American Sentinel.

WESTMINSTER, MARYLAND.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

SATURDAY, MAY 19, 1888.

The *Carrolltonian* last week gave vent to its feelings against the SENTINEL by a series of bitter and personal attacks, which do not merit a reply from us. The SENTINEL is a Republican journal and holds the right to ask why any journal, claiming to be of the same political faith, should boost up a Democrat for a nomination. The SENTINEL is a Republican paper, stands up for its party, and is ready to do all in its power for its success. We are aware of the fact that one of the stockholders of the *Carrolltonian*, and an active worker in its behalf, has told certain persons in this county that the SENTINEL is a Democratic paper and that they should stop it and support the *Carrolltonian*. The reason is very apparent, as he is a stockholder. The attacks on other gentlemen who are accused of writing for the SENTINEL are also malicious. The *Carrolltonian* does not deny that it is a friend of Dr. Shaw, and that he is a stockholder.

We copy from our esteemed exchange, the Baltimore county *Union*, the following:

> The Westminster *Carrolltonian* is not pleased with what *The Union* said about its position on the Democratic contest in the Second Congressional district. Although a Republican paper, it does not hesitate to boost Dr. Shaw and declare at the same time that in the district "a nomination is equivalent to an election." We said, referring to this, that there was something behind the position of the *Carrolltonian* which, if it were known, would perhaps not be creditable to itself. Now the *Sentinel*, the rival Republican newspaper in the same town, says *The Union* was not "far from the truth," and adds that "Dr. Shaw is a stockholder in the 'Carrolltonian Company.'" So this is the milk in the *Carrolltonian's* cocoanut! We wondered why that paper got half the State laws to print—a job that is always given to one Democratic paper when there is but one in a county—and this is the explanation of it. Dr. Shaw is a part owner of the *Carrolltonian*, (if the *Sentinel* is correct) and through him it receives an equal division of the State pap.

The *Union* is in error about the State laws being published in the *Carrolltonian*, although that journal stated that it had been selected to do the work.

"Was it a Sham?"

Grover Cleveland, by the grace of the suppression of the Republican vote in the Gulf States, and false promises in the North, President of these United States, declared that public office was a public trust, and a President should hold office but one term. Many persons believe that Mr. Cleveland's ante-election promises and patriotic utterances were merely made for the sake of getting elected, and that his subsequent use of the political machinery of his office; his violation of his reform pledges; his exhibition of himself on all occasions, and his thinly-disguised election tours throughout the country, have all been with the end in view of obtaining the second term he distinctly said a President ought not to have. "If so," to quote our worthy cotemporary, the *Democratic Advocate*, under the above caption, "it is but another evidence of the man's duplicity of character, and proof positive of his utter unfitness for the high office. A man who could write such a letter, for such a purpose, is unfit to be trusted by the American people, in the high office of Executive of this great nation of sixty millions of inhabitants. It shows that he is tricky, not frank, open and disingenuous in character, and not such a man as should be made President."

A Democratic congressman from Indiana is authority for the opinion that the state is about lost to the Democrats.

The Sixth Congressional Prohibition Convention will be held in Frederick city on the 21st of July next.

The deadlock in the Tennessee Democratic Convention was broken by the renomination of Governor Taylor.

All along the Democratic line the watch-word goes: Put none but Free-traders on guard!

Political movements are lively in all sections, preparatory to the National and local conventions.

The Mugwumps no longer sit on the box and drive this Administration. They are merely hanging on behind the vehicle.

The President will not consent to any substitute for the Free-trade bill. This, we believe, is the first time the gentleman ever objected to a substitute.

Mr. Bayne, of Pennsylvania, in the course of debate on the Tariff question in the House, Saturday, charged that the Mills bill was written by an English free trader.

When a Republican congressman is counted out in one state it is an outrage on the Republicans in every other state. There ought to be a way to punish such offenses.

Democrat brother, how much of the record now being made by your party in congress could you be hired to exhibit as a side-show to some first-class circus this season?

William R. Morrison has written to leading party men in Illinois stating his desire to be the Democratic candidate for vice-president unless the nomination is claimed by Indiana.

Chauncey M. Depew, Ex-senator Thos. C. Platt, Ex-Senator Warner Miller and Senator Frank Hiscock are the delegates-at-large from New York to the Republican National Convention.

The serious and unsettled state of the tariff's prospects has struck a severe blow at the Bridesburg Manufacturing Company, engaged in the manufacturing of textile machinery, and it has been compelled to ask for a receiver.

If Henry George has any influence the Democratic nominee for vice-president will be Roger Q. Mills, of Texas. Mr. George can name a ticket which he will guarantee to suit the most exacting Free-trader in Europe.

Attention is called to the fact that the only two Republican Presidential candidates who were ever beaten were Fremont and Blaine, both of whom were Eastern men. Lincoln, Grant, Hayes and Garfield were all from the West, and yet in 1884 Blaine carried every Western state except Indiana.

The Free-traders simply, very simply, ask the American mechanic to consent to having his pay reduced to a level with that of his European competitor. The request seems to be based upon the theory that America is a vast charity institution for the benefit of foreign paupers.

Maryland Republicans.

The Republican State Convention of Maryland met at Easton Thursday for the purpose of electing four delegates-at large to the Chicago convention and of naming two Presidential electors. The gentlemen elected as delegates are Walter Brooks, General Adam E. King, State Senator Burchinal and David D. Dickson, all of them being staunch Republicans, whose selection will doubtless give satisfaction to the party throughout the state. It is to be noted that Mr. Dickson, one of the delegates, is colored, and in according this recognition to that formidable element in their party the Republican leaders have acted wisely and well.

GETTING TO WORK

Colonel Daniel E. Conklin, chairman of the state central committee, called the convention to order shortly after noon. He appointed as sergeant-at-arms two Baltimore men—Edwin E. Steuart, of the Second, and Samuel Davis, of the Eighteenth wards.

Dr. J. J. Weaver, Jr., of this county, was a member of the committee on credentials, and Harry M. Clabaugh, on resolutions. The delegates of the convention from this county were: Dr. J. J. Weaver, Jr., H. M. Clabaugh, George M. Prugh, J. G. Shunk, Granville S. Haines.

At congressional district conventions on May 9th district delegates to Chicago and district electors were chosen from this, the Second, Congressional district, as follows: Delegates, Wm. F. Warburton, of Cecil, Wm. M. Marine, of Harford; alternates, Chas W. Lee, Baltimore county, Isaac E. Pearson, Carroll. Elector, Samuel Roop, Carroll.

THE PLATFORM.

Hon. James A. Gary, of Howard county, as chairman of the committee on resolutions, then took the platform and read the platform drafted as follows:

The Republicans of Maryland, in convention assembled, reaffirm their devotion to the principles of the national Republican party, and declare:

First—That in the free-trade movement inaugurated by the Democratic party we recognize a renewed effort to aid foreign manufacturers to displace the products of American workmen with those of pauperized labor. We believe that the protective system, which has made this nation great and its people prosperous, is the best means for maintaining that greatness and prosperity, and denounce and oppose the unpatriotic assault upon the independence and prosperity of American workmen.

Second—That, recognizing the undesirability of a large surplus revenue, we favor the abolition of the internal taxes on tobacco and on alcohol used in the arts and sciences, and the modification of the duty on sugar; and we declare that, in justice to American interests involved, any necessary readjustment of the tariff should be made by its friends, and not by its enemies.

Third—That the open and flagrant violation of the true principles of civil service reform by the present administration merits the unsparing condemnation of all patriotic citizens and stamps the Democratic party as a self-confessed conspiracy for plunder and spoils.

Fourth—That we commend the course of the Republican Senate in the matter of pensioning the disabled veterans of the Union armies and those dependent on them. We urge the representatives of this state in the national convention to favor greater liberality in dealing with the just claims of these defenders of the Union.

Fifth—That the violation of the reform pledges made by the Democratic party in this state by the majority of the Legislature recently in session emphasizes the necessity for a change in the political administration of the state.

Sixth—That we approve the action of the Hon. Louis E. McComas, the Representative of the Sixth Congressional district of Maryland, and the other Republican members of Congress in opposing the Mills tariff bill, so called, and we urge them to persevere in defeating every device intended to place upon the statute book the free-trade theories of Mr. Cleveland's annual message.

Seventh—That without expressing any preference among the eminent Republicans mentioned for the Presidency, we hereby pledge the hearty support of the Republicans of Maryland to the nominees of the next National Republican Convention.

Resolved, By the Republicans of Maryland in convention assembled, that we are in favor of an unqualified franchise and equality of men before the law.

Arrearages of Pensions.

WASHINGTON, May 14.—Through its chairman, Representative Matson, the House Committee on Invalid Pensions to-day reported a bill proposing to remove the restriction upon the payment of arrearages of pensions in the case of claims filed before the passage of the bill. The bill authorizes the Secretary of the Interior to adjudicate all pension claims on account of disabilities, wounds or injuries, or on account of death because of disabilities, wounds or injuries incurred since the 4th of March, 1861, filed on and after the 1st of July, 1880, and up to the date of the passage of the bill, and to readjudicate all such claims as has been allowed or filed as aforesaid as if they had been filed prior to the 1st of July, 1880. The report accompanying the bill states that it is a substitute for a number of bills on the same subject, and that it provides for the payment of arrears of pensions to all who have applied up to the date of its passage, and since the 1st of July, 1880.

The report says: "There can be no question as to the fitness of this demand. If the soldier proves a disability incurred in the service and in the line of duty, he is entitled to be paid during the whole time of the disability, and any limitation upon that time is a practical repudiation of a just debt upon the part of a government well able to pay all it owes. And it is the worst form of repudiation, because it is against those who made it practicable for the government to pay any of its debts. We place this bill upon the ground that it is the only legislation upon the subject now practicable, not that it does full justice. It will be borne in mind, however, that it does not prohibit legislation hereafter that will put all pensioners upon an equality, but on the contrary, strengthens their claim to supplementary legislation that will give them arrears. We shall be able to submit estimates clearly approximating the cost of this legislation and for the present venture the assertion that it will not exceed $250,000,000, and suggest to the House in this connection that it affords the very best means of disbursing the present surplus, scattering it through all sections of the country and placing it in the hands of those who will at once put it in circulation, and the surplus accumulated under the present tariff will probably be sufficient to meet these just obligations of the government."

No damage was done.—*Banner of Liberty.*

In Memorium.

[From Elizabethtown (Pa.) CHRONICLE of April 26, 1888.]

Capt. J. C. Brubaker, a native of Lancaster county, died on Tuesday, the 17th inst., near Uniontown, Carroll county, Md., in his 47th year. The deceased was born in Upper Mt. Joy township, near Elizabethtown, and was raised on a farm. On attaining his manhood, he relinquished the quiet and peaceful pursuit of agricultural life, and embarked in the military service to fight the battles of his country. In 1862 he enlisted as 1st Sergeant of Co. B, 122 Reg. P. V., and after a short period of service in that capacity, he had won the affection and esteem of his comrades, who elected him unanimously to the Second Lieutenancy of the company, which rank he held at the expiration of the term of enlistment of the company.

At the battle of Chancellorsville, Va., he was temporarily in command of the company, and while leading his company in charge upon the enemy's works, he was severely wounded in the left arm. In 1863 he received a commission of First Lieutenant in a regiment of the regular army, which followed by a promotion to a Captaincy, and a detail on the staff of General Dewitt, of New York. Subsequently he was detailed on special duty, taking charge of Harper's Ferry, Va., and also the interests of the Freedman's Bureau in that part of the State. He was afterwards appointed by President Lincoln Collector of Internal Revenue at Mobile, Ala.

In 1868 he was united in marriage to Miss Lydia Roberts, daughter of the late Wm. Roberts, of Uniontown, Carroll county, Md., the Rev. Dr. Ward, of Westminster College, officiating.

His wife, three brothers and two sisters survive him: John H. Brubaker, of the Greenawalt House; A. H. Brubaker, Benson, Ill.; H. B. Brubaker, of Kansas; Mrs. Mary Nissley, of Mt. Joy township, and Miss Annie L. Brubaker, Omaha, Neb.

In politics the deceased was a staunch and uncompromising Republican, and for several years held the position of chairman of the Republican County Committee of Carroll county.

In 1875 he was a candidate for the Legislature from Carroll county, Md., and out of a vote of 6,000 he was defeated by only 100 votes.

The funeral services were conducted by Rev. Dr. Ward, of Westminster College, on last Friday, after which the remains were conveyed to the cemetery at Uniontown for interment.

Rather a strange coincidence in this narrative is that the Rev. Dr. Ward officiated at the wedding in 1868, and preached the funeral discourse of the deceased in 1888.

FERTILIZER

FOR

CORN and POTATOES

We have heard so many good things said about what our Fertilizer has done on Corn and Potatoes, that it has become quite a pleasure for us to recommend it for these crops. We want to keep it before the farmers that we have been for years, and are to-day, headquarters for cheap and good Fertilizers. Several years ago, while other houses were selling Fertilizer at $35 per ton, we had manufactured from our own formula a DISSOLVED RAW BONE PHOSPHATE that we sold for $25 per ton. That same goods, although material in the past year has advanced, we are now selling at

$23.00 PER TON,

AND OUR

Alkaline Bone at $18.00 Per Ton.

We invite everybody to come and examine the Analysis of our Fertilizer, which is stamped on each and every bag. We intend to continue to be headquarters on Fertilizer and all kinds of Guano, and in order to make a market for HAY and RYE STRAW we have added the packing of that to our business. You will find us headquarters on Hay and Rye Straw, as well as everything else in our line.

The season is late and we would suggest the use of 100 POUNDS OF OUR DISSOLVED RAW BONE PHOSPHATE ON CORN. If it makes a half barrel more Corn to the acre it pays for itself, and that is a small increase. It will be more apt to make three additional barrels of Corn to the acre.

As for POTATOES, everybody knows Fertilizer pays well there and our CHAMPION BONE is the goods to use.

☞ We make terms satisfactory, as we do everything else in our business.

☞ We solicit a call.

Very Respectfully,
N. I. GORSUCH & SON,
