Kent News

SATURDAY, JANUARY 14, 1928

During 1928 it is said to be admissable for the girls to make proposals of marriage. Just how much they will vary from their usual custom of getting a fellow into a corner where he has to propose, is not fully clear.

GUNNER SHOOTS AT BUNNY; FINDS $10.00

J. Bran Boyd, of Havre de Grace probably heard when he was a small boy that bunny rabbits laid eggs about Easter time, but since he has grown into manhoood, and occasionally goes gunning, a rabbit meant nothing more to him than something to shoot at and later, put into a pie or stew.

However, while he was gunning the other day he blazed away at a bunny that probably stirred up his Easter memories of boyhood. It was a pine thicket near Conowingo and he wasn't sure wether he had killed the rabbit. When he went to the spot where he had seen it sitting, he found a $10 bill.

Boyd doesn't believe in Mother Goose rhymes any more, but he has plenty of faith in a $10.00 bill whether it was laid by a rabbit or shoved from a bank teller's window.

PROF HOLLOWAY SPEAKS HERE

Declaring that two and one-half times as much money is spent for chewing gum in the United States as is expended in the training of teachers and that five times the amount applied to higher education was spent last year for ice cream, Wm. J. Holloway, principal of the Maryland State Normal School at Salisbury, addressed the weekly assembly of Washington College faculty and students in Smith Hall here last week.

The Eastern Shore educator also said that twice as much is spent for cigarettes as is spent for the salaries of all the elementary and secondary public school teachers in the country and that twelve and one-half times as much is expended for food luxuries as for teachers' salaries in this country. Face powder and cosmetics generally, he said, addressing the women students, cost this country as much as the entire high and elementary schools of the nation. There was last year spent more for tobacco in all its forms as was spent for higher education in this country since Harvard College was founded in 1638.

The Shore school head said that the uneducated man or woman in this country has an estimated chance of only one in 150,000 of succeeding in life, while the college graduate has 900 times that chance and the High schol graduate, 100 times as much opportunity to make his way.

Pleading for a widening of the influence of the small college, the normal school head said that college prevents the individual from being merely a cog in the machine and fits him for happiness, success and leadership through increased efficiency and stamina to breast the rough spots in life after college.

The speaker made a strong plea for the teaching profession declaring that no line of work offers more satisfaction and dignity in position while the world is crying for more and better trained teachers in all fields. In Maryland there is an unusual opportunity for the good teacher, he said and the demand will grow greater rather than less, as time passes.

Legal Phrase

The word "novation" is from the Latin word meaning "new," and its use in legal phraseology means a substitution of a new obligation, indebtedness, creditor, etc., for an existing one.

S. Scott Beck, Attorney.

ORDER NISI

S. Scott Beck, Assignee
versus
William Hignut
In the Circuit Court for Kent County.
In Equity, No. 2496.

Ordered, this 7th day of January, 1928, by the Circuit Court for Kent County in Equity, that the sale of the Personal Property mentioned in these proceedings made and reported by S. Scott Beck, assignee under and by virtue of the prower of sale in two Chattel Mortgages from Wm. Hignut to H. D. Orem and Son, one dated Nov. 15, 1926, and the other dated Aug. 27, 1927, and both duly assigned to S. Scott Beck, be ratified and confirmed, unless cause to the contrary be shown on or before the 15th day of February next; provided, a copy of this Order be inserted in some newspaper printed and published in Kent county, once in each of two successive weeks before the 30th day of January next.

The Report states the amount of sales to be $188.75.

Don't forget your rubbers!

—and don't wait till you're *caught in a storm* before you buy them. Shoes built for style and indoors need rubbers or galoshes in bad weather. Only rubber footwear will keep your feet warm and dry, and shoes and stockings dry and clean when the ground is wet. When you buy, look for the *Red Ball Trade Mark*. Then you will have rubbers that fit well, look well, and give you *More Days Wear*.

5 % Interest on Farm Loans

Since the 5 Per Cent interest rate for farm loans became effective, the Kent and Queen Anne National Farm Loan Association has received applications for loans totaling $73,000, showing the increasing popularity of this cooperative means of securing money.

If you are carrying a 6 per cent mortgage on your farm, which never grows less, why not transfer it to the Federal Land Bank and get the benefit of the 5 per cent interest rate, which reduces your mortgage principal every year.

If you desire to purchase a farm, the Federal Land Bank will finance the loan to the extent of 50 per cent of the purchase price at 5 per cent interest.

No better means of financing farm loans has ever been offered than that afforded by the Federal Land Bank.

Come in and let me talk the matter over with you.
