SCHOOL CENSUS

Under the requirements of the Maryland Public School Law it is necessary to take the school census again this year. Monday, November 1st, 1926, has been set aside by the Board of Education, Maryland, for census taking in the schools of this county. It is hoped that parents and guardians throughout the county will so far as possible, arrange their affairs so they can stay home on that day and co-operate with the teachers in their efforts to record every child eighteen years of age or under.

Every child that is missed in the taking of this census will mean some loss to the county from the aid that the State gives Kent County through the census and attendance fund for the purpose of operating its public schools. This fund amounts approximately one-half of all the State aid funds the total of which last year was over forty-two thousand dollars. Two-thirds of the census and attendance fund is based on the number of children from five to eighteen years of age residing in the county. From this, the importance of recording every child can be seen very readily. Let us al do our part in helping the teachers to take an accurate census.

Will not those patrons who own automobiles or horses and carriages call up the teachers of their respective schools and offer to take them to the homes of the outlying districts?

LOUIS C. ROBINSON,
County Superintendent.

IN MEMORIAM

In loving remembrance of my dear sister, Gladys Hessey, who departed this life 8 years ago October 27, 1918.
Just a thought of sweet remembrance,
Just a memory fond and true,
Just a token of affection,
And a heartache still for you.
Just a sigh for the olden moments,
Just a smile of love anew,
Just a tear in silence falling,
And a yearning just for you.
