Kent News

SATURDAY, DECEMBER 10, 1927

The Board of Review of Assessments has finished the first district and started on the fifth. There were not more than a dozen persons who appeared before the Board.

Arrangements have been completed for the annual meeting of the Peninsula Horticultural Society to be held in the Globe Theatre, Berlin, Md., on December 15 and 16.

State Conservation Commissioner Swepson Earle delivered an address at the weekly student assembly in William Smith Hall, Washington College, Thursday morning, a number of town residents being in the audience.

AN EARLY SNOW STORM

Kent county and the Eastern Shore was visited Sunday with a North Easter which caused considerable damage.

A mass of twisted and broken wire and fallen telephone and telegraph poles confronted a force of men who Monday sought to restore service along the Eastern Shore following the storm. Clearing the poles and wire from the highways so that traffic could get through delayed to a great extent the restoration of wire service and even by nightfall direct telephone communication between Baltimore and the Shore still was cut off.

From Centreville to Cambridge telephone company workmen estimated that about 500 poles were down. Those that had fallen across the road were ordered cleared first and traffic could get through by the middle of the morning, although in many places it was one-way traffic.

Kent county roads were soon cleaned and travel was but little interferred with.

The mercury registered 15 degrees yetserday morning.

NO TAX EXEMPTION FOR AUTO OWNERS

At a meeting of the County Commissioners' Association of the nine counties on the Eastern Shore of Maryland held in the Court House at Easton Monday in reference to the issuing of automobile licenses and tags, went on record by the passing of the following resolution so as to be able to get the taxes from all owners of automobiles in the different counties:

"Resolved, that the State Automobile Commissioner be requested in the future to send out all tags without any tax exemption whatever, and that all cards be required to be stamped by the county treasurer of the respective counties before tags and titles are issued to applicants."

Owing to the bad weather, Dr. A. P. Herring, of the Board of State Mental Hygiene, who was to meet the association and discuss the subject of an Eastern Shore almshouse for the nine counties in some central part of the Shore for the care of its poor, was unable to be present. He will be asked to meet the commissioners at their next meeting to be held in Cambridge, April 3, 1928. The following counties were represented: Queen Anne's, Somerset, Wicomico, Dorchester and Talbot. Mr. John Baker, of East New Market, president of the association presided at the meeting.
