An Amethyst For February

Those born in February should wear an amethyst, the stone dedicated to the bishops, and, curiously enough, to the heathen Bacchus as well. One of the pretty legends attached to this stone says the god Bacchus, offended by some neglect of Diana, was determined to avenge himself and declared that the first person whom he met would be devoured by his tigers. Fate willed it that the beautiful maiden called Amethyst was on her way to worship at Diana's shrine. In fear, she called to Diana to save her, and instantly Bacchus saw her changed into an image of pure white stone. With regret and repentance, Bacchus poured the juice of the grape as a libation over the stone, thus giving it a beautiful violet color.

If February is your birth month wear an Amethyst.

Watts, Long Branch, said: "For 2 years I suffered with complicated stomach troubles. Goff's was recommended. Goff's Bitters is absolutely the best medicine on earth."
