How Thick is A Dolar BILL?

NOT very thick—is it? Yet by the thickness of the dollar bill they failed to bank, thousands of people have just missed success. The dollar bill in a bank account here is thick enough to support a man from disaster.

SUBSTITUTE BOOBY OWL FOR DIAMOND BACKS

Two wise old booby owls from an arboreal haunt near Easton played substitutes for Diamond Back terrapins at a lavish rich man's spread in Baltimore recently. Whether they got away with culinary honors, is not known. Incidentally, here is how it happened:

A few days ago, William Mansfield received a special delivery order from a Baltimorean for a piar of choice terrapins. Mansfield scoured the marshes, but the terrapins were scarce and the hunt proved futile. Finally, William sought the advice of a local colored sage. He received the tip: "Send 'em 'booby' owls. You can't tell the difference."

"Booby owls," the master of deception explained, were the local table substitute for the famous terrapins.

So Mansfield created a brace of the birds and forwarded them with explanations.

ICE BOX BISCUITS

There has been a lot of talk the last few years about whether baking powder ought to "act" in cold water ornot. Some say it should, if it's good baking powder, and others say it shouldn't.

Mr. Simpkins, the Snow King representative in this territory, argues this way:

"Dou you bake biscuits in an ice box or i nan oven? If you bake them in an ice box, then you've got to have baking powder that will act in cold water. But if you bake them in an oven, you want baking powder that will wait for the oven heat before it will act."

"If it acts while the dough is being mixed, or while it is standing, then just that much of its leavening powder is wasted when you do put it in the oven."

"Which is better—a gun that shoots when you pull the trigger or one that goes off half-cocked before you get your sights set?"

WANTED

Position on farm as an all-round utility man, milker or tractor man. Apply to EARLE BLACKISTON, Kennedyville, No. 2 f19

MILLER BROTHERS COMPANY

The Peninsula's Leading Furniture Center

Ninth & King Sts. Wilmington, Del.

ANYWHERE TO ANYWHERE—BY TELEPHONE

TO SAVE YOUR TIME—

Place Your Out-of-Town Calls by Number!

HAVE you noticed that the long distance operator has been completing many of your out-of-town calls while you held the line?

We can give you this almost as fast as local service when you know the number of the distant telephone. It makes no difference whether you call "anyone" or a particular person at an out-of-town telephone; in either case you'll get an extra-rapid service if you can give the number.

Suppose you don't know the number—

We'll complete the connection and tell you the number at the time. But to save your time we suggest that you make a list of the names and addresses of all the persons or firms whom you are apt to call. Mail it to our Business Office and we will promptly supply you with their numbers.

A Word of Explanation—There are two kinds of long distance calls: *Station-to-station* and *Person-to-person*. On a station-to-station call we connect you with the out-of-town number just as we do on a local call. On a person-to-person call we connect you with the particular person desired at the distant telephone; these calls take about 25 per cent higher rate.

THE CHESAPEAKE AND POTOMAC TELEPHONE CO.

You are cordially invited to attend

CADILLAC

Spring Salon

MARCH 7th to 12th

Evenings until 10 o'clock

The Cadillac cars in this brilliant exhibition will be representative of the fifty custom-built and standard automobiles, in 500 different color combinations, which constitute the great new Cadillac line.

At the Spring Salon Will Be Shown for the First Time the

La Salle

Companion-Car to Cadillac

The new car is Cadillac's response to the demand for a car of Cadillac calibre to fill a slightly varying field of usefulness. The La Salle is a rarely beautiful car of most brilliant performance—companion-car in every sense of the word to the Cadillac.
