent and not voting more than any other Senator in the United State. In those five years there have been 2713 record roll calls and votes on important matters affecting Maryland. Senator Weller has been absent at 1495 of these important roll calls and votes or more than half of the time and has earned for himself the title of the "absentee senator." He was absent when many of the peovisions of the tax reduction bill was being voted upon. He was about 100 per cent on all votes on the Child Labor Amendment. In the five months the tariff was under consideration by the senate there were 296 roll calls on the tariff tax bills or different articles. Senator Weller was absent on 270 of these 296 roll calls or over 90 per cent of the time.

The people will remember that during Senator Weller's term an effort was made to unseat Senator Newberry, of Michigan, because of the great expenditure of money used in his election to sway the voters. Record discloses that Newberry spent approximately $195,000 in the Republican primaries in that state or $1.69 for every vote he received. This scandal shocked the nation. Charges were filed against Newberry and a resolution came up for passage for his expulsion from the Senate. He was seated by a margin of 5 votes. Senator Weller, though usually absent, made it a point to be present that day and to vote to seatand white-wash Newberry after most shocking disclosures of use of money had been proven.

In Illinois this spring the contestants in the Republican primary were McKinley and Smith. Smith was nominated. An investigation conducted by Senator Reed showed that at the time Smith was a candidate for the nomination he was also the Chairman of the Public Service Commission of Illinois and charged with the duty of fixing rates charged the people on all of the gas, electric light and street railway companies serving them. The evidence shows that Smith received from these companies in campaign contributions $207,335, notwithstanding that he, Smith, was supposed to be under no influence from said companies but was duty bound to regulate and fix the prices charged by them. This was little more than indirect bribery and a betrayal of trust showing Smith to be unfitted for a seat in the Senate.

As Weller voted to white-wash Newberry for the corrupt use of money in elections, if he is elected, notwithstanding he is absent on most matters of interest to Maryland, judging from the past he will probably make it a point to be present when Smith's qualifications are voted on and thus as in the case of Newberry help to seat a man who has no regard for the fitness and propriety of the office nor the welfare of the people he serves. Mr. Tydings is on record as stating that if elected to the United States Senate he will vote against the seating of Smith who stooped to accept money from owners of companies he was supposed to regulate. A vote for Tydings is a vote for clean and honest government. A vote for Weller endorses his stand on the Newberry controversy and probably a vote for Smith notwithstanding the evidence brought out.

THE AMENDMENT

On the ticket to be voted on in November will b found a Constitutional Amendment which reads!

31-A. In addition to the authority granted to the Mayor and City Council, of Baltimore by the preceding section to pay to each of the Judges of the Supreme Bench the annual sum of five hundred dollars, authority is hereby given to said Mayor and City Council to pay to each of said Judges such further annual sum as an addition to their respective salaries as the Mayor and City Council of Baltimore shall from time to time deem right and proper, provided, that any such sum being once granted shall not be diminished during the continuance of said Judges in office.

This amendment merely grants Baltimore City the privilege of raising the pay of Judges in that city. The additional salaries are to be paid by the City of Baltimore and no additional money is to come from tax payers in other sections of the state.

Hon. Daniel C. Joseph, of the Baltimore Bar, and a member of the Maryland Legislator; and William D. Macmillan, Esq., of the Baltimore Bar are touring the counties of Maryland in the interest of this amendment. The entire Baltimore Bar are in favor of the amendment because at the present time the salaries of Baltimore Judges are so small that it is no inducement for able lawyers of that city to run for Judgeship. Men capable of holding these important offices can make at least three times the salaries by their private practice that are now paid judges.

As there is no additional expenses to the State or to the counties there should be no objection to granting Baltimore this privilege of increasing the efficiency of their legal department, therefore the counties should grant to Baltimore the privilege of increasing the salaries of their judges if the city desires to do so.

AUCTIONEER

I offer my services to the public as a personal and real estate auctioneer. JAMES H. LEE, Chestertown, Md. o2-tfPhone No. 238.
