Now You Can Wax-Polish All Your Floors and Linoleum

" Easily—Electrically—ten times faster than by hand "

Gleaming waxed floors are no longer a luxury—NOW you can have their radiant glow in every room. The new Johnson's Wax Electric Treatment makes WAX the most economical of floor finishes. This treatment takes only a few minutes—there is no hard work—no stooping or kneeling—no messy rags and pails. It won't soil or roughen you hands! And it saves you all the bother and expense of frequent refinishing.

This Johnson's Wax Electric Treatment is so easy anyone can use it. Just spread on a thin coat of Johnson's Polishing Wax with a Lamb's wool Mop. This cleans as it waxes. Then run the Johnson Electric Polisher over the floor and let ELECTRICITY do all the work. This Electric Floor Polisher is much easier to run than a vacuum cleaner—it glides along silently, smoothly, leaving a path of beauty behind it. You don't need to push the Johnson Electric Floor Polisher.

It makes no difference whether the floors are old or new—of wood, linoleum, tile or composition. Nor how they are finished — with varnish, shellac, wax or paint.

You can rent this Electric Floor Polisher for $2.00 a day and in just a short time give all your floors and linoleums this beautifying wax treatment.

BETTERTON NOTES

Mrs. Emma Hughes and daughter of Washington, are visiting the sister of the former, Mrs. Arthur Emerson.

Sympathy is extended to the sons and relatives of the late Mrs. Octavia Bowman who passed away last Wednesday night after a lingering illness. Mrs. Bowman was one of the oldest and most respected residents of this place.

A birthday social was held at the M. E. Church on Monday evening. A very good program was rendered after which refreshments were served.

Mrs. Littleton Crew and son, Littleton, Dr. Dora Green and Miss Evelyn Brice visited Chesapeake City last Sunday.

IS YOUR BREATH BAD?

A few drops of Goff's Bitters before eating settles your stomach, which is the cause of bad breath. Goff's Bitters give immediate relief for gas, heartburn, pressing on stomach, and bad taste in mouth. From Mr. Amos A. Williamson, Asbury Park: "I had been suffering for 15 years with indigestion; dyspepsia and constipation, but did not find anything that would give me any ease at all until I began using GOFF'S HERB BITTERS."

This modern age discriminates —and smokes Camels

THIS age is the hardest to satisfy—it's the most discriminating age ever known. That's why it goes to Camel for cigarette enjoyment. It takes real tobacco to satisfy modern smokers and Camels are made of the choicest tobaccos grown, marvelously blended. Smokers of today are right in demanding Camels; no better cigarettes are made, regardless of price.

To seek a real smoke is to find Camel — the choice of the modern world. Camels are a revelation of goodness, *always* mellow, smooth and mild. This age shows the way to smoke contentment—

"Have a Camel!"

for Modern Streets

THINK of the traffic in your town twenty years ago. Not much of a problem then, was it? But today! Times have changed and the streets of yesterday are as obsolete as a 1907 motor car. Now streets must be specially designed for durability, safety and uninterrupted use

Resilience is built into the modern vehicle. Its roadway must be rigid, maintaining an even surface under impact, wear and temperature. The concrete street meets these requirements perfectly—and it is the safest pavement wet or dry.

The Portland Cement Association is a national organization to improve and extend the uses of concrete, with offices in 31 cities.
