SHE WENT FROM BAD TO WORSE

Down to 98 Pounds — Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound

Cleveland, Ohio.—"After having my first baby, I lost weight, no matter what I did. Then a doctor told me I would be better if I had another baby, which I did. But I got worse, was always sickly and went down to 98 pounds. My neighbor told me about Lydia E. Pinkham's Vegetable Compound, as it helped her very much, so I tried it. After taking four bottles, I weigh 116 pounds. It has just done wonders for me and I can do my housework now without one bit of trouble."—MRS. M. RIESSINGER, 10004 Nelson Ave., Cleveland, Ohio.

If some good fairy should appear, and offer to grant your heart's desire, what would you choose? Wealth? Happiness?

Health? That's the best gift. Health is riches that gold cannot buy and surely health is cause enough for happiness.

Lydia E. Pinkham's Vegetable Compound may be the good fairy who offers you better health.

SMILED FOR MILES

MISS EDNA HORNER

This charming little lady had the distinction of being the first girl in the world to have her voice and her smile carried to a city 250 miles away. Miss Horner is an instructress in the Long Distance School of the Chesapeake & Potomac Telephone Company at Washington, D. C., and she was selected to take part in the first public demonstration of Television, "Distant Seeing," a development of the Bell Telephone Laboratories. Seated at the telephone in Washington she greeted a large number of guests gathered at the Bell Laboratories at New York with her cheery voice and pleasing personality.

TELEPHONE MESSAGE SAVES FLIER'S LIFE

A telephone call from a woman and landing lights probably saved O. H. Krieder, of Hagerstown, Md., an airplane manufacturer and a passenger in a plane en route from Cleveland to Hagerstown from death or injury, according to an Associated Press Dispatch of recent date.

An unidentified woman called the Bettis Flying Field at Pittsburgh and said an airplane circling about was in all probability lost. The field lights recently installed were turned on and the plane landed safely. The occupants had become lost in the darkness and could not find the landing field.

TELEPHONE REPAIRMEN IDENTIFIED BY BADGE

Realizing that people can be imposed on by admitting unauthorized persons into their home or places of business with the understanding that they have come to "inspect" certain equipment, such as telephones, electric lights, or radio apparatus, the telephone company has supplied its employees who perform this class of work with distinctive metal badges. Each badge has a serial number which the employee will be glad to show upon request as a means of identification.

If there is any question on the part of the business man or the lady in the home, it is only necessary to secure the workman's name and badge number, telephone the manager's office, and the repairman's identity will be checked in a few minutes. In this way there will be no doubt in anyone's mind as to "who's who and why," officials of the Chesapeake and Potomac Telephone Company state.

Facts About The Telephone

The total Bell System payroll for one month (June, 1927) was $35,827,000.

The total investment in telephone plant and equipment in the United States on June 30, 1927 was $3,430,000,000.

The telephone wire mileage in the United States on June 30 1927, totaled 30,940,000 miles. Of this mileage, 7,311,000 was toll and 53,629,000 was exchange circuits.

During the past ten years there has been a gain of 45 per cent in the number of telephones in the State of West Virginia. During the same period the increase in population in the State has been only about 17 per cent.

Desert Cannibalism

A teacher in Indiana told her primary class about the life of the desert children; their games, clothing, food, etc. One article of food they had for dinner was roast kid. The next day she asked class members to tell what they had learned about the children of the desert. The first hand raised was not that of a red-headed boy on the back seat but the bright-eyed boy with raven locks, sitting near the front who proudly answered, "They had roasted boy for dinner."

Junior Red Cross Army of 6,000,000 in Schools

Members of the Junior Red Cross proved a new capacity for service during the Mississippi flood, according to reports to Red Cross National Headquarters covering their work.

This group of enthusiastic school children responded spontaneously and generously to the needs of the flood victims. An indication of the importance of this help is contained in the report that Juniors in Boston alone contributed $7,500 to the relief fund.

Junior Red Cross members shared in reconstruction work in the Midwest tornado several years ago, after the Florida storm, and are in the post-flood operations of the Red Cross among the people in the Mississippi Valley.

Junior Red Cross has 5,822,757 members, an increase of 273,329 in the last year.

More than a million of the Junior Red Cross membership is distributed in the Philippines, Hawaii, Guam, Porto Rico, the Virgin Islands, and Alaska, and includes Indian and Eskimo children. Through the medium of the Junior Red Cross in the United States, and similar groups abroad, children all over the world are being brought into closer understanding by international correspondence carried on by classes in the schools.

The Juniors at present have nearly twice the membership of the senior organization, but in the forthcoming membership enrollment of the Red Cross, from November 11 to 24, the goal of the adult membership is 5,000,000.

Foreign Calls for Help Answered by Red Cross

Despite the unusual requirements of relief in 77 disasters within the United States, the people of the country, through the American Red Cross, extended relief to sufferers in 20 disasters in foreign lands.

These included hurricanes in the West Indies, desolating portions of Cuba, Santo Domingo, Porto Rico, the Isle of Pines, the Bahamas, and other islands in the group; fires in Haiti and Porto Rico, floods in Mexico and Jugoslavia, earthquakes in Japan, the Azores Islands, Armenia and Albania, and refugee relief operations in Bulgaria, Syria, and China.

During the Eleventh Annual Roll Call, November 11 to 24, the American Red Cross will seek a membership of 5,000,000 to keep its disaster relief and other services constantly ready for any call.

WISE, HELPFUL BIBLE THOUGHTS

It has been said that there are only four or five suicides recorded in the Bible. The first is found in Judges 16:30. Samson caused his own death. He was a judge of Israel for twenty years.

Saul, the king of Israel, was wounded in battle, "Therefore Saul took a sword, and fell upon it." (1 Samuel 31: 3,4.) Saul had visited the witch of Endor, and had disobeyed commands to avoid those who worked by witchcraft. "So Saul died for his transgression, and also for asking counsel of one that had a familiar spirit." (1 Chronicles 10:-13, 14.)

Ahithophel hanged himself because he was disappointed in his ambitions. He held the important position of a king's counselor. When his counsel was rejected, he took his own life. (2 Samuel 17: 23.)

Judas, the betrayer of Jesus, also put an end to his life by hanging himself. (Matthew 27: 5.)

There is hope for the would-be suicides if they can be persuaded to abandon the idea of ending their lives. Paul, the apostle, said to one who was tempted to kill himself with a sword; "Do thyself no harm." God sends this message to every soul who may be tempted to seek an escape from trouble. "There is always a way of deliverance in every trial." (1 Cor. 10: 13. Psalms 50: 14, 15.) Acts 16: 27, 28.

In Matthew, the fourth chapter, we read that the devil tempted Jesus, the Saviour of the world, to cast himself down from the pinnacle of the temple, but Jesus said to him, "It is written: Thou shalt not tempt the Lord thy God."

When one is overworked and nervous or is sick, it pays to rest and keep quiet. Often the distressed mind would gain courage and hope from such a course. "In returning and rest shall ye be saved; in quietness and confidence shall be your strength." (Isa. 30: 15fl)

Peace of mind may be secured if we observe the following text: Philippians 4: 6, 7. Be careful for nothing; but in everything by prayer and supplication with thanksgiving let your requests be made known unto God.

And the peace of God, which passeth all understanding; shall keep your minds and hearts through Christ Jesus.

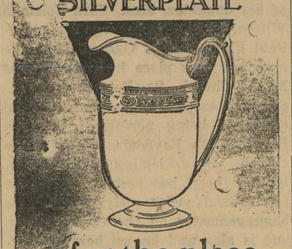
Diet for Mentally Ill

Because mental illness is a disorder of the entire individual and not merely of the mind, the diet should be prescribed with the same care concerning proper balance and vitamine content as in physical illness, declares Dr. L. D. Hubbard in Hygeia Magazine. Mental defectives, even idiots, do not appear to suffer greatly from dietary errors.

INTERNATIONAL SILVERPLATE



—for the place of honor in the dining-room

TODAY, as always, fine silverplate holds the place of honor in the dining-room. In the variety of pieces and patterns of International Silverplate, which we are now displaying, you will find just the things to suit your fancy, and to harmonize with your belongings.

International Silverplate is as serviceable as it is good-looking. The initial cost is reasonable, and it is literally yours for a lifetime. It offers many interesting gift suggestions. . . .

ON BEING PUNCTUAL

If you cannot always be right, you can always be punctual. Of all the virtues none is so popular as punctuality. Of all human traits the most most unpopular is habitual tradiness Should some one take exceptions to such an application of the expression "human traits," let it be said that few in number are the religiously punctual.

bTe man has not lived who has not been late. True, there are many who observe the strictest rules of punctuality, but the great mass of men, women and children are more often late than on time or early. This is doubly significant because conceded by all that it is as easy to be early as late, and much more satisfying.

THE LOWEST PRICED SEDAN in DODGE BROTHERS HISTORY

America loves speed and here is her *fastest* Four.

America loves luxury and here is her *finest* Four.

America, when she starts, likes to start like a rocket and here is a car that asks but 7 seconds, through gears, to register 25 miles per hour.

Above all, America admires smartness, when value is not sacrificed to achieve it, and here style and stamina bid equally for your faith and favor.

A sturdy car, commodious yet compact, built from bumper to bumper the good Dodge way.

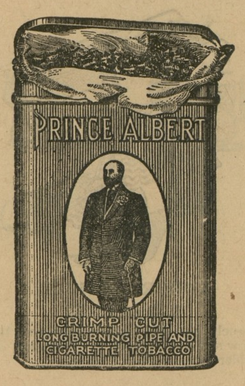
Built for comfort, what I mean!

COMFORT and lots *of* it. I'm talking about Prince Albert, Gentlemen, the National Joy Smoke. Why, there's friendliness in the very *aroma* of P. A., as you open the tidy red tin. Some fragrance it *is*, too.

The first pull on a pipe packed with P. A. tells you the taste is equally friendly. Cool and long-burning. Sweet as grape-clusters, hanging on the vine. Mild as arctic sunshine, yet with plenty of good, rich tobacco-body to let you know you're smoking. So mild, in fact, that you can load-up and light-up from breakfast to bedtime.

Now, I'm not one to mix in on other people's affairs. But this pipe-thing is different, somehow. I can't resist tipping you off to what I consider the greatest pipe-tobacco in the world. Get some P. A. now and get some of this comfort I've been telling you about.



Quality and quantity both — TWO *full ounces in every tin.*

PRINCE ALBERT

—no other tobacco is like it!
